An Act

To amend the Controlled Substances Act to direct the emergency scheduling of gamma hydroxybutyric acid, to provide for a national awareness campaign, and for other purposes.

Feb. 18, 2000
[H.R. 2130]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Hillory J. Farias and Samantha Reid Date-Rape Drug Prohibition Act of 2000”.

SEC. 2. FINDINGS.

Congress finds as follows:

(1) Gamma hydroxybutyric acid (also called G, Liquid X, Liquid Ecstasy, Grievous Bodily Harm, Georgia Home Boy, Scoop) has become a significant and growing problem in law enforcement. At least 20 States have scheduled such drug in their drug laws and law enforcement officials have been experiencing an increased presence of the drug in driving under the influence, sexual assault, and overdose cases especially at night clubs and parties.

(2) A behavioral depressant and a hypnotic, gamma hydroxybutyric acid (“GHB”) is being used in conjunction with alcohol and other drugs with detrimental effects in an increasing number of cases. It is difficult to isolate the impact of such drug’s ingestion since it is so typically taken with an ever-changing array of other drugs and especially alcohol which potentiates its impact.

(3) GHB takes the same path as alcohol, processes via alcohol dehydrogenase, and its symptoms at high levels of intake and as impact builds are comparable to alcohol ingestion/intoxication. Thus, aggression and violence can be expected in some individuals who use such drug.

(4) If taken for human consumption, common industrial chemicals such as gamma butyrolactone and 1,4-butanediol are swiftly converted by the body into GHB. Illicit use of these and other GHB analogues and precursor chemicals is a significant and growing law enforcement problem.

(5) A human pharmaceutical formulation of gamma hydroxybutyric acid is being developed as a treatment for cataplexy, a serious and debilitating disease. Cataplexy, which causes sudden and total loss of muscle control, affects about 65 percent of the estimated 180,000 Americans with narcolepsy, a sleep disorder. People with cataplexy often are unable to work, drive a car, hold their children or live a normal life.

(6) Abuse of illicit GHB is an imminent hazard to public safety that requires immediate regulatory action under the Controlled Substances Act (21 U.S.C. 801 et seq.).

**SEC. 3. EMERGENCY SCHEDULING OF GAMMA HYDROXYBUTYRIC ACID
AND LISTING OF GAMMA BUTYROLACTONE AS LIST I
CHEMICAL.**

21 USC 812 note.

(a) EMERGENCY SCHEDULING OF GHB.—

Deadline.

(1) IN GENERAL.—The Congress finds that the abuse of illicit gamma hydroxybutyric acid is an imminent hazard to the public safety. Accordingly, the Attorney General, notwithstanding sections 201(a), 201(b), 201(c), and 202 of the Controlled Substances Act, shall issue, not later than 60 days after the date of the enactment of this Act, a final order that schedules such drug (together with its salts, isomers, and salts of isomers) in the same schedule under section 202(c) of the Controlled Substances Act as would apply to a scheduling of a substance by the Attorney General under section 201(h)(1) of such Act (relating to imminent hazards to the public safety), except as follows:

(A) For purposes of any requirements that relate to the physical security of registered manufacturers and registered distributors, the final order shall treat such drug, when the drug is manufactured, distributed, or possessed in accordance with an exemption under section 505(i) of the Federal Food, Drug, and Cosmetic Act (whether the exemption involved is authorized before, on, or after the date of the enactment of this Act), as being in the same schedule as that recommended by the Secretary of Health and Human Services for the drug when the drug is the subject of an authorized investigational new drug application (relating to such section 505(i)). The recommendation referred to in the preceding sentence is contained in the first paragraph of the letter transmitted on May 19, 1999, by such Secretary (acting through the Assistant Secretary for Health) to the Attorney General (acting through the Deputy Administrator of the Drug Enforcement Administration), which letter was in response to the letter transmitted by the Attorney General (acting through such Deputy Administrator) on September 16, 1997. In publishing the final order in the Federal Register, the Attorney General shall publish a copy of the letter that was transmitted by the Secretary of Health and Human Services.

Federal Register,
publication.

(B) In the case of gamma hydroxybutyric acid that is contained in a drug product for which an application is approved under section 505 of the Federal Food, Drug, and Cosmetic Act (whether the application involved is approved before, on, or after the date of the enactment of this Act), the final order shall schedule such drug in the same schedule as that recommended by the Secretary of Health and Human Services for authorized formulations of the drug. The recommendation referred to in the preceding sentence is contained in the last sentence of the fourth paragraph of the letter referred to in subparagraph (A) with respect to May 19, 1999.

(2) FAILURE TO ISSUE ORDER.—If the final order is not issued within the period specified in paragraph (1), gamma

hydroxybutyric acid (together with its salts, isomers, and salts of isomers) is deemed to be scheduled under section 202(c) of the Controlled Substances Act in accordance with the policies described in paragraph (1), as if the Attorney General had issued a final order in accordance with such paragraph.

(b) ADDITIONAL PENALTIES RELATING TO GHB.—

(1) CONTROLLED SUBSTANCES ACT.—

(A) IN GENERAL.—Section 401(b)(1)(C) of the Controlled Substances Act (21 U.S.C. 841(b)(1)(C)) is amended in the first sentence by inserting after “schedule I or II,” the following: “gamma hydroxybutyric acid (including when scheduled as an approved drug product for purposes of section 3(a)(1)(B) of the Hillory J. Farias and Samantha Reid Date-Rape Drug Prohibition Act of 2000),”.

(B) CONFORMING AMENDMENT.—Section 401(b)(1)(D) of the Controlled Substances Act (21 U.S.C. 841(b)(1)(D)) is amended by striking “, or 30” and inserting “(other than gamma hydroxybutyric acid), or 30”.

(A) IN GENERAL.—Section 1010(b)(3) of the Controlled Substances Import and Export Act (21 U.S.C. 960(b)(3)) is amended in the first sentence by inserting after “I or II,” the following: “gamma hydroxybutyric acid (including when scheduled as an approved drug product for purposes of section 3(a)(1)(B) of the Hillory J. Farias and Samantha Reid Date-Rape Drug Prohibition Act of 2000),”.

(B) CONFORMING AMENDMENT.—Section 1010(b)(4) of the Controlled Substances Import and Export Act (21 U.S.C. 960(b)(4)) is amended by striking “flunitrazepam” and inserting the following: “flunitrazepam and except a violation involving gamma hydroxybutyric acid”.

(c) GAMMA BUTYROLACTONE AS ADDITIONAL LIST I CHEMICAL.—Section 102(34) of the Controlled Substances Act (21 U.S.C. 802(34)) is amended—

(1) by redesignating subparagraph (X) as subparagraph (Y); and

(2) by inserting after subparagraph (W) the following subparagraph:

“(X) Gamma butyrolactone.”.

SEC. 4. AUTHORITY FOR ADDITIONAL REPORTING REQUIREMENTS FOR GAMMA HYDROXYBUTYRIC PRODUCTS IN SCHEDULE III.

Section 307 of the Controlled Substances Act (21 U.S.C. 827) is amended by adding at the end the following:

“(h) In the case of a drug product containing gamma hydroxybutyric acid for which an application has been approved under section 505 of the Federal Food, Drug, and Cosmetic Act, the Attorney General may, in addition to any other requirements that apply under this section with respect to such a drug product, establish any of the following as reporting requirements:

“(3) That every person who is registered as a manufacturer of bulk or dosage form shall report all manufacturing transactions both inventory increases, including purchases, transfers, and returns, and reductions from inventory, including sales, transfers, theft, destruction, and seizure, and shall provide data on material manufactured, manufactured from other material, use in manufacturing other material, and use in manufacturing dosage forms.

“(4) That all reports under this section must include the registered person’s registration number as well as the registration numbers, names, and other identifying information of vendors, suppliers, and customers, sufficient to allow the Attorney General to track the receipt and distribution of the drug.

Public Law 106–174
106th Congress

An Act

Feb. 25, 2000
[S. 632]

To provide assistance for poison prevention and to stabilize the funding of regional poison control centers.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Poison Control
Center
Enhancement
and Awareness
Act.
42 USC 14801
note.
42 USC 14801.

SECTION 1. SHORT TITLE.

This Act may be cited as the “Poison Control Center Enhancement and Awareness Act”.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) Each year more than 2,000,000 poisonings are reported to poison control centers throughout the United States. More than 90 percent of these poisonings happen in the home. Fifty-three percent of poisoning victims are children younger than 6 years of age.

(2) Poison control centers are a valuable national resource that provide life-saving and cost-effective public health services. For every dollar spent on poison control centers, \$7 in medical costs are saved. The average cost of a poisoning exposure call is \$32, while the average cost if other parts of the medical system are involved is \$932. Over the last 2 decades, the instability and lack of funding has resulted in a steady decline in the number of poison control centers in the United States. Within just the last year, 2 poison control centers have been forced to close because of funding problems. A third poison control center is scheduled to close in April 1999. Currently, there are 73 such centers.

(3) Stabilizing the funding structure and increasing accessibility to poison control centers will increase the number of United States residents who have access to a certified poison control center, and reduce the inappropriate use of emergency medical services and other more costly health care services.

42 USC 14802.

SEC. 3. DEFINITION.

In this Act, the term “Secretary” means the Secretary of Health and Human Services.

42 USC 14803.

(c) **AUTHORIZATION OF APPROPRIATIONS.**—There is authorized to be appropriated to carry out this section, \$2,000,000 for each of the fiscal years 2000 through 2004. Funds appropriated under this subsection shall not be used to fund any toll-free phone number described in subsection (b).

SEC. 5. ESTABLISHMENT OF NATIONWIDE MEDIA CAMPAIGN.

42 USC 14804.

- (1) the center has been certified by a professional organization in the field of poison control, and the Secretary has approved the organization as having in effect standards for certification that reasonably provide for the protection of the public health with respect to poisoning; or

- (2) the center has been certified by a State government, and the Secretary has approved the State government as having in effect standards for certification that reasonably provide for the protection of the public health with respect to poisoning.

(d) **WAIVER OF CERTIFICATION REQUIREMENTS.**—

106th Congress

An Act

Mar. 17, 2000
[S. 376]

To amend the Communications Satellite Act of 1962 to promote competition and privatization in satellite communications, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Open-market
Reorganization
for the
Betterment of
International
Telecommunica-
tions Act.
47 USC 701 note.
47 USC 761 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the “Open-market Reorganization for the Betterment of International Telecommunications Act” or the “ORBIT Act”.

SEC. 2. PURPOSE.

It is the purpose of this Act to promote a fully competitive global market for satellite communication services for the benefit of consumers and providers of satellite services and equipment by fully privatizing the intergovernmental satellite organizations, INTELSAT and Inmarsat.

SEC. 3. REVISION OF COMMUNICATIONS SATELLITE ACT OF 1962.

The Communications Satellite Act of 1962 (47 U.S.C. 701) is amended by adding at the end the following new title:

**“TITLE VI—COMMUNICATIONS
COMPETITION AND PRIVATIZATION**

**“Subtitle A—Actions To Ensure Pro-
Competitive Privatization**

47 USC 761.

“SEC. 601. FEDERAL COMMUNICATIONS COMMISSION LICENSING.

“(a) LICENSING FOR SEPARATED ENTITIES.—

“(1) COMPETITION TEST.—The Commission may not issue a license or construction permit to any separated entity, or renew or permit the assignment or use of any such license or permit, or authorize the use by any entity subject to United States jurisdiction of any space segment owned, leased, or operated by any separated entity, unless the Commission determines that such issuance, renewal, assignment, or use will not harm competition in the telecommunications market of the United States. If the Commission does not make such a determination, it shall deny or revoke authority to use space segment owned, leased, or operated by the separated entity to provide services to, from, or within the United States.

“(2) CRITERIA FOR COMPETITION TEST.—In making the determination required by paragraph (1), the Commission shall use the licensing criteria in sections 621 and 623, and shall not make such a determination unless the Commission determines that the privatization of any separated entity is consistent with such criteria.

“(b) LICENSING FOR INTELSAT, INMARSAT, AND SUCCESSOR ENTITIES.—

“(1) COMPETITION TEST.—

“(A) IN GENERAL.—In considering the application of INTELSAT, Inmarsat, or their successor entities for a license or construction permit, or for the renewal or assignment or use of any such license or permit, or in considering the request of any entity subject to United States jurisdiction for authorization to use any space segment owned, leased, or operated by INTELSAT, Inmarsat, or their successor entities, to provide non-core services to, from, or within the United States, the Commission shall determine whether—

“(i) after April 1, 2001, in the case of INTELSAT and its successor entities, INTELSAT and any successor entities have been privatized in a manner that will harm competition in the telecommunications markets of the United States; or

“(ii) after April 1, 2000, in the case of Inmarsat and its successor entities, Inmarsat and any successor entities have been privatized in a manner that will harm competition in the telecommunications markets of the United States.

“(B) CONSEQUENCES OF DETERMINATION.—If the Commission determines that such competition will be harmed or that grant of such application or request for authority is not otherwise in the public interest, the Commission shall limit through conditions or deny such application or request, and limit or revoke previous authorizations to provide non-core services to, from, or within the United States. After due notice and opportunity for comment, the Commission shall apply the same limitations, restrictions, and conditions to all entities subject to United States jurisdiction using space segment owned, leased, or operated by INTELSAT, Inmarsat, or their successor entities.

Applicability.

“(C) NATIONAL SECURITY, LAW ENFORCEMENT, AND PUBLIC SAFETY.—The Commission shall not impose any limitation, condition, or restriction under subparagraph (B) in a manner that will, or is reasonably likely to, result in limitation, denial, or revocation of authority for non-core services that are used by and required for a national security agency or law enforcement department or agency of the United States, or used by and required for, and otherwise in the public interest, any other Department or Agency of the United States to protect the health and safety of the public. Such services may be obtained by the United States directly from INTELSAT, Inmarsat, or a successor entity, or indirectly through COMSAT, or authorized carriers or distributors of the successor entity.

“(D) RULE OF CONSTRUCTION.—Nothing in this subsection is intended to preclude the Commission from acting upon applications of INTELSAT, Inmarsat, or their successor entities prior to the latest date set out in section 621(5)(A), including such actions as may be necessary for the United States to become the licensing jurisdiction for INTELSAT, but the Commission shall condition a grant of authority pursuant to this subsection upon compliance with sections 621 and 622.

“(2) CRITERIA FOR COMPETITION TEST.—In making the determination required by paragraph (1), the Commission shall use the licensing criteria in sections 621, 622, and 624, and shall determine that competition in the telecommunications markets of the United States will be harmed unless the Commission finds that the privatization referred to in paragraph (1) is consistent with such criteria.

“(3) CLARIFICATION: COMPETITIVE SAFEGUARDS.—In making its licensing decisions under this subsection, the Commission shall consider whether users of non-core services provided by INTELSAT or Inmarsat or successor or separated entities are able to obtain non-core services from providers offering services other than through INTELSAT or Inmarsat or successor or separated entities, at competitive rates, terms, or conditions. Such consideration shall also include whether such licensing decisions would require users to replace equipment at substantial costs prior to the termination of its design life. In making its licensing decisions, the Commission shall also consider whether competitive alternatives in individual markets do not exist because they have been foreclosed due to anticompetitive actions undertaken by or resulting from the INTELSAT or Inmarsat systems. Such licensing decisions shall be made in a manner which facilitates achieving the purposes and goals in this title and shall be subject to notice and comment.

“(c) ADDITIONAL CONSIDERATIONS IN DETERMINATIONS.—In making its determinations and licensing decisions under subsections (a) and (b), the Commission shall construe such subsections in a manner consistent with the United States obligations and commitments for satellite services under the Fourth Protocol to the General Agreement on Trade in Services.

“(d) INDEPENDENT FACILITIES COMPETITION.—Nothing in this section shall be construed as precluding COMSAT from investing in or owning satellites or other facilities independent from INTELSAT and Inmarsat, and successor or separated entities, or from providing services through reselling capacity over the facilities of satellite systems independent from INTELSAT and Inmarsat, and successor or separated entities. This subsection shall not be construed as restricting the types of contracts which can be executed or services which may be provided by COMSAT over the independent satellites or facilities described in this subsection.

47 USC 761a.

“SEC. 602. INCENTIVES; LIMITATION ON EXPANSION PENDING PRIVATIZATION.

“(a) LIMITATION.—Until INTELSAT, Inmarsat, and their successor or separate entities are privatized in accordance with the requirements of this title, INTELSAT, Inmarsat, and their successor or separate entities, respectively, shall not be permitted to provide

additional services. The Commission shall take all necessary measures to implement this requirement, including denial by the Commission of licensing for such services.

“(b) ORBITAL LOCATION INCENTIVES.—Until such privatization is achieved, the United States shall oppose and decline to facilitate applications by such entities for new orbital locations to provide such services.

“Subtitle B—Federal Communications Commission Licensing Criteria: Privatization Criteria

“SEC. 621. GENERAL CRITERIA TO ENSURE A PRO-COMPETITIVE PRIVATIZATION OF INTELSAT AND INMARSAT. 47 USC 763.

“The President and the Commission shall secure a pro-competitive privatization of INTELSAT and Inmarsat that meets the criteria set forth in this section and sections 622 through 624. In securing such privatizations, the following criteria shall be applied as licensing criteria for purposes of subtitle A: President.

“(1) DATES FOR PRIVATIZATION.—Privatization shall be obtained in accordance with the criteria of this title of—

“(A) INTELSAT as soon as practicable, but no later than April 1, 2001; and

“(B) Inmarsat as soon as practicable, but no later than July 1, 2000.

“(2) INDEPENDENCE.—The privatized successor entities and separated entities of INTELSAT and Inmarsat shall operate as independent commercial entities, and have a pro-competitive ownership structure. The successor entities and separated entities of INTELSAT and Inmarsat shall conduct an initial public offering in accordance with paragraph (5) to achieve such independence. Such offering shall substantially dilute the aggregate ownership of such entities by such signatories or former signatories. In determining whether a public offering attains such substantial dilution, the Commission shall take into account the purposes and intent, privatization criteria, and other provisions of this title, as well as market conditions. No intergovernmental organization, including INTELSAT or Inmarsat, shall have—

“(A) an ownership interest in INTELSAT or the successor or separated entities of INTELSAT; or

“(B) more than minimal ownership interest in Inmarsat or the successor or separated entities of Inmarsat.

“(3) TERMINATION OF PRIVILEGES AND IMMUNITIES.—The preferential treatment of INTELSAT and Inmarsat shall not be extended to any successor entity or separated entity of INTELSAT or Inmarsat. Such preferential treatment includes—

“(A) privileged or immune treatment by national governments;

“(B) privileges or immunities or other competitive advantages of the type accorded INTELSAT and Inmarsat and their signatories through the terms and operation of the INTELSAT Agreement and the associated Headquarters Agreement and the Inmarsat Convention; and

“(C) preferential access to orbital locations.

Access to new, or renewal of access to, orbital locations shall be subject to the legal or regulatory processes of a national government that applies due diligence requirements intended to prevent the warehousing of orbital locations.

“(4) PREVENTION OF EXPANSION DURING TRANSITION.—During the transition period prior to privatization under this title, INTELSAT and Inmarsat shall be precluded from expanding into additional services.

“(5) CONVERSION TO STOCK CORPORATIONS.—Any successor entity or separated entity created out of INTELSAT or Inmarsat shall be a national corporation or similar accepted commercial structure, subject to the laws of the nation in which incorporated, as follows:

Deadlines.

“(A) An initial public offering of securities of any successor entity or separated entity—

“(i) shall be conducted, for the successor entities of INTELSAT, on or about October 1, 2001, except that the Commission may extend this deadline in consideration of market conditions and relevant business factors relating to the timing of an initial public offering, but such extensions shall not permit such offering to be conducted later than December 31, 2002; and

“(ii) shall be conducted, for the successor entities of Inmarsat, on or about October 1, 2000, except that the Commission may extend this deadline in consideration of market conditions and relevant business factors relating to the timing of an initial public offering, but to no later than December 31, 2001.

“(B) The shares of any successor entities and separated entities shall be listed for trading on one or more major stock exchanges with transparent and effective securities regulation.

“(C) A majority of the members of the board of directors of any successor entity or separated entity shall not be directors, employees, officers, or managers or otherwise serve as representatives of any signatory or former signatory. No member of the board of directors of any successor or separated entity shall be a director, employee, officer or manager of any intergovernmental organization remaining after the privatization.

“(D) Any successor entity or separated entity shall—

“(i) have a board of directors with a fiduciary obligation;

“(ii) have no officers or managers who (I) are officers or managers of any signatories or former signatories, or (II) have any direct financial interest in or financial relationship to any signatories or former signatories, except that such interest may be managed through a blind trust or similar mechanism;

“(iii) have no directors, officers, or managers who hold such positions in any intergovernmental organization; and

“(iv) in the case of a separated entity, have no officers or directors, who (I) are officers or managers of any intergovernmental organization, or (II) have any direct financial interest in or financial relationship

to any international organization, except that such interest may be managed through a blind trust or similar mechanism.

“(E) Any transactions or other relationships between or among any successor entity, separated entity, INTELSAT, or Inmarsat shall be conducted on an arm’s length basis.

“(6) REGULATORY TREATMENT.—Any successor entity or separated entity created after the date of enactment of this title shall apply through the appropriate national licensing authorities for international frequency assignments and associated orbital registrations for all satellites.

“(7) COMPETITION POLICIES IN DOMICILIARY COUNTRY.—Any successor entity or separated entity shall be subject to the jurisdiction of a nation or nations that—

“(A) have effective laws and regulations that secure competition in telecommunications services;

“(B) are signatories of the World Trade Organization Basic Telecommunications Services Agreement; and

“(C) have a schedule of commitments in such Agreement that includes non-discriminatory market access to their satellite markets.

“SEC. 622. SPECIFIC CRITERIA FOR INTELSAT.

47 USC 763a.

“In securing the privatizations required by section 621, the following additional criteria with respect to INTELSAT privatization shall be applied as licensing criteria for purposes of subtitle A:

“(1) TECHNICAL COORDINATION UNDER INTELSAT AGREEMENTS.—Technical coordination shall not be used to impair competition or competitors, and shall be conducted under International Telecommunication Union procedures and not under Article XIV(d) of the INTELSAT Agreement.

“SEC. 623. SPECIFIC CRITERIA FOR INTELSAT SEPARATED ENTITIES.

47 USC 763b.

In the case of a separated entity created before January 1, 1999, such public offering shall be conducted no later than July 1, 2000, except that the Commission may extend this deadline in consideration of market conditions and relevant business factors relating to the timing of an initial public offering, but such extensions shall not permit such offering to be conducted later than July 31, 2001.

“(2) INTERLOCKING DIRECTORATES OR EMPLOYEES.—None of the officers, directors, or employees of any separated entity shall be individuals who are officers, directors, or employees of INTELSAT.

“(3) SPECTRUM ASSIGNMENTS.—After the initial transfer which may accompany the creation of a separated entity, the portions of the electromagnetic spectrum assigned as of the date of enactment of this title to INTELSAT shall not be transferred between INTELSAT and any separated entity.

“(4) REAFFILIATION PROHIBITED.—Any merger or ownership or management ties or exclusive arrangements between a privatized INTELSAT or any successor entity and any separated entity shall be prohibited until 11 years after the completion of INTELSAT privatization under this title.

47 USC 763c.

“SEC. 624. SPECIFIC CRITERIA FOR INMARSAT.

“In securing the privatizations required by section 621, the following additional criteria with respect to Inmarsat privatization shall be applied as licensing criteria for purposes of subtitle A:

49 USC 40117
note.

(a) FINDINGS.—The Congress makes the following findings:

(1) Major airports must be available on a reasonable basis to all air carriers wishing to serve those airports.

(2) 15 large hub airports today are each dominated by one air carrier, with each such carrier controlling more than 50 percent of the traffic at the hub.

(3) The General Accounting Office has found that such levels of concentration lead to higher air fares.

(4) The United States Government must take every step necessary to reduce those levels of concentration.

(5) Consistent with air safety, spending at these airports must be directed at providing opportunities for carriers wishing to serve such facilities on a commercially viable basis.

(b) IN GENERAL.—Section 47106 is amended by adding at the end the following:

“(f) COMPETITION PLANS.—

“(1) PROHIBITION.—Beginning in fiscal year 2001, no passenger facility fee may be approved for a covered airport under section 40117 and no grant may be made under this subchapter for a covered airport unless the airport has submitted to the Secretary a written competition plan in accordance with this subsection.

“(2) CONTENTS.—A competition plan under this subsection shall include information on the availability of airport gates and related facilities, leasing and sub-leasing arrangements, gate-use requirements, patterns of air service, gate-assignment policy, financial constraints, airport controls over air- and ground-side capacity, whether the airport intends to build or acquire gates that would be used as common facilities, and airfare levels (as compiled by the Department of Transportation) compared to other large airports.

“(3) COVERED AIRPORT DEFINED.—In this subsection, the term ‘covered airport’ means a commercial service airport—

“(A) that has more than .25 percent of the total number of passenger boardings each year at all such airports; and

“(B) at which one or two air carriers control more than 50 percent of the passenger boardings.”.

“(k) COMPETITION PLANS.—

“(1) IN GENERAL.—Beginning in fiscal year 2001, no eligible agency may impose a passenger facility fee under this section with respect to a covered airport (as such term is defined in section 47106(f)) unless the agency has submitted to the

Secretary a written competition plan in accordance with such section. This subsection does not apply to passenger facility fees in effect before the date of the enactment of this subsection.

“(B) a margin of safety of at least the same level as provided by the collision avoidance system known as TCAS-II.”.

SEC. 503. LANDFILLS INTERFERING WITH AIR COMMERCE.

(a) FINDINGS.—Congress finds that—

(1) collisions between aircraft and birds have resulted in fatal accidents;

(2) bird strikes pose a special danger to smaller aircraft;

(3) landfills near airports pose a potential hazard to aircraft operating there because they attract birds;

(4) even if the landfill is not located in the approach path of the airport’s runway, it still poses a hazard because of the birds’ ability to fly away from the landfill and into the path of oncoming planes;

(5) while certain mileage limits have the potential to be arbitrary, keeping landfills at least 6 miles away from an airport, especially an airport served by small planes, is an appropriate minimum requirement for aviation safety; and

(6) closure of existing landfills (due to concerns about aviation safety) should be avoided because of the likely disruption to those who use and depend on such landfills.

(b) LIMITATION ON CONSTRUCTION.—Section 44718(d) is amended to read as follows:

“(d) LIMITATION ON CONSTRUCTION OF LANDFILLS.—

“(1) IN GENERAL.—No person shall construct or establish a municipal solid waste landfill (as defined in section 258.2 of title 40, Code of Federal Regulations, as in effect on the date of the enactment of this subsection) that receives putrescible waste (as defined in section 257.3–8 of such title) within 6 miles of a public airport that has received grants under chapter 471 and is primarily served by general aviation aircraft and regularly scheduled flights of aircraft designed for 60 passengers or less unless the State aviation agency of the State in which the airport is located requests that the Administrator of the Federal Aviation Administration exempt the landfill from the application of this subsection and the Administrator determines that such exemption would have no adverse impact on aviation safety.

“(2) LIMITATION ON APPLICABILITY.—Paragraph (1) shall not apply in the State of Alaska and shall not apply to the construction, establishment, expansion, or modification of, or to any other activity undertaken with respect to, a municipal solid waste landfill if the construction or establishment of the landfill was commenced on or before the date of the enactment of this subsection.”.

(c) CIVIL PENALTY FOR VIOLATIONS OF LIMITATION ON CONSTRUCTION OF LANDFILLS.—Section 46301(a)(3) is amended—

(1) in subparagraph (A) by striking “or” at the end;

(2) in subparagraph (B) by striking the period at the end and inserting a semicolon; and

(3) by adding at the end the following:

49 USC 44718
note.

“(C) a violation of section 44718(d), relating to the limitation on construction or establishment of landfills;”.

SEC. 504. LIFE-LIMITED AIRCRAFT PARTS.

(a) IN GENERAL.—Chapter 447 is amended by adding at the end the following:

“§ 44725. Life-limited aircraft parts

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to require the safe disposition of life-limited parts removed from an aircraft. The rulemaking proceeding shall ensure that the disposition deter installation on an aircraft of a life-limited part that has reached or exceeded its life limits.

“(b) SAFE DISPOSITION.—For the purposes of this section, safe disposition includes any of the following methods:

“(1) The part may be segregated under circumstances that preclude its installation on an aircraft.

“(2) The part may be permanently marked to indicate its used life status.

“(3) The part may be destroyed in any manner calculated to prevent reinstallation in an aircraft.

“(4) The part may be marked, if practicable, to include the recordation of hours, cycles, or other airworthiness information. If the parts are marked with cycles or hours of usage, that information must be updated every time the part is removed from service or when the part is retired from service.

“(5) Any other method approved by the Administrator.

“(c) DEADLINES.—In conducting the rulemaking proceeding under subsection (a), the Administrator shall—

“(1) not later than 180 days after the date of the enactment of this section, issue a notice of proposed rulemaking; and

“(2) not later than 180 days after the close of the comment period on the proposed rule, issue a final rule.

“(d) PRIOR-REMOVED LIFE-LIMITED PARTS.—No rule issued under subsection (a) shall require the marking of parts removed from aircraft before the effective date of the rules issued under subsection (a), nor shall any such rule forbid the installation of an otherwise airworthy life-limited part.”.

(b) CIVIL PENALTY.—Section 46301(a)(3) (as amended by section 503(c) of this Act) is further amended by adding at the end the following:

“(D) a violation of section 44725, relating to the safe disposal of life-limited aircraft parts; or”.

“(b) REVOCATION OF CERTIFICATE.—

“(1) IN GENERAL.—Except as provided in subsections (f) and (g), the Administrator shall issue an order revoking a certificate issued under this chapter if the Administrator finds that the holder of the certificate or an individual who has a controlling or ownership interest in the holder—

“(ii) the conviction of the former holder or such individual of the violation on which the revocation was based is reversed.

“(1) a law enforcement official of the United States Government requests a waiver; and

“(2) the waiver will facilitate law enforcement efforts.

“(g) **AMENDMENT OF CERTIFICATE.**—If the holder of a certificate issued under this chapter is other than an individual and the Administrator finds that—

“(1) an individual who had a controlling or ownership interest in the holder committed a violation of a law for the violation of which a certificate may be revoked under this section or knowingly, and with intent to defraud, carried out or facilitated an activity punishable under such a law; and

“(2) the holder satisfies the requirements for the certificate without regard to that individual,

then the Administrator may amend the certificate to impose a limitation that the certificate will not be valid if that individual has a controlling or ownership interest in the holder. A decision by the Administrator under this subsection is not reviewable by the Board.”.

(2) expedite the appointment of the United States Ambassador to the World Radio Communication Conference.

SEC. 761. LAND EXCHANGES, FORT RICHARDSON AND ELMENDORF AIR FORCE BASE, ALASKA.

(a) CONVEYANCE AUTHORIZED.—The Secretary of the Interior and the Secretaries of the Army, Air Force, or such other military departments as may be necessary and appropriate may convey to the Alaska Railroad Corporation for purposes of track realignment all right, title, and interest of the United States in and to approximately 227 acres of land located on Fort Richardson and on Elmendorf Air Force Base, Alaska, in the vicinity of, and in exchange for all right, title, and interest of the Alaska Railroad Corporation in, approximately 229 acres of railroad right-of-way located between railroad mileposts 117 and 129.

(b) DESCRIPTION OF PROPERTY.—The exact acreage and legal description of the real property to be conveyed under subsection (a) shall be determined by surveys satisfactory to each Secretary. The cost of the surveys shall be borne by the Alaska Railroad Corporation.

(c) ADDITIONAL TERMS AND CONDITIONS.—Each Secretary may require as to the real property under his jurisdiction such additional terms and conditions in connection with the conveyances under subsection (a) as the Secretary considers appropriate to protect the interests of the United States. The interest conveyed by the Alaska Railroad Corporation to the United States under subsection (a) shall be the full title and interest received by the Corporation under the Alaska Railroad Transfer Act of 1982 (45 U.S.C. 1201 et seq.). The individual parcels of real property conveyed to the United States under this section shall be incorporated into the

appropriate land withdrawals for the military installation in which they are situated or which surround them. The interest conveyed to the Corporation by each Secretary under subsection (a) shall be subject to the same reservations and limitations under the Alaska Railroad Transfer Act of 1982 as are currently applicable to the right-of-way for which the land is being exchanged.

(d) SAVINGS CLAUSE.—Nothing in this section affects the duties, responsibilities, and liability of the Federal Government under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.) concerning any lands exchanged under this section.

SEC. 762. BILATERAL RELATIONSHIP.

(a) FINDINGS.—Congress makes the following findings:

(1) The current agreement between the United States and the United Kingdom for operating rights between the two countries, known as Bermuda II, is one of the most restrictive bilateral agreements the United States has with a developed aviation power that provides substantially greater opportunities and has resulted in a disproportionate market share in favor of United Kingdom carriers over United States carriers.

(2) The United States has attempted in good faith to negotiate a new bilateral agreement, but the United Kingdom has been unwilling to accept or introduce reasonable proposals for a new agreement.

(3) Because of the United Kingdom's unwillingness to accept reasonable proposals advanced by the United States, the latest rounds of negotiations between the United States and the United Kingdom for new operating rights have failed to produce an agreement between the two countries.

(4) The Secretary has the discretionary authority to revoke the exemption held by British carriers to operate the Concorde aircraft into the United States.

(b) CONSIDERATION OF EXERCISING AUTHORITY.—The Secretary should immediately consider whether exercise of his authority to revoke the Concorde exemption would be an appropriate and effective response to the present unsatisfactory situation.

(c) CONSIDERATION OF OTHER REMEDIES.—The Secretary should immediately consider whether it would be effective and appropriate to execute other remedies available to the United States Government, including—

(1) revoking all slots and slot exemptions held by British air carriers at all United States slot-restricted airports;

(2) rescinding current exemptions or permits under the Bermuda II bilateral to prohibit flights by British carriers to the United States; or

(3) renunciation of the current Bermuda II bilateral.

The operation specifications shall include such terms and conditions as the Administrator and the Director find necessary for management of commercial air tour operations over the park. The Administrator, in cooperation with the Director, shall develop an open competitive process for evaluating proposals from persons

interested in providing commercial air tour operations over the park. In making a selection from among various proposals submitted, the Administrator, in cooperation with the Director, shall consider relevant factors, including—

“(i) the safety record of the person submitting the proposal or pilots employed by the person;

“(ii) any quiet aircraft technology proposed to be used by the person submitting the proposal;

“(3) EXCEPTION.—Notwithstanding paragraph (1), commercial air tour operators may conduct commercial air tour operations over a national park under part 91 of the title 14, Code of Federal Regulations if—

“(A) such activity is permitted under part 119 of such title;

“(B) the operator secures a letter of agreement from the Administrator and the national park superintendent for that national park describing the conditions under which the operations will be conducted; and

(a) **IN GENERAL.**—Chapter 46 of title 18, United States Code, is amended by inserting after section 982 the following:

“§ 983. General rules for civil forfeiture proceedings

Deadlines.

“(a) **NOTICE; CLAIM; COMPLAINT.**—

“(1)(A)(i) Except as provided in clauses (ii) through (v), in any nonjudicial civil forfeiture proceeding under a civil forfeiture statute, with respect to which the Government is required to send written notice to interested parties, such notice shall be sent in a manner to achieve proper notice as soon as practicable, and in no case more than 60 days after the date of the seizure.

“(ii) No notice is required if, before the 60-day period expires, the Government files a civil judicial forfeiture action

against the property and provides notice of that action as required by law.

“(iii) If, before the 60-day period expires, the Government does not file a civil judicial forfeiture action, but does obtain a criminal indictment containing an allegation that the property is subject to forfeiture, the Government shall either—

“(I) send notice within the 60 days and continue the nonjudicial civil forfeiture proceeding under this section; or

“(II) terminate the nonjudicial civil forfeiture proceeding, and take the steps necessary to preserve its right to maintain custody of the property as provided in the applicable criminal forfeiture statute.

“(iv) In a case in which the property is seized by a State or local law enforcement agency and turned over to a Federal law enforcement agency for the purpose of forfeiture under Federal law, notice shall be sent not more than 90 days after the date of seizure by the State or local law enforcement agency.

“(v) If the identity or interest of a party is not determined until after the seizure or turnover but is determined before a declaration of forfeiture is entered, notice shall be sent to such interested party not later than 60 days after the determination by the Government of the identity of the party or the party's interest.

“(B) A supervisory official in the headquarters office of the seizing agency may extend the period for sending notice under subparagraph (A) for a period not to exceed 30 days (which period may not be further extended except by a court), if the official determines that the conditions in subparagraph (D) are present.

“(C) Upon motion by the Government, a court may extend the period for sending notice under subparagraph (A) for a period not to exceed 60 days, which period may be further extended by the court for 60-day periods, as necessary, if the court determines, based on a written certification of a supervisory official in the headquarters office of the seizing agency, that the conditions in subparagraph (D) are present.

“(D) The period for sending notice under this paragraph may be extended only if there is reason to believe that notice may have an adverse result, including—

“(i) endangering the life or physical safety of an individual;

“(ii) flight from prosecution;

“(iii) destruction of or tampering with evidence;

“(iv) intimidation of potential witnesses; or

“(v) otherwise seriously jeopardizing an investigation or unduly delaying a trial.

“(E) Each of the Federal seizing agencies conducting nonjudicial forfeitures under this section shall report periodically to the Committees on the Judiciary of the House of Representatives and the Senate the number of occasions when an extension of time is granted under subparagraph (B).

“(F) If the Government does not send notice of a seizure of property in accordance with subparagraph (A) to the person from whom the property was seized, and no extension of time is granted, the Government shall return the property to that person without prejudice to the right of the Government to

commence a forfeiture proceeding at a later time. The Government shall not be required to return contraband or other property that the person from whom the property was seized may not legally possess.

“(2)(A) Any person claiming property seized in a nonjudicial civil forfeiture proceeding under a civil forfeiture statute may file a claim with the appropriate official after the seizure.

“(B) A claim under subparagraph (A) may be filed not later than the deadline set forth in a personal notice letter (which deadline may be not earlier than 35 days after the date the letter is mailed), except that if that letter is not received, then a claim may be filed not later than 30 days after the date of final publication of notice of seizure.

“(C) A claim shall—

“(i) identify the specific property being claimed;

“(ii) state the claimant’s interest in such property (and provide customary documentary evidence of such interest if available) and state that the claim is not frivolous; and

“(iii) be made under oath, subject to penalty of perjury.

“(D) A claim need not be made in any particular form. Each Federal agency conducting nonjudicial forfeitures under this section shall make claim forms generally available on request, which forms shall be written in easily understandable language.

“(E) Any person may make a claim under subparagraph (A) without posting bond with respect to the property which is the subject of the claim.

“(3)(A) Not later than 90 days after a claim has been filed, the Government shall file a complaint for forfeiture in the manner set forth in the Supplemental Rules for Certain Admiralty and Maritime Claims or return the property pending the filing of a complaint, except that a court in the district in which the complaint will be filed may extend the period for filing a complaint for good cause shown or upon agreement of the parties.

Regulations.

“(B) If the Government does not—

“(i) file a complaint for forfeiture or return the property, in accordance with subparagraph (A); or

“(ii) before the time for filing a complaint has expired—

“(I) obtain a criminal indictment containing an allegation that the property is subject to forfeiture; and

“(II) take the steps necessary to preserve its right to maintain custody of the property as provided in the applicable criminal forfeiture statute,

the Government shall promptly release the property pursuant to regulations promulgated by the Attorney General, and may not take any further action to effect the civil forfeiture of such property in connection with the underlying offense.

“(C) In lieu of, or in addition to, filing a civil forfeiture complaint, the Government may include a forfeiture allegation in a criminal indictment. If criminal forfeiture is the only forfeiture proceeding commenced by the Government, the Government’s right to continued possession of the property shall be governed by the applicable criminal forfeiture statute.

“(D) No complaint may be dismissed on the ground that the Government did not have adequate evidence at the time

the complaint was filed to establish the forfeitability of the property.

“(4)(A) In any case in which the Government files in the appropriate United States district court a complaint for forfeiture of property, any person claiming an interest in the seized property may file a claim asserting such person’s interest in the property in the manner set forth in the Supplemental Rules for Certain Admiralty and Maritime Claims, except that such claim may be filed not later than 30 days after the date of service of the Government’s complaint or, as applicable, not later than 30 days after the date of final publication of notice of the filing of the complaint.

“(B) A person asserting an interest in seized property, in accordance with subparagraph (A), shall file an answer to the Government’s complaint for forfeiture not later than 20 days after the date of the filing of the claim.

“(b) REPRESENTATION.—

Courts.

“(1)(A) If a person with standing to contest the forfeiture of property in a judicial civil forfeiture proceeding under a civil forfeiture statute is financially unable to obtain representation by counsel, and the person is represented by counsel appointed under section 3006A of this title in connection with a related criminal case, the court may authorize counsel to represent that person with respect to the claim.

“(B) In determining whether to authorize counsel to represent a person under subparagraph (A), the court shall take into account such factors as—

“(i) the person’s standing to contest the forfeiture; and

“(ii) whether the claim appears to be made in good faith.

“(2)(A) If a person with standing to contest the forfeiture of property in a judicial civil forfeiture proceeding under a civil forfeiture statute is financially unable to obtain representation by counsel, and the property subject to forfeiture is real property that is being used by the person as a primary residence, the court, at the request of the person, shall insure that the person is represented by an attorney for the Legal Services Corporation with respect to the claim.

“(B)(i) At appropriate times during a representation under subparagraph (A), the Legal Services Corporation shall submit a statement of reasonable attorney fees and costs to the court.

“(ii) The court shall enter a judgment in favor of the Legal Services Corporation for reasonable attorney fees and costs submitted pursuant to clause (i) and treat such judgment as payable under section 2465 of title 28, United States Code, regardless of the outcome of the case.

“(3) The court shall set the compensation for representation under this subsection, which shall be equivalent to that provided for court-appointed representation under section 3006A of this title.

“(c) BURDEN OF PROOF.—In a suit or action brought under any civil forfeiture statute for the civil forfeiture of any property—

“(1) the burden of proof is on the Government to establish, by a preponderance of the evidence, that the property is subject to forfeiture;

“(2) the Government may use evidence gathered after the filing of a complaint for forfeiture to establish, by a preponderance of the evidence, that property is subject to forfeiture; and

“(3) if the Government’s theory of forfeiture is that the property was used to commit or facilitate the commission of a criminal offense, or was involved in the commission of a criminal offense, the Government shall establish that there was a substantial connection between the property and the offense.

“(d) INNOCENT OWNER DEFENSE.—

“(1) An innocent owner’s interest in property shall not be forfeited under any civil forfeiture statute. The claimant shall have the burden of proving that the claimant is an innocent owner by a preponderance of the evidence.

“(2)(A) With respect to a property interest in existence at the time the illegal conduct giving rise to forfeiture took place, the term ‘innocent owner’ means an owner who—

“(i) did not know of the conduct giving rise to forfeiture;

or

“(ii) upon learning of the conduct giving rise to the forfeiture, did all that reasonably could be expected under the circumstances to terminate such use of the property.

“(B)(i) For the purposes of this paragraph, ways in which a person may show that such person did all that reasonably could be expected may include demonstrating that such person, to the extent permitted by law—

“(I) gave timely notice to an appropriate law enforcement agency of information that led the person to know the conduct giving rise to a forfeiture would occur or has occurred; and

“(II) in a timely fashion revoked or made a good faith attempt to revoke permission for those engaging in such conduct to use the property or took reasonable actions in consultation with a law enforcement agency to discourage or prevent the illegal use of the property.

“(ii) A person is not required by this subparagraph to take steps that the person reasonably believes would be likely to subject any person (other than the person whose conduct gave rise to the forfeiture) to physical danger.

“(3)(A) With respect to a property interest acquired after the conduct giving rise to the forfeiture has taken place, the term ‘innocent owner’ means a person who, at the time that person acquired the interest in the property—

“(i) was a bona fide purchaser or seller for value (including a purchaser or seller of goods or services for value); and

“(ii) did not know and was reasonably without cause to believe that the property was subject to forfeiture.

“(B) An otherwise valid claim under subparagraph (A) shall not be denied on the ground that the claimant gave nothing of value in exchange for the property if—

“(i) the property is the primary residence of the claimant;

“(ii) depriving the claimant of the property would deprive the claimant of the means to maintain reasonable

shelter in the community for the claimant and all dependents residing with the claimant;

“(iii) the property is not, and is not traceable to, the proceeds of any criminal offense; and

“(iv) the claimant acquired his or her interest in the property through marriage, divorce, or legal separation, or the claimant was the spouse or legal dependent of a person whose death resulted in the transfer of the property to the claimant through inheritance or probate,

except that the court shall limit the value of any real property interest for which innocent ownership is recognized under this subparagraph to the value necessary to maintain reasonable shelter in the community for such claimant and all dependents residing with the claimant.

“(4) Notwithstanding any provision of this subsection, no person may assert an ownership interest under this subsection in contraband or other property that it is illegal to possess.

“(5) If the court determines, in accordance with this section, that an innocent owner has a partial interest in property otherwise subject to forfeiture, or a joint tenancy or tenancy by the entirety in such property, the court may enter an appropriate order—

“(A) severing the property;

“(B) transferring the property to the Government with a provision that the Government compensate the innocent owner to the extent of his or her ownership interest once a final order of forfeiture has been entered and the property has been reduced to liquid assets; or

“(C) permitting the innocent owner to retain the property subject to a lien in favor of the Government to the extent of the forfeitable interest in the property.

“(6) In this subsection, the term ‘owner’—

“(A) means a person with an ownership interest in the specific property sought to be forfeited, including a leasehold, lien, mortgage, recorded security interest, or valid assignment of an ownership interest; and

“(B) does not include—

“(i) a person with only a general unsecured interest in, or claim against, the property or estate of another;

“(ii) a bailee unless the bailor is identified and the bailee shows a colorable legitimate interest in the property seized; or

“(iii) a nominee who exercises no dominion or control over the property.

“(e) MOTION TO SET ASIDE FORFEITURE.—

Courts.

“(1) Any person entitled to written notice in any nonjudicial civil forfeiture proceeding under a civil forfeiture statute who does not receive such notice may file a motion to set aside a declaration of forfeiture with respect to that person’s interest in the property, which motion shall be granted if—

“(A) the Government knew, or reasonably should have known, of the moving party’s interest and failed to take reasonable steps to provide such party with notice; and

“(B) the moving party did not know or have reason to know of the seizure within sufficient time to file a timely claim.

Deadlines.

“(2)(A) Notwithstanding the expiration of any applicable statute of limitations, if the court grants a motion under paragraph (1), the court shall set aside the declaration of forfeiture as to the interest of the moving party without prejudice to the right of the Government to commence a subsequent forfeiture proceeding as to the interest of the moving party.

“(B) Any proceeding described in subparagraph (A) shall be commenced—

“(i) if nonjudicial, within 60 days of the entry of the order granting the motion; or

“(ii) if judicial, within 6 months of the entry of the order granting the motion.

“(3) A motion under paragraph (1) may be filed not later than 5 years after the date of final publication of notice of seizure of the property.

“(4) If, at the time a motion made under paragraph (1) is granted, the forfeited property has been disposed of by the Government in accordance with law, the Government may institute proceedings against a substitute sum of money equal to the value of the moving party’s interest in the property at the time the property was disposed of.

“(5) A motion filed under this subsection shall be the exclusive remedy for seeking to set aside a declaration of forfeiture under a civil forfeiture statute.

“(f) RELEASE OF SEIZED PROPERTY.—

“(1) A claimant under subsection (a) is entitled to immediate release of seized property if—

“(A) the claimant has a possessory interest in the property;

“(B) the claimant has sufficient ties to the community to provide assurance that the property will be available at the time of the trial;

“(C) the continued possession by the Government pending the final disposition of forfeiture proceedings will cause substantial hardship to the claimant, such as preventing the functioning of a business, preventing an individual from working, or leaving an individual homeless;

“(D) the claimant’s likely hardship from the continued possession by the Government of the seized property outweighs the risk that the property will be destroyed, damaged, lost, concealed, or transferred if it is returned to the claimant during the pendency of the proceeding; and

“(E) none of the conditions set forth in paragraph (8) applies.

“(2) A claimant seeking release of property under this subsection must request possession of the property from the appropriate official, and the request must set forth the basis on which the requirements of paragraph (1) are met.

“(3)(A) If not later than 15 days after the date of a request under paragraph (2) the property has not been released, the claimant may file a petition in the district court in which the complaint has been filed or, if no complaint has been filed, in the district court in which the seizure warrant was issued or in the district court for the district in which the property was seized.

“(B) The petition described in subparagraph (A) shall set forth—

“(i) the basis on which the requirements of paragraph (1) are met; and

“(ii) the steps the claimant has taken to secure release of the property from the appropriate official.

“(4) If the Government establishes that the claimant’s claim is frivolous, the court shall deny the petition. In responding to a petition under this subsection on other grounds, the Government may in appropriate cases submit evidence ex parte in order to avoid disclosing any matter that may adversely affect an ongoing criminal investigation or pending criminal trial.

“(5) The court shall render a decision on a petition filed under paragraph (3) not later than 30 days after the date of the filing, unless such 30-day limitation is extended by consent of the parties or by the court for good cause shown.

Courts.
Deadline.

“(6) If—

“(A) a petition is filed under paragraph (3); and

“(B) the claimant demonstrates that the requirements of paragraph (1) have been met,
the district court shall order that the property be returned to the claimant, pending completion of proceedings by the Government to obtain forfeiture of the property.

“(7) If the court grants a petition under paragraph (3)—

“(A) the court may enter any order necessary to ensure that the value of the property is maintained while the forfeiture action is pending, including—

“(i) permitting the inspection, photographing, and inventory of the property;

“(ii) fixing a bond in accordance with rule E(5) of the Supplemental Rules for Certain Admiralty and Maritime Claims; and

“(iii) requiring the claimant to obtain or maintain insurance on the subject property; and

“(B) the Government may place a lien against the property or file a lis pendens to ensure that the property is not transferred to another person.

“(8) This subsection shall not apply if the seized property—

“(A) is contraband, currency, or other monetary instrument, or electronic funds unless such currency or other monetary instrument or electronic funds constitutes the assets of a legitimate business which has been seized;

“(B) is to be used as evidence of a violation of the law;

“(C) by reason of design or other characteristic, is particularly suited for use in illegal activities; or

“(D) is likely to be used to commit additional criminal acts if returned to the claimant.

“(g) PROPORTIONALITY.—

“(1) The claimant under subsection (a)(4) may petition the court to determine whether the forfeiture was constitutionally excessive.

“(2) In making this determination, the court shall compare the forfeiture to the gravity of the offense giving rise to the forfeiture.

“(3) The claimant shall have the burden of establishing that the forfeiture is grossly disproportional by a preponderance

of the evidence at a hearing conducted by the court without a jury.

“(4) If the court finds that the forfeiture is grossly disproportionate to the offense it shall reduce or eliminate the forfeiture as necessary to avoid a violation of the Excessive Fines Clause of the Eighth Amendment of the Constitution.

“(h) CIVIL FINE.—

“(1) In any civil forfeiture proceeding under a civil forfeiture statute in which the Government prevails, if the court finds that the claimant’s assertion of an interest in the property was frivolous, the court may impose a civil fine on the claimant of an amount equal to 10 percent of the value of the forfeited property, but in no event shall the fine be less than \$250 or greater than \$5,000.

“(2) Any civil fine imposed under this subsection shall not preclude the court from imposing sanctions under rule 11 of the Federal Rules of Civil Procedure.

“(3) In addition to the limitations of section 1915 of title 28, United States Code, in no event shall a prisoner file a claim under a civil forfeiture statute or appeal a judgment in a civil action or proceeding based on a civil forfeiture statute if the prisoner has, on three or more prior occasions, while incarcerated or detained in any facility, brought an action or appeal in a court of the United States that was dismissed on the grounds that it is frivolous or malicious, unless the prisoner shows extraordinary and exceptional circumstances.

“(i) CIVIL FORFEITURE STATUTE DEFINED.—In this section, the term ‘civil forfeiture statute’—

“(B) the owners or occupants of the real property shall not be evicted from, or otherwise deprived of the use and enjoyment of, real property that is the subject of a pending forfeiture action.

(a) IN GENERAL.—Section 981(g) of title 18, United States Code, is amended to read as follows:

“(g)(1) Upon the motion of the United States, the court shall stay the civil forfeiture proceeding if the court determines that civil discovery will adversely affect the ability of the Government to conduct a related criminal investigation or the prosecution of a related criminal case. Courts.

“(2) Upon the motion of a claimant, the court shall stay the civil forfeiture proceeding with respect to that claimant if the court determines that—

“(A) the claimant is the subject of a related criminal investigation or case;

“(B) the claimant has standing to assert a claim in the civil forfeiture proceeding; and

“(C) continuation of the forfeiture proceeding will burden the right of the claimant against self-incrimination in the related investigation or case.

“(3) With respect to the impact of civil discovery described in paragraphs (1) and (2), the court may determine that a stay is unnecessary if a protective order limiting discovery would protect the interest of one party without unfairly limiting the ability of the opposing party to pursue the civil case. In no case, however, shall the court impose a protective order as an alternative to a stay if the effect of such protective order would be to allow one party to pursue discovery while the other party is substantially unable to do so.

“(4) In this subsection, the terms ‘related criminal case’ and ‘related criminal investigation’ mean an actual prosecution or investigation in progress at the time at which the request for the stay, or any subsequent motion to lift the stay is made. In determining whether a criminal case or investigation is ‘related’ to a civil forfeiture proceeding, the court shall consider the degree of similarity between the parties, witnesses, facts, and circumstances involved in the two proceedings, without requiring an identity with respect to any one or more factors.

“(5) In requesting a stay under paragraph (1), the Government may, in appropriate cases, submit evidence ex parte in order to avoid disclosing any matter that may adversely affect an ongoing criminal investigation or pending criminal trial.

“(6) Whenever a civil forfeiture proceeding is stayed pursuant to this subsection, the court shall enter any order necessary to preserve the value of the property or to protect the rights of lienholders or other persons with an interest in the property while the stay is in effect.

Applicability.

“(7) A determination by the court that the claimant has standing to request a stay pursuant to paragraph (2) shall apply only to this subsection and shall not preclude the Government from objecting to the standing of the claimant by dispositive motion or at the time of trial.”

(b) DRUG FORFEITURES.—Section 511(i) of the Controlled Substances Act (21 U.S.C. 881(i)) is amended to read as follows:

or take any other action to seize, secure, maintain, or preserve the availability of property subject to civil forfeiture—

“(A) upon the filing of a civil forfeiture complaint alleging that the property with respect to which the order is sought is subject to civil forfeiture; or

“(B) prior to the filing of such a complaint, if, after notice to persons appearing to have an interest in the property and opportunity for a hearing, the court determines that—

“(i) there is a substantial probability that the United States will prevail on the issue of forfeiture and that failure to enter the order will result in the property being destroyed, removed from the jurisdiction of the court, or otherwise made unavailable for forfeiture; and

“(ii) the need to preserve the availability of the property through the entry of the requested order outweighs the hardship on any party against whom the order is to be entered.

“(2) An order entered pursuant to paragraph (1)(B) shall be effective for not more than 90 days, unless extended by the court for good cause shown, or unless a complaint described in paragraph (1)(A) has been filed.

“(3) A temporary restraining order under this subsection may be entered upon application of the United States without notice or opportunity for a hearing when a complaint has not yet been filed with respect to the property, if the United States demonstrates that there is probable cause to believe that the property with respect to which the order is sought is subject to civil forfeiture and that provision of notice will jeopardize the availability of the property for forfeiture. Such a temporary order shall expire not more than 10 days after the date on which it is entered, unless extended for good cause shown or unless the party against whom it is entered consents to an extension for a longer period. A hearing requested concerning an order entered under this paragraph shall be held at the earliest possible time and prior to the expiration of the temporary order.

Joint Resolution

Apr. 25, 2000
[S.J. Res. 43]

Expressing the sense of Congress that the President of the United States should encourage free and fair elections and respect for democracy in Peru.

Whereas presidential and congressional elections are scheduled to occur in Peru on April 9, 2000;

Whereas independent election monitors, including the Organization of American States, the National Democratic Institute, and the Carter Center, have expressed grave doubts about the fairness of the electoral process due to the Peruvian Government's control of key official electoral agencies, systematic restrictions on freedom of the press, manipulation of the judicial processes to stifle independent reporting on radio, television, and newspaper outlets, and harassment and intimidation of opposition politicians, which have greatly limited the ability of opposing candidates to campaign freely; and

Whereas the absence of free and fair elections in Peru would constitute a major setback for the Peruvian people and for democracy in the hemisphere, could result in instability in Peru, and could jeopardize United States antinarcotics objectives in Peru and the region: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the sense of Congress that the President of the United States should promptly convey to the President of Peru that if the April 9, 2000, elections are not deemed by the international community to have been free and fair, the United States will review and modify as appropriate its political, economic, and military relations with Peru, and will work with other democracies in this hemisphere and elsewhere toward a restoration of democracy in Peru.

An Act

To amend the Mineral Leasing Act to increase the maximum acreage of Federal leases for sodium that may be held by an entity in any one State, and for other purposes.

Apr. 28, 2000
[H.R. 3063]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

30 USC 184 note.

The Congress finds and declares that—

(1) The Federal lands contain commercial deposits of trona, with the world's largest body of this mineral located on such lands in southwestern Wyoming.

(2) Trona is mined on Federal lands through Federal sodium leases issued under the Mineral Leasing Act of 1920.

(3) The primary product of trona mining is soda ash (sodium carbonate), a basic industrial chemical that is used for glass making and a variety of consumer products, including baking soda, detergents, and pharmaceuticals.

(4) The Mineral Leasing Act sets for each leasable mineral limitations on the amount of acreage of Federal leases any one producer may hold in any one State or nationally.

(5) The present acreage limitation for Federal sodium (trona) leases has been in place for over five decades, since 1948, and is the oldest acreage limitation in the Mineral Leasing Act. Over this time frame Congress and/or the BLM has revised acreage limits for other minerals to meet the needs of the respective industries. Currently, the sodium lease acreage limitation of 15,360 acres per State is approximately one-third of the per State Federal lease acreage cap for coal (46,080 acres) and potassium (51,200 acres) and one-sixteenth that of oil and gas (246,080 acres).

(6) Three of the four trona producers in Wyoming are operating mines on Federal leaseholds that contain total acreage close to the sodium lease acreage ceiling.

(7) The same reasons that Congress cited in enacting increases in other minerals' per State lease acreage caps apply to trona: the advent of modern mine technology, changes in industry economics, greater global competition, and need to conserve the Federal resource.

(8) Existing trona mines require additional lease acreage to avoid premature closure, and are unable to relinquish mined-out areas to lease new acreage because those areas continue to be used for mine access, ventilation, and tailings disposal and may provide future opportunities for secondary recovery by solution mining.

(9) Existing trona producers are having to make long term business decisions affecting the type and amount of additional infrastructure investments based on the certainty that sufficient acreage of leaseable trona will be available for mining in the future.

(10) To maintain the vitality of the domestic trona industry and ensure the continued flow of valuable revenues to the Federal and State governments and products to the American public from trona production on Federal lands, the Mineral Leasing Act should be amended to increase the acreage limitation for Federal sodium leases.

SEC. 2. AMENDMENT OF MINERAL LEASING ACT.

Paragraph (2) of subsection (b) of section 27 of the Mineral Leasing Act (41 Stat. 448; 30 U.S.C. 184(b)(2)) is amended by striking “fifteen thousand three hundred and sixty acres” and inserting “30,720 acres”.

106th Congress

An Act

To amend the Alaska Native Claims Settlement Act to restore certain lands to the Elim Native Corporation, and for other purposes.

May 2, 2000
[H.R. 3090]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION. 1. ELIM NATIVE CORPORATION LAND RESTORATION.

Section 19 of the Alaska Native Claims Settlement Act (43 U.S.C. 1618) is amended by adding at the end the following new subsection:

“(c)(1) FINDINGS.—The Congress finds that—

“(A) approximately 350,000 acres of land were withdrawn by Executive orders in 1917 for the use of the United States Bureau of Education and of the Natives of Indigenous Alaskan race;

“(B) these lands comprised the Norton Bay Reservation (later referred to as Norton Bay Native Reserve) and were set aside for the benefit of the Native inhabitants of the Eskimo Village of Elim, Alaska;

“(C) in 1929, 50,000 acres of land were deleted from the Norton Bay Reservation by Executive order;

“(D) the lands were deleted from the Reservation for the benefit of others;

“(E) the deleted lands were not available to the Native inhabitants of Elim under subsection (b) of this section at the time of passage of this Act;

“(F) the deletion of these lands has been and continues to be a source of deep concern to the indigenous people of Elim; and

“(G) until this matter is dealt with, it will continue to be a source of great frustration and sense of loss among the shareholders of the Elim Native Corporation and their descendants.

“(2) WITHDRAWAL.—The lands depicted and designated ‘Withdrawal Area’ on the map dated October 19, 1999, along with their legal descriptions, on file with the Bureau of Land Management, and entitled ‘Land Withdrawal Elim Native Corporation’, are hereby withdrawn, subject to valid existing rights, from all forms of appropriation or disposition under the public land laws, including the mining and mineral leasing laws, for a period of 2 years from the date of the enactment of this subsection, for selection by the Elim Native Corporation (hereinafter referred to as ‘Elim’).

“(3) AUTHORITY TO SELECT AND CONVEY.—Elim is authorized to select in accordance with the rules set out in this paragraph, 50,000 acres of land (hereinafter referred to as ‘Conveyance Lands’)

within the boundary of the Withdrawal Area described in paragraph (2). The Secretary is authorized and directed to convey to Elim in fee the surface and subsurface estates to 50,000 acres of valid selections in the Withdrawal Area, subject to the covenants, reservations, terms and conditions and other provisions of this subsection.

Deadline.

“(A) Elim shall have 2 years from the date of the enactment of this subsection in which to file its selection of no more than 60,000 acres of land from the area described in paragraph (2). The selection application shall be filed with the Bureau of Land Management, Alaska State Office, shall describe a single tract adjacent to United States Survey No. 2548, Alaska, and shall be reasonably compact, contiguous, and in whole sections except when separated by unavailable land or when the remaining entitlement is less than a whole section. Elim shall prioritize its selections made pursuant to this subsection at the time such selections are filed, and such prioritization shall be irrevocable. Any lands selected shall remain withdrawn until conveyed or full entitlement has been achieved.

“(B) The selection filed by Elim pursuant to this subsection shall be subject to valid existing rights and may not supercede prior selections of the State of Alaska, any Native corporation, or valid entries of any private individual unless such selection or entry is relinquished, rejected, or abandoned prior to conveyance to Elim.

“(C) Upon receipt of the Conveyance Lands, Elim shall have all legal rights and privileges as landowner, subject only to the covenants, reservations, terms and conditions specified in this subsection.

“(D) Selection by Elim of lands under this subsection and final conveyance of those lands to Elim shall constitute full satisfaction of any claim of entitlement of Elim with respect to its land entitlement.

“(4) COVENANTS, RESERVATIONS, TERMS AND CONDITIONS.—The covenants, reservations, terms and conditions set forth in this paragraph and in paragraphs (5) and (6) with respect to the Conveyance Lands shall run with the land and shall be incorporated into the interim conveyance, if any, and patent conveying the lands to Elim.

“(A) Consistent with paragraph (3)(C) and subject to the applicable covenants, reservations, terms and conditions contained in this paragraph and paragraphs (5) and (6), Elim shall have all rights to the timber resources of the Conveyance Lands for any use including, but not limited to, construction of homes, cabins, for firewood and other domestic uses on any Elim lands: *Provided*, That cutting and removal of Merchantable Timber from the Conveyance Lands for sale shall not be permitted: *Provided further*, That Elim shall not construct roads and related infrastructure for the support of such cutting and removal of timber for sale or permit others to do so. ‘Merchantable Timber’ means timber that can be harvested and marketed by a prudent operator.

“(B) Public Land Order 5563 of December 16, 1975, which made hot or medicinal springs available to other Native Corporations for selection and conveyance, is hereby modified to the extent necessary to permit the selection by Elim of the lands heretofore encompassed in any withdrawal of hot or medicinal springs and is withdrawn pursuant to this subsection.

The Secretary is authorized and directed to convey such selections of hot or medicinal springs (hereinafter referred to as 'hot springs') subject to applicable covenants, reservations, terms and conditions contained in paragraphs (5) and (6).

“(C) Should Elim select and have conveyed to it lands encompassing portions of the Tubutulik River or Clear Creek, or both, Elim shall not permit surface occupancy or knowingly permit any other activity on those portions of land lying within the bed of or within 300 feet of the ordinary high waterline of either or both of these water courses for purposes associated with mineral or other development or activity if they would cause or are likely to cause erosion or siltation of either water course to an extent that would significantly adversely impact water quality or fish habitat.

“(5) RIGHTS RETAINED BY THE UNITED STATES.—With respect to conveyances authorized in paragraph (3), the following rights are retained by the United States:

“(A) To enter upon the conveyance lands, after providing reasonable advance notice in writing to Elim and after providing Elim with an opportunity to have a representative present upon such entry, in order to achieve the purpose and enforce the terms of this paragraph and paragraphs (4) and (6).

“(B) To have, in addition to such rights held by Elim, all rights and remedies available against persons, jointly or severally, who cut or remove Merchantable Timber for sale.

“(C) In cooperation with Elim, the right, but not the obligation, to reforest in the event previously existing Merchantable Timber is destroyed by fire, wind, insects, disease, or other similar manmade or natural occurrence (excluding manmade occurrences resulting from the exercise by Elim of its lawful rights to use the Conveyance Lands).

“(D) The right of ingress and egress over easements under section 17(b) for the public to visit, for noncommercial purposes, hot springs located on the Conveyance Lands and to use any part of the hot springs that is not commercially developed.

“(E) The right to enter upon the lands containing hot springs for the purpose of conducting scientific research on such hot springs and to use the results of such research without compensation to Elim. Elim shall have an equal right to conduct research on the hot springs and to use the results of such research without compensation to the United States.

“(F) A covenant that commercial development of the hot springs by Elim or its successors, assigns, or grantees shall include the right to develop only a maximum of 15 percent of the hot springs and any land within $\frac{1}{4}$ mile of the hot springs. Such commercial development shall not alter the natural hydrologic or thermal system associated with the hot springs. Not less than 85 percent of the lands within $\frac{1}{4}$ mile of the hot springs shall be left in their natural state.

“(G) The right to exercise prosecutorial discretion in the enforcement of any covenant, reservation, term or condition shall not waive the right to enforce any covenant, reservation, term or condition.

“(6) GENERAL.—

“(A) MEMORANDUM OF UNDERSTANDING.—The Secretary and Elim shall, acting in good faith, enter into a Memorandum

of Understanding (hereinafter referred to as the 'MOU') to implement the provisions of this subsection. The MOU shall include among its provisions reasonable measures to protect plants and animals in the hot springs on the Conveyance Lands and on the land within $\frac{1}{4}$ mile of the hot springs. The parties shall agree to meet periodically to review the matters contained in the MOU and to exercise their right to amend, replace, or extend the MOU. Such reviews shall include the authority to relocate any of the easements set forth in subparagraph (D) if the parties deem it advisable.

“(B) INCORPORATION OF TERMS.—Elim shall incorporate the covenants, reservations, terms and conditions, in this subsection in any deed or other legal instrument by which it divests itself of any interest in all or a portion of the Conveyance Lands, including without limitation, a leasehold interest.

“(C) SECTION 17(b) EASEMENTS.—The Bureau of Land Management, in consultation with Elim, shall reserve in the conveyance to Elim easements to the United States pursuant to subsection 17(b) that are not in conflict with other easements specified in this paragraph.

“(D) OTHER EASEMENTS.—The Bureau of Land Management, in consultation with Elim, shall reserve easements which shall include the right of the public to enter upon and travel along the Tubutulik River and Clear Creek within the Conveyance Lands. Such easements shall also include easements for trails confined to foot travel along, and which may be established along each bank of, the Tubutulik River and Clear Creek. Such trails shall be 25 feet wide and upland of the ordinary high waterline of the water courses. The trails may deviate from the banks as necessary to go around man-made or natural obstructions or to portage around hazardous stretches of water. The easements shall also include one-acre sites along the water courses at reasonable intervals, selected in consultation with Elim, which may be used to launch or take out water craft from the water courses and to camp in non-permanent structures for a period not to exceed 24 hours without the consent of Elim.

“(E) INHOLDERS.—The owners of lands held within the exterior boundaries of lands conveyed to Elim shall have all rights of ingress and egress to be vested in the inholder and the inholder's agents, employees, co-venturers, licensees, subsequent grantees, or invitees, and such easements shall be reserved in the conveyance to Elim. The inholder may not exercise the right of ingress and egress in a manner that may result in substantial damage to the surface of the lands or make any permanent improvements on Conveyance Lands without the prior consent of Elim.

“(F) IDITAROD TRAIL.—The Bureau of Land Management may reserve an easement for the Iditarod National Historic Trail in the conveyance to Elim.

TITLE I—EXTENSION OF CERTAIN TRADE BENEFITS TO SUB-SAHARAN AFRICA

Subtitle A—Trade Policy for Sub-Saharan Africa

19 USC 3701
note.

SEC. 101. SHORT TITLE.

This title may be cited as the “African Growth and Opportunity Act”.

19 USC 3701.

SEC. 102. FINDINGS.

Congress finds that—

(1) it is in the mutual interest of the United States and the countries of sub-Saharan Africa to promote stable and sustainable economic growth and development in sub-Saharan Africa;

(2) the 48 countries of sub-Saharan Africa form a region richly endowed with both natural and human resources;

(3) sub-Saharan Africa represents a region of enormous economic potential and of enduring political significance to the United States;

(4) the region has experienced the strengthening of democracy as countries in sub-Saharan Africa have taken steps to encourage broader participation in the political process;

(5) certain countries in sub-Saharan Africa have increased their economic growth rates, taken significant steps towards liberalizing their economies, and made progress toward regional economic integration that can have positive benefits for the region;

(6) despite those gains, the per capita income in sub-Saharan Africa averages approximately \$500 annually;

(7) trade and investment, as the American experience has shown, can represent powerful tools both for economic development and for encouraging broader participation in a political process in which political freedom can flourish;

(8) increased trade and investment flows have the greatest impact in an economic environment in which trading partners eliminate barriers to trade and capital flows and encourage the development of a vibrant private sector that offers individual African citizens the freedom to expand their economic opportunities and provide for their families;

(9) offering the countries of sub-Saharan Africa enhanced trade preferences will encourage both higher levels of trade and direct investment in support of the positive economic and political developments under way throughout the region; and

(10) encouraging the reciprocal reduction of trade and investment barriers in Africa will enhance the benefits of trade and investment for the region as well as enhance commercial and political ties between the United States and sub-Saharan Africa.

SEC. 103. STATEMENT OF POLICY.

19 USC 3702.

Congress supports—

(1) encouraging increased trade and investment between the United States and sub-Saharan Africa;

(2) reducing tariff and nontariff barriers and other obstacles to sub-Saharan African and United States trade;

(3) expanding United States assistance to sub-Saharan Africa's regional integration efforts;

(4) negotiating reciprocal and mutually beneficial trade agreements, including the possibility of establishing free trade areas that serve the interests of both the United States and the countries of sub-Saharan Africa;

(5) focusing on countries committed to the rule of law, economic reform, and the eradication of poverty;

(6) strengthening and expanding the private sector in sub-Saharan Africa, especially enterprises owned by women and small businesses;

(7) facilitating the development of civil societies and political freedom in sub-Saharan Africa;

(a) PREFERENTIAL TREATMENT.—Textile and apparel articles described in subsection (b) that are imported directly into the customs territory of the United States from a beneficiary sub-Saharan African country described in section 506A(c) of the Trade Act of 1974, shall enter the United States free of duty and free of any quantitative limitations in accordance with the provisions set forth in subsection (b), if the country has satisfied the requirements set forth in section 113.

(b) PRODUCTS COVERED.—The preferential treatment described in subsection (a) shall apply only to the following textile and apparel products:

(A) LIMITATIONS ON BENEFITS.—

(i) IN GENERAL.—Preferential treatment under this paragraph shall be extended in the 1-year period beginning on October 1, 2000, and in each of the seven succeeding 1-year periods, to imports of apparel articles in an amount not to exceed the applicable percentage of the aggregate square meter equivalents of all apparel articles imported into the United States in the preceding 12-month period for which data are available.

In order to permit public access to preliminary international trade data and to facilitate the early identification of potentially disruptive import surges, the Director of the Office of Management and Budget may grant an exception to the publication dates established for the release of data on United States international trade in covered articles, if the Director notifies Congress of the early release of the data.

(ii) DETERMINATION OF DAMAGE OR THREAT THEREOF.—Whenever the Secretary of Commerce determines, based on the data described in clause (i), or pursuant to a written request made by an interested party, that there has been a surge in imports of an article described in this paragraph from a beneficiary sub-Saharan African country, the Secretary shall determine whether such article from such country is being imported in such increased quantities as to cause serious damage, or threat thereof, to the domestic industry producing a like or directly competitive article. If the Secretary’s determination is affirmative, the President shall suspend the duty-free treatment provided for such article under this paragraph. If the inquiry is initiated at the request of an interested party, the Secretary shall make the determination within 60 days after the date of the request.

(iii) FACTORS TO CONSIDER.—In determining whether a domestic industry has been seriously damaged, or is threatened with serious damage, the Secretary shall examine the effect of the imports on relevant economic indicators such as domestic production, sales, market share, capacity utilization, inventories, employment, profits, exports, prices, and investment.

(A) has adopted an effective visa system, domestic laws, and enforcement procedures applicable to covered articles to prevent unlawful transshipment of the articles and the use of counterfeit documents relating to the importation of the articles into the United States;

(B) has enacted legislation or promulgated regulations that would permit United States Customs Service verification teams to have the access necessary to investigate thoroughly allegations of transshipment through such country;

(B) DETERMINATION.—

(i) IN GENERAL.—In order to qualify for the preferential treatment under section 112 and for a Certificate of Origin to be valid with respect to any article for which such treatment is claimed, there shall be in effect a determination by the President that each country described in clause (ii)—

(2) CERTIFICATE OF ORIGIN.—The Certificate of Origin that otherwise would be required pursuant to the provisions of paragraph (1) shall not be required in the case of an article imported under section 112 if such Certificate of Origin would not be required under Article 503 of the NAFTA (as implemented pursuant to United States law), if the article were imported from Mexico.

(3) PENALTIES FOR EXPORTERS.—If the President determines, based on sufficient evidence, that an exporter has engaged in transshipment as defined in paragraph (4), then the President shall deny for a period of 5 years all benefits under section 112 to such exporter, any successor of such exporter, and any other entity owned or operated by the principal of the exporter.

(4) TRANSSHIPMENT DESCRIBED.—Transshipment within the meaning of this subsection has occurred when preferential treatment for a textile or apparel article under this Act has been claimed on the basis of material false information concerning the country of origin, manufacture, processing, or assembly of the article or any of its components. For purposes of this paragraph, false information is material if disclosure of the true information would mean or would have meant that the article is or was ineligible for preferential treatment under section 112.

Subtitle C—Economic Development Related Issues

SEC. 121. SENSE OF THE CONGRESS REGARDING COMPREHENSIVE DEBT RELIEF FOR THE WORLD'S POOREST COUNTRIES.

19 USC 3731.

(a) **FINDINGS.**—Congress makes the following findings:

(1) The burden of external debt has become a major impediment to economic growth and poverty reduction in many of the world's poorest countries.

(2) Until recently, the United States Government and other official creditors sought to address this problem by rescheduling loans and in some cases providing limited debt reduction.

(3) Despite such efforts, the cumulative debt of many of the world's poorest countries continued to grow beyond their capacity to repay.

(4) In 1997, the Group of Seven, the World Bank, and the International Monetary Fund adopted the Heavily Indebted Poor Countries Initiative (HIPC), a commitment by the international community that all multilateral and bilateral creditors, acting in a coordinated and concerted fashion, would reduce poor country debt to a sustainable level.

(5) The HIPC Initiative is currently undergoing reforms to address concerns raised about country conditionality, the amount of debt forgiven, and the allocation of savings realized through the debt forgiveness program to ensure that the Initiative accomplishes the goals of economic growth and poverty alleviation in the world's poorest countries.

(b) SENSE OF THE CONGRESS.—It is the sense of the Congress that—

(1) Congress and the President should work together, without undue delay and in concert with the international community, to make comprehensive debt relief available to the world's poorest countries in a manner that promotes economic growth and poverty alleviation;

(2) this program of bilateral and multilateral debt relief should be designed to strengthen and expand the private sector, encourage increased trade and investment, support the development of free markets, and promote broad-scale economic growth in beneficiary countries;

(3) this program of debt relief should also support the adoption of policies to alleviate poverty and to ensure that benefits are shared widely among the population, such as through initiatives to advance education, improve health, combat AIDS, and promote clean water and environmental protection;

(4) these debt relief agreements should be designed and implemented in a transparent manner and with the broad participation of the citizenry of the debtor country and should ensure that country circumstances are adequately taken into account;

(5) no country should receive the benefits of debt relief if that country does not cooperate with the United States on terrorism or narcotics enforcement, is a gross violator of the human rights of its citizens, or is engaged in conflict or spends excessively on its military; and

(6) in order to prevent adverse impact on a key industry in many developing countries, the International Monetary Fund must mobilize its own resources for providing debt relief to eligible countries without allowing gold to reach the open market, or otherwise adversely affecting the market price of gold.

19 USC 3732.

SEC. 122. EXECUTIVE BRANCH INITIATIVES.

(a) STATEMENT OF THE CONGRESS.—The Congress recognizes that the stated policy of the executive branch in 1997, the “Partnership for Growth and Opportunity in Africa” initiative, is a step toward the establishment of a comprehensive trade and development policy for sub-Saharan Africa. It is the sense of the Congress

that this Partnership is a companion to the policy goals set forth in this title.

(b) **TECHNICAL ASSISTANCE TO PROMOTE ECONOMIC REFORMS AND DEVELOPMENT.**—In addition to continuing bilateral and multilateral economic and development assistance, the President shall target technical assistance toward—

(1) developing relationships between United States firms and firms in sub-Saharan Africa through a variety of business associations and networks;

(2) providing assistance to the governments of sub-Saharan African countries to—

(A) liberalize trade and promote exports;

(B) bring their legal regimes into compliance with the standards of the World Trade Organization in conjunction with membership in that Organization;

(C) make financial and fiscal reforms; and

(D) promote greater agribusiness linkages;

(3) addressing such critical agricultural policy issues as market liberalization, agricultural export development, and agribusiness investment in processing and transporting agricultural commodities;

(4) increasing the number of reverse trade missions to growth-oriented countries in sub-Saharan Africa;

(5) increasing trade in services; and

(6) encouraging greater sub-Saharan African participation in future negotiations in the World Trade Organization on services and making further commitments in their schedules to the General Agreement on Trade in Services in order to encourage the removal of tariff and nontariff barriers.

SEC. 123. OVERSEAS PRIVATE INVESTMENT CORPORATION INITIATIVES. 19 USC 3733.

(a) **INITIATION OF FUNDS.**—It is the sense of the Congress that the Overseas Private Investment Corporation should exercise the authorities it has to initiate an equity fund or equity funds in support of projects in the countries in sub-Saharan Africa, in addition to the existing equity fund for sub-Saharan Africa created by the Corporation.

(b) **STRUCTURE AND TYPES OF FUNDS.**—

(1) **STRUCTURE.**—Each fund initiated under subsection (a) should be structured as a partnership managed by professional private sector fund managers and monitored on a continuing basis by the Corporation.

(2) **CAPITALIZATION.**—Each fund should be capitalized with a combination of private equity capital, which is not guaranteed by the Corporation, and debt for which the Corporation provides guaranties.

(3) **INFRASTRUCTURE FUND.**—One or more of the funds, with combined assets of up to \$500,000,000, should be used in support of infrastructure projects in countries of sub-Saharan Africa.

(4) **EMPHASIS.**—The Corporation shall ensure that the funds are used to provide support in particular to women entrepreneurs and to innovative investments that expand opportunities for women and maximize employment opportunities for poor individuals.

(c) **OVERSEAS PRIVATE INVESTMENT CORPORATION.**—

- 22 USC 2193. (1) INVESTMENT ADVISORY COUNCIL.—Section 233 of the Foreign Assistance Act of 1961 is amended by adding at the end the following:
“(e) INVESTMENT ADVISORY COUNCIL.—The Board shall take prompt measures to increase the loan, guarantee, and insurance programs, and financial commitments, of the Corporation in sub-Saharan Africa, including through the use of an investment advisory council to assist the Board in developing and implementing policies, programs, and financial instruments with respect to sub-Saharan Africa. In addition, the investment advisory council shall make recommendations to the Board on how the Corporation can facilitate greater support by the United States for trade and investment with and in sub-Saharan Africa. The investment advisory council shall terminate 4 years after the date of the enactment of this subsection.”.
- Termination date.
- Deadline. (2) REPORTS TO CONGRESS.—Within 6 months after the date of the enactment of this Act, and annually for each of the 4 years thereafter, the Board of Directors of the Overseas Private Investment Corporation shall submit to Congress a report on the steps that the Board has taken to implement section 233(e) of the Foreign Assistance Act of 1961 (as added by paragraph (1)) and any recommendations of the investment advisory council established pursuant to such section.
- 19 USC 3734. **SEC. 124. EXPORT-IMPORT BANK INITIATIVES.**
(a) SENSE OF THE CONGRESS.—It is the sense of the Congress that the Board of Directors of the Bank shall continue to take comprehensive measures, consistent with the credit standards otherwise required by law, to promote the expansion of the Bank’s financial commitments in sub-Saharan Africa under the loan, guarantee and insurance programs of the Bank.
(b) SUB-SAHARAN AFRICA ADVISORY COMMITTEE.—The sub-Saharan Africa Advisory Committee (SAAC) is to be commended for aiding the Bank in advancing the economic partnership between the United States and the nations of sub-Saharan Africa by doubling the number of sub-Saharan African countries in which the Bank is open for traditional financing and by increasing by tenfold the Bank’s support for sales to sub-Saharan Africa from fiscal year 1998 to fiscal year 1999. The Board of Directors of the Bank and its staff shall continue to review carefully the sub-Saharan Africa Advisory Committee recommendations on the development and implementation of new and innovative policies and programs designed to promote the Bank’s expansion in sub-Saharan Africa.
- 19 USC 3735. **SEC. 125. EXPANSION OF THE UNITED STATES AND FOREIGN COMMERCIAL SERVICE IN SUB-SAHARAN AFRICA.**
(a) FINDINGS.—The Congress makes the following findings:
(1) The United States and Foreign Commercial Service (hereafter in this section referred to as the “Commercial Service”) plays an important role in helping United States businesses identify export opportunities and develop reliable sources of information on commercial prospects in foreign countries.
(2) During the 1980s, the presence of the Commercial Service in sub-Saharan Africa consisted of 14 professionals providing services in eight countries. By early 1997, that presence had been reduced by half to seven professionals in only four countries.

(3) Since 1997, the Department of Commerce has slowly begun to increase the presence of the Commercial Service in sub-Saharan Africa, adding five full-time officers to established posts.

(4) Although the Commercial Service Officers in these countries have regional responsibilities, this kind of coverage does not adequately service the needs of United States businesses attempting to do business in sub-Saharan Africa.

(5) The Congress has, on several occasions, encouraged the Commercial Service to focus its resources and efforts in countries or regions in Europe or Asia to promote greater United States export activity in those markets, and similar encouragement should be provided for countries in sub-Saharan Africa as well.

(6) Because market information is not widely available in many sub-Saharan African countries, the presence of additional Commercial Service Officers and resources can play a significant role in assisting United States businesses in markets in those countries.

(b) APPOINTMENTS.—Subject to the availability of appropriations, by not later than December 31, 2001, the Secretary of Commerce, acting through the Assistant Secretary of Commerce and Director General of the United States and Foreign Commercial Service, shall take steps to ensure that—

SEC. 126. DONATION OF AIR TRAFFIC CONTROL EQUIPMENT TO ELIGIBLE SUB-SAHARAN AFRICAN COUNTRIES.

19 USC 3736.

It is the sense of the Congress that, to the extent appropriate, the United States Government should make every effort to donate to governments of sub-Saharan African countries determined to

be eligible under section 104 air traffic control equipment that is no longer in use, including appropriate related reimbursable technical assistance.

19 USC 3737.

SEC. 127. ADDITIONAL AUTHORITIES AND INCREASED FLEXIBILITY TO PROVIDE ASSISTANCE UNDER THE DEVELOPMENT FUND FOR AFRICA.

(a) **USE OF SUSTAINABLE DEVELOPMENT ASSISTANCE TO SUPPORT FURTHER ECONOMIC GROWTH.**—It is the sense of the Congress that sustained economic growth in sub-Saharan Africa depends in large measure upon the development of a receptive environment for trade and investment, and that to achieve this objective the United States Agency for International Development should continue to support programs which help to create this environment. Investments in human resources, development, and implementation of free market policies, including policies to liberalize agricultural markets and improve food security, and the support for the rule of law and democratic governance should continue to be encouraged and enhanced on a bilateral and regional basis.

(b) **DECLARATIONS OF POLICY.**—The Congress makes the following declarations:

(1) The Development Fund for Africa established under chapter 10 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2293 et seq.) has been an effective tool in providing development assistance to sub-Saharan Africa since 1988.

(2) The Development Fund for Africa will complement the other provisions of this title and lay a foundation for increased trade and investment opportunities between the United States and sub-Saharan Africa.

(3) Assistance provided through the Development Fund for Africa will continue to support programs and activities that promote the long term economic development of sub-Saharan Africa, such as programs and activities relating to the following:

(A) Strengthening primary and vocational education systems, especially the acquisition of middle-level technical skills for operating modern private businesses and the introduction of college level business education, including the study of international business, finance, and stock exchanges.

(B) Strengthening health care systems.

(C) Supporting democratization, good governance and civil society and conflict resolution efforts.

(D) Increasing food security by promoting the expansion of agricultural and agriculture-based industrial production and productivity and increasing real incomes for poor individuals.

(E) Promoting an enabling environment for private sector-led growth through sustained economic reform, privatization programs, and market-led economic activities.

(F) Promoting decentralization and local participation in the development process, especially linking the rural production sectors and the industrial and market centers throughout Africa.

(G) Increasing the technical and managerial capacity of sub-Saharan African individuals to manage the economy of sub-Saharan Africa.

(H) Ensuring sustainable economic growth through environmental protection.

(4) The African Development Foundation has a unique congressional mandate to empower the poor to participate fully in development and to increase opportunities for gainful employment, poverty alleviation, and more equitable income distribution in sub-Saharan Africa. The African Development Foundation has worked successfully to enhance the role of women as agents of change, strengthen the informal sector with an emphasis on supporting micro and small sized enterprises, indigenous technologies, and mobilizing local financing. The African Development Foundation should develop and implement strategies for promoting participation in the socioeconomic development process of grassroots and informal sector groups such as nongovernmental organizations, cooperatives, artisans, and traders into the programs and initiatives established under this title.

(c) ADDITIONAL AUTHORITIES.—

(1) IN GENERAL.—Section 496(h) of the Foreign Assistance Act of 1961 (22 U.S.C. 2293(h)) is amended—

(A) by redesignating paragraph (3) as paragraph (4); and

(B) by inserting after paragraph (2) the following:

“(3) DEMOCRATIZATION AND CONFLICT RESOLUTION CAPABILITIES.—Assistance under this section may also include program assistance—

“(A) to promote democratization, good governance, and strong civil societies in sub-Saharan Africa; and

“(B) to strengthen conflict resolution capabilities of governmental, intergovernmental, and nongovernmental entities in sub-Saharan Africa.”.

SEC. 128. ASSISTANCE FROM UNITED STATES PRIVATE SECTOR TO PREVENT AND REDUCE HIV/AIDS IN SUB-SAHARAN AFRICA. 19 USC 3738.

It is the sense of the Congress that United States businesses should be encouraged to provide assistance to sub-Saharan African countries to prevent and reduce the incidence of HIV/AIDS in sub-Saharan Africa. In providing such assistance, United States businesses should be encouraged to consider the establishment of an HIV/AIDS Response Fund in order to provide for coordination among such businesses in the collection and distribution of the assistance to sub-Saharan African countries.

SEC. 129. SENSE OF THE CONGRESS RELATING TO HIV/AIDS CRISIS IN SUB-SAHARAN AFRICA. 19 USC 3739.

(a) FINDINGS.—The Congress finds the following:

(1) Sustained economic development in sub-Saharan Africa depends in large measure upon successful trade with and foreign assistance to the countries of sub-Saharan Africa.

(2) The HIV/AIDS crisis has reached epidemic proportions in sub-Saharan Africa, where more than 21,000,000 men, women, and children are infected with HIV.

(3) Eighty-three percent of the estimated 11,700,000 deaths from HIV/AIDS worldwide have been in sub-Saharan Africa.

(4) The HIV/AIDS crisis in sub-Saharan Africa is weakening the structure of families and societies.

(5)(A) The HIV/AIDS crisis threatens the future of the workforce in sub-Saharan Africa.

(B) Studies show that HIV/AIDS in sub-Saharan Africa most severely affects individuals between the ages of 15 and 49—the age group that provides the most support for the economies of sub-Saharan African countries.

(6) Clear evidence demonstrates that HIV/AIDS is destructive to the economies of sub-Saharan African countries.

(7) Sustained economic development is critical to creating the public and private sector resources in sub-Saharan Africa necessary to fight the HIV/AIDS epidemic.

(b) SENSE OF THE CONGRESS.—It is the sense of the Congress that—

(1) addressing the HIV/AIDS crisis in sub-Saharan Africa should be a central component of United States foreign policy with respect to sub-Saharan Africa;

(2) significant progress needs to be made in preventing and treating HIV/AIDS in sub-Saharan Africa in order to sustain a mutually beneficial trade relationship between the United States and sub-Saharan African countries; and

(3) the HIV/AIDS crisis in sub-Saharan Africa is a global threat that merits further attention through greatly expanded public, private, and joint public-private efforts, and through appropriate United States legislation.

SEC. 131. SENSE OF THE CONGRESS REGARDING EFFORTS TO COMBAT DESERTIFICATION IN AFRICA AND OTHER COUNTRIES.

(a) FINDINGS.—The Congress finds that—

(1) desertification affects approximately one-sixth of the world's population and one-quarter of the total land area;

(2) over 1,000,000 hectares of Africa are affected by desertification;

(3) dryland degradation is an underlying cause of recurrent famine in Africa;

(4) the United Nations Environment Programme estimates that desertification costs the world \$42,000,000,000 a year, not including incalculable costs in human suffering; and

(5) the United States can strengthen its partnerships throughout Africa and other countries affected by desertification, help alleviate social and economic crises caused by misuse of natural resources, and reduce dependence on foreign aid, by taking a leading role to combat desertification.

(b) SENSE OF THE CONGRESS.—It is the sense of the Congress that the United States should expeditiously work with the international community, particularly Africa and other countries affected by desertification, to—

(1) strengthen international cooperation to combat desertification;

(2) promote the development of national and regional strategies to address desertification and increase public awareness of this serious problem and its effects;

(3) develop and implement national action programs that identify the causes of desertification and measures to address it; and

(4) recognize the essential role of local governments and nongovernmental organizations in developing and implementing measures to address desertification.

TITLE II—TRADE BENEFITS FOR CARIBBEAN BASIN

United States-
Caribbean Basin
Trades
Partnership Act.

Subtitle A—Trade Policy for Caribbean Basin Countries

SEC. 201. SHORT TITLE.

This title may be cited as the “United States-Caribbean Basin Trade Partnership Act”.

19 USC 2701
note.

SEC. 202. FINDINGS AND POLICY.

(a) FINDINGS.—Congress makes the following findings:

(1) The Caribbean Basin Economic Recovery Act (in this title referred to as “CBERA”) represents a permanent commitment by the United States to encourage the development of strong democratic governments and revitalized economies in neighboring countries in the Caribbean Basin.

(2) In 1998, Hurricane Mitch and Hurricane Georges devastated areas in the Caribbean Basin region, killing more than 10,000 people and leaving 3,000,000 homeless.

(3) The total direct impact of Hurricanes Mitch and Georges on Honduras, Nicaragua, the Dominican Republic, El Salvador, and Guatemala amounts to \$4,200,000,000, representing a severe loss to income levels in this underdeveloped region.

(4) In addition to short term disaster assistance, United States policy toward the region should focus on expanding

19 USC 2701
note.

international trade with the Caribbean Basin region as an enduring solution for successful economic growth and recovery.

(5) Thirty-four democratically elected leaders agreed at the 1994 Summit of the Americas to conclude negotiation of a Free Trade Area of the Americas (in this title referred to as “FTAA”) by the year 2005.

(6) The economic security of the countries in the Caribbean Basin will be enhanced by the completion of the FTAA.

(7) Offering temporary benefits to Caribbean Basin countries will preserve the United States commitment to Caribbean Basin beneficiary countries, promote the growth of free enterprise and economic opportunity in these neighboring countries, and thereby enhance the national security interests of the United States.

(8) Given the greater propensity of countries located in the Western Hemisphere to use United States components and to purchase United States products compared to other countries, increased trade and economic activity between the United States and countries in the Western Hemisphere will create new jobs in the United States as a result of expanding export opportunities.

(b) POLICY.—It is the policy of the United States—

(1) to offer Caribbean Basin beneficiary countries willing to prepare to become a party to the FTAA or another free trade agreement, tariff treatment essentially equivalent to that accorded to products of NAFTA countries for certain products not currently eligible for duty-free treatment under the CBERA; and

(2) to seek the participation of Caribbean Basin beneficiary countries in the FTAA or another free trade agreement at the earliest possible date, with the goal of achieving full participation in such agreement not later than 2005.

19 USC 2701
note.

SEC. 203. DEFINITIONS.

In this title:

(1) NAFTA.—The term “NAFTA” means the North American Free Trade Agreement entered into between the United States, Mexico, and Canada on December 17, 1992.

(2) NAFTA COUNTRY.—The term “NAFTA country” means any country with respect to which the NAFTA is in force.

(3) WTO AND WTO MEMBER.—The terms “WTO” and “WTO member” have the meanings given those terms in section 2 of the Uruguay Round Agreements Act (19 U.S.C. 3501).

(a) TEMPORARY PROVISIONS.—Section 213(b) of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(b)) is amended to read as follows:

“(b) IMPORT-SENSITIVE ARTICLES.—

“(1) IN GENERAL.—Subject to paragraphs (2) through (5), the duty-free treatment provided under this title does not apply to—

“(A) textile and apparel articles which were not eligible articles for purposes of this title on January 1, 1994, as this title was in effect on that date;

“(B) footwear not designated at the time of the effective date of this title as eligible articles for the purpose of the generalized system of preferences under title V of the Trade Act of 1974;

“(C) tuna, prepared or preserved in any manner, in airtight containers;

“(D) petroleum, or any product derived from petroleum, provided for in headings 2709 and 2710 of the HTS;

“(E) watches and watch parts (including cases, bracelets, and straps), of whatever type including, but not limited to, mechanical, quartz digital or quartz analog, if such watches or watch parts contain any material which is the product of any country with respect to which HTS column 2 rates of duty apply; or

“(F) articles to which reduced rates of duty apply under subsection (h).

“(2) TRANSITION PERIOD TREATMENT OF CERTAIN TEXTILE AND APPAREL ARTICLES.—

“(A) ARTICLES COVERED.—During the transition period, the preferential treatment described in subparagraph (B) shall apply to the following articles:

“(i) APPAREL ARTICLES ASSEMBLED IN ONE OR MORE CBTPA BENEFICIARY COUNTRIES.—Apparel articles assembled in one or more CBTPA beneficiary countries from fabrics wholly formed and cut in the United States, from yarns wholly formed in the United States, (including fabrics not formed from yarns, if such fabrics are classifiable under heading 5602 or 5603 of the HTS and are wholly formed and cut in the United States) that are—

“(I) entered under subheading 9802.00.80 of the HTS; or

“(II) entered under chapter 61 or 62 of the HTS, if, after such assembly, the articles would have qualified for entry under subheading 9802.00.80 of the HTS but for the fact that the articles were embroidered or subjected to stone-washing, enzyme-washing, acid washing, perma-pressing, oven-baking, bleaching, garment-dyeing, screen printing, or other similar processes.

“(ii) APPAREL ARTICLES CUT AND ASSEMBLED IN ONE OR MORE CBTPA BENEFICIARY COUNTRIES.—Apparel articles cut in one or more CBTPA beneficiary countries from fabric wholly formed in the United States from yarns wholly formed in the United States (including fabrics not formed from yarns, if such fabrics are classifiable under heading 5602 or 5603 of the HTS and are wholly formed in the United States), if such articles are assembled in one or more such countries with thread formed in the United States.

“(iii) CERTAIN KNIT APPAREL ARTICLES.—(I) Apparel articles knit to shape (other than socks provided for in heading 6115 of the HTS) in a CBTPA beneficiary country from yarns wholly formed in the United States,

and knit apparel articles (other than t-shirts described in subclause (III)) cut and wholly assembled in one or more CBTPA beneficiary countries from fabric formed in one or more CBTPA beneficiary countries or the United States from yarns wholly formed in the United States (including fabrics not formed from yarns, if such fabrics are classifiable under heading 5602 or 5603 of the HTS and are formed in one or more CBTPA beneficiary countries), in an amount not exceeding the amount set forth in subclause (II).

“(II) The amount referred to in subclause (I) is—

“(aa) 250,000,000 square meter equivalents during the 1-year period beginning on October 1, 2000, increased by 16 percent, compounded annually, in each succeeding 1-year period through September 30, 2004; and

“(bb) in each 1-year period thereafter through September 30, 2008, the amount in effect for the 1-year period ending on September 30, 2004, or such other amount as may be provided by law.

“(III) T-shirts, other than underwear, classifiable under subheadings 6109.10.00 and 6109.90.10 of the HTS, made in one or more CBTPA beneficiary countries from fabric formed in one or more CBTPA beneficiary countries from yarns wholly formed in the United States, in an amount not exceeding the amount set forth in subclause (IV).

“(IV) the amount referred to in subclause (III) is—

“(aa) 4,200,000 dozen during the 1-year period beginning on October 1, 2000, increased by 16 percent, compounded annually, in each succeeding 1-year period through September 30, 2004; and

“(bb) in each 1-year period thereafter, the amount in effect for the 1-year period ending on September 30, 2004, or such other amount as may be provided by law.

“(V) It is the sense of the Congress that the Congress should determine, based on the record of expansion of exports from the United States as a result of the preferential treatment of articles under this clause, the percentage by which the amount provided in subclauses (II) and (IV) should be compounded for the 1-year periods occurring after the 1-year period ending on September 30, 2004.

“(iv) CERTAIN OTHER APPAREL ARTICLES.—(I) Subject to subclause (II), any apparel article classifiable under subheading 6212.10 of the HTS, if the article is both cut and sewn or otherwise assembled in the United States, or one or more of the CBTPA beneficiary countries, or both.

“(II) During the 1-year period beginning on October 1, 2001, and during each of the six succeeding 1-year periods, apparel articles described in subclause (I) of a producer or an entity controlling production shall

be eligible for preferential treatment under subparagraph (B) only if the aggregate cost of fabric components formed in the United States that are used in the production of all such articles of that producer or entity during the preceding 1-year period is at least 75 percent of the aggregate declared customs value of the fabric contained in all such articles of that producer or entity that are entered during the preceding 1-year period.

“(III) The United States Customs Service shall develop and implement methods and procedures to ensure ongoing compliance with the requirement set forth in subclause (II). If the Customs Service finds that a producer or an entity controlling production has not satisfied such requirement in a 1-year period, then apparel articles described in subclause (I) of that producer or entity shall be ineligible for preferential treatment under subparagraph (B) during any succeeding 1-year period until the aggregate cost of fabric components formed in the United States used in the production of such articles of that producer or entity in the preceding 1-year period is at least 85 percent of the aggregate declared customs value of the fabric contained in all such articles of that producer or entity that are entered during the preceding 1-year period.

“(v) APPAREL ARTICLES ASSEMBLED FROM FABRICS OR YARN NOT WIDELY AVAILABLE IN COMMERCIAL QUANTITIES.—(I) Apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more CBTPA beneficiary countries, from fabrics or yarn that is not formed in the United States or in one or more CBTPA beneficiary countries, to the extent that apparel articles of such fabrics or yarn would be eligible for preferential treatment, without regard to the source of the fabrics or yarn, under Annex 401 of the NAFTA.

“(II) At the request of any interested party, the President is authorized to proclaim additional fabrics and yarn as eligible for preferential treatment under subclause (I) if—

“(aa) the President determines that such fabrics or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner;

“(bb) the President has obtained advice regarding the proposed action from the appropriate advisory committee established under section 135 of the Trade Act of 1974 (19 U.S.C. 2155) and the United States International Trade Commission;

“(cc) within 60 days after the request, the President has submitted a report to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate that sets forth the action proposed to be proclaimed and the reasons for such actions, and the advice obtained under division (bb);

Deadline.
Reports.

“(dd) a period of 60 calendar days, beginning with the first day on which the President has met the requirements of division (cc), has expired; and

“(ee) the President has consulted with such committees regarding the proposed action during the period referred to in division (cc).

“(vi) HANDLOOMED, HANDMADE, AND FOLKLORE ARTICLES.—A handloomed, handmade, or folklore article of a CBTPA beneficiary country identified under subparagraph (C) that is certified as such by the competent authority of such beneficiary country.

“(vii) SPECIAL RULES.—

“(I) EXCEPTION FOR FINDINGS AND TRIMMINGS.—(aa) An article otherwise eligible for preferential treatment under this paragraph shall not be ineligible for such treatment because the article contains findings or trimmings of foreign origin, if such findings and trimmings do not exceed 25 percent of the cost of the components of the assembled product. Examples of findings and trimmings are sewing thread, hooks and eyes, snaps, buttons, ‘bow buds’, decorative lace, trim, elastic strips, zippers, including zipper tapes and labels, and other similar products. Elastic strips are considered findings or trimmings only if they are each less than 1 inch in width and are used in the production of brassieres.

“(bb) In the case of an article described in clause (ii) of this subparagraph, sewing thread shall not be treated as findings or trimmings under this subclause.

“(II) CERTAIN INTERLINING.—(aa) An article otherwise eligible for preferential treatment under this paragraph shall not be ineligible for such treatment because the article contains certain interlinings of foreign origin, if the value of such interlinings (and any findings and trimmings) does not exceed 25 percent of the cost of the components of the assembled article.

“(bb) Interlinings eligible for the treatment described in division (aa) include only a chest type plate, ‘hymo’ piece, or ‘sleeve header’, of woven or weft-inserted warp knit construction and of coarse animal hair or man-made filaments.

“(cc) The treatment described in this subclause shall terminate if the President makes a determination that United States manufacturers are producing such interlinings in the United States in commercial quantities.

“(III) DE MINIMIS RULE.—An article that would otherwise be ineligible for preferential treatment under this paragraph because the article contains fibers or yarns not wholly formed in the United States or in one or more CBTPA beneficiary countries shall not be ineligible for such treatment if the total weight of all such fibers or yarns is

not more than 7 percent of the total weight of the good. Notwithstanding the preceding sentence, an apparel article containing elastomeric yarns shall be eligible for preferential treatment under this paragraph only if such yarns are wholly formed in the United States.

“(IV) SPECIAL ORIGIN RULE.—An article otherwise eligible for preferential treatment under clause (i) or (ii) of this subparagraph shall not be ineligible for such treatment because the article contains nylon filament yarn (other than elastomeric yarn) that is classifiable under subheading 5402.10.30, 5402.10.60, 5402.31.30, 5402.31.60, 5402.32.30, 5402.32.60, 5402.41.10, 5402.41.90, 5402.51.00, or 5402.61.00 of the HTS duty-free from a country that is a party to an agreement with the United States establishing a free trade area, which entered into force before January 1, 1995.

“(viii) TEXTILE LUGGAGE.—Textile luggage—

“(I) assembled in a CBTPA beneficiary country from fabric wholly formed and cut in the United States, from yarns wholly formed in the United States, that is entered under subheading 9802.00.80 of the HTS; or

“(II) assembled from fabric cut in a CBTPA beneficiary country from fabric wholly formed in the United States from yarns wholly formed in the United States.

“(B) PREFERENTIAL TREATMENT.—Except as provided in subparagraph (E), during the transition period, the articles to which this subparagraph applies shall enter the United States free of duty and free of any quantitative restrictions, limitations, or consultation levels.

“(C) HANDLOOMED, HANDMADE, AND FOLKLORE ARTICLES.—For purposes of subparagraph (A)(vi), the President shall consult with representatives of the CBTPA beneficiary countries concerned for the purpose of identifying particular textile and apparel goods that are mutually agreed upon as being handloomed, handmade, or folklore goods of a kind described in section 2.3(a), (b), or (c) of the Annex or Appendix 3.1.B.11 of the Annex.

“(D) PENALTIES FOR TRANSSHIPMENTS.—

“(i) PENALTIES FOR EXPORTERS.—If the President determines, based on sufficient evidence, that an exporter has engaged in transshipment with respect to textile or apparel articles from a CBTPA beneficiary country, then the President shall deny all benefits under this title to such exporter, and any successor of such exporter, for a period of 2 years.

“(ii) PENALTIES FOR COUNTRIES.—Whenever the President finds, based on sufficient evidence, that transshipment has occurred, the President shall request that the CBTPA beneficiary country or countries through whose territory the transshipment has occurred take all necessary and appropriate actions

President.

to prevent such transshipment. If the President determines that a country is not taking such actions, the President shall reduce the quantities of textile and apparel articles that may be imported into the United States from such country by the quantity of the transshipped articles multiplied by 3, to the extent consistent with the obligations of the United States under the WTO.

“(iii) TRANSSHIPMENT DESCRIBED.—Transshipment within the meaning of this subparagraph has occurred when preferential treatment under subparagraph (B) has been claimed for a textile or apparel article on the basis of material false information concerning the country of origin, manufacture, processing, or assembly of the article or any of its components. For purposes of this clause, false information is material if disclosure of the true information would mean or would have meant that the article is or was ineligible for preferential treatment under subparagraph (B).

“(E) BILATERAL EMERGENCY ACTIONS.—

“(i) IN GENERAL.—The President may take bilateral emergency tariff actions of a kind described in section 4 of the Annex with respect to any apparel article imported from a CBTPA beneficiary country if the application of tariff treatment under subparagraph (B) to such article results in conditions that would be cause for the taking of such actions under such section 4 with respect to a like article described in the same 8-digit subheading of the HTS that is imported from Mexico.

“(ii) RULES RELATING TO BILATERAL EMERGENCY ACTION.—For purposes of applying bilateral emergency action under this subparagraph—

“(I) the requirements of paragraph (5) of section 4 of the Annex (relating to providing compensation) shall not apply;

“(II) the term ‘transition period’ in section 4 of the Annex shall have the meaning given that term in paragraph (5)(D) of this subsection; and

“(III) the requirements to consult specified in section 4 of the Annex shall be treated as satisfied if the President requests consultations with the CBTPA beneficiary country in question and the country does not agree to consult within the time period specified under section 4.

“(3) TRANSITION PERIOD TREATMENT OF CERTAIN OTHER ARTICLES ORIGINATING IN BENEFICIARY COUNTRIES.—

“(A) EQUIVALENT TARIFF TREATMENT.—

“(i) IN GENERAL.—Subject to clause (ii), the tariff treatment accorded at any time during the transition period to any article referred to in any of subparagraphs (B) through (F) of paragraph (1) that is a CBTPA originating good shall be identical to the tariff treatment that is accorded at such time under Annex 302.2 of the NAFTA to an article described in the same 8-digit subheading of the HTS that is a good of Mexico and is imported into the United States.

“(ii) EXCEPTION.—Clause (i) does not apply to any article accorded duty-free treatment under U.S. Note 2(b) to subchapter II of chapter 98 of the HTS.

“(B) RELATIONSHIP TO SUBSECTION (h) DUTY REDUCTIONS.—If at any time during the transition period the rate of duty that would (but for action taken under subparagraph (A)(i) in regard to such period) apply with respect to any article under subsection (h) is a rate of duty that is lower than the rate of duty resulting from such action, then such lower rate of duty shall be applied for the purposes of implementing such action.

“(4) CUSTOMS PROCEDURES.—

“(A) IN GENERAL.—

“(i) REGULATIONS.—Any importer that claims preferential treatment under paragraph (2) or (3) shall comply with customs procedures similar in all material respects to the requirements of Article 502(1) of the NAFTA as implemented pursuant to United States law, in accordance with regulations promulgated by the Secretary of the Treasury.

“(ii) DETERMINATION.—

“(I) IN GENERAL.—In order to qualify for the preferential treatment under paragraph (2) or (3) and for a Certificate of Origin to be valid with respect to any article for which such treatment is claimed, there shall be in effect a determination by the President that each country described in subclause (II)—

“(aa) has implemented and follows; or

“(bb) is making substantial progress toward implementing and following, procedures and requirements similar in all material respects to the relevant procedures and requirements under chapter 5 of the NAFTA.

“(II) COUNTRY DESCRIBED.—A country is described in this subclause if it is a CBTPA beneficiary country—

“(aa) from which the article is exported;

or

“(bb) in which materials used in the production of the article originate or in which the article or such materials undergo production that contributes to a claim that the article is eligible for preferential treatment under paragraph (2) or (3).

“(B) CERTIFICATE OF ORIGIN.—The Certificate of Origin that otherwise would be required pursuant to the provisions of subparagraph (A) shall not be required in the case of an article imported under paragraph (2) or (3) if such Certificate of Origin would not be required under Article 503 of the NAFTA (as implemented pursuant to United States law), if the article were imported from Mexico.

“(C) REPORT BY USTR ON COOPERATION OF OTHER COUNTRIES CONCERNING CIRCUMVENTION.—The United States Commissioner of Customs shall conduct a study analyzing the extent to which each CBTPA beneficiary country—

“(i) has cooperated fully with the United States, consistent with its domestic laws and procedures, in instances of circumvention or alleged circumvention of existing quotas on imports of textile and apparel goods, to establish necessary relevant facts in the places of import, export, and, where applicable, transshipment, including investigation of circumvention practices, exchanges of documents, correspondence, reports, and other relevant information, to the extent such information is available;

“(ii) has taken appropriate measures, consistent with its domestic laws and procedures, against exporters and importers involved in instances of false declaration concerning fiber content, quantities, description, classification, or origin of textile and apparel goods; and

“(iii) has penalized the individuals and entities involved in any such circumvention, consistent with its domestic laws and procedures, and has worked closely to seek the cooperation of any third country to prevent such circumvention from taking place in that third country.

Deadline.
Reports.

The Trade Representative shall submit to Congress, not later than October 1, 2001, a report on the study conducted under this subparagraph.

“(5) DEFINITIONS AND SPECIAL RULES.—For purposes of this subsection—

“(A) ANNEX.—The term ‘the Annex’ means Annex 300-B of the NAFTA.

“(B) CBTPA BENEFICIARY COUNTRY.—The term ‘CBTPA beneficiary country’ means any ‘beneficiary country’, as defined in section 212(a)(1)(A) of this title, which the President designates as a CBTPA beneficiary country, taking into account the criteria contained in subsections (b) and (c) of section 212 and other appropriate criteria, including the following:

“(i) Whether the beneficiary country has demonstrated a commitment to—

“(I) undertake its obligations under the WTO, including those agreements listed in section 101(d) of the Uruguay Round Agreements Act, on or ahead of schedule; and

SEC. 409. AGRICULTURAL TRADE NEGOTIATING OBJECTIVES AND CONSULTATIONS WITH CONGRESS.

7 USC 1736r
note.

(a) FINDINGS.—Congress finds that—

(1) United States agriculture contributes positively to the United States balance of trade and United States agricultural exports support in excess of 1,000,000 United States jobs;

(2) United States agriculture competes successfully worldwide despite the fact that United States producers are at a competitive disadvantage because of the trade distorting support and subsidy practices of other countries and despite the fact that significant tariff and nontariff barriers exist to United States exports; and

(3) a successful conclusion of the current World Trade Organization agricultural negotiations is critically important to the United States agricultural sector.

(b) OBJECTIVES.—The agricultural trade negotiating objectives of the United States with respect to the current World Trade Organization agricultural negotiations include as matters of the highest priority—

(1) the expeditious elimination of all export subsidies worldwide while maintaining bona fide food aid and preserving United States market development and export credit programs that allow the United States to compete with other foreign export promotion efforts;

(2) leveling the playing field for United States producers of agricultural products by eliminating blue box subsidies and disciplining domestic supports in a way that forces producers to face world prices on all production in excess of domestic food security needs while allowing the preservation of nontrade distorting programs to support family farms and rural communities;

(3) the elimination of state trading enterprises or the adoption of rigorous disciplines that ensure operational transparency, competition, and the end of discriminatory pricing practices, including policies supporting cross-subsidization and price undercutting in export markets;

(4) affirming that the World Trade Organization Agreement on the Application of Sanitary and Phytosanitary Measures applies to new technologies, including biotechnology, and that labeling requirements to allow consumers to make choices regarding biotechnology products or other regulatory requirements may not be used as disguised barriers to trade;

(5) increasing opportunities for United States exports of agricultural products by reducing tariffs to the same levels that exist in the United States or to lower levels and by eliminating all nontariff barriers, including—

(A) restrictive or trade distorting practices, including those that adversely impact perishable or cyclical products;

(B) restrictive rules in the administration of tariff-rate quotas; and

(C) other barriers to agriculture trade, including unjustified restrictions or commercial requirements affecting new technologies, including biotechnology;

(6) eliminating government policies that create price-depressing surpluses; and

(7) strengthening dispute settlement procedures to ensure prompt compliance by foreign governments with their World Trade Organization obligations including commitments not to maintain unjustified restrictions on United States exports.

(c) CONSULTATION WITH CONGRESSIONAL COMMITTEES.—

(1) CONSULTATION BEFORE OFFER MADE.—In developing and before submitting an initial or revised negotiating proposal that would reduce United States tariffs on agricultural products or require a change in United States agricultural law, the United States Trade Representative shall consult with the Committee on Agriculture, Nutrition, and Forestry and the Committee on Finance of the Senate and the Committee on Agriculture and the Committee on Ways and Means of the House of Representatives.

(2) CONSULTATION WITH CONGRESSIONAL TRADE ADVISERS.—Prior to and during the course of current negotiations on agricultural trade, the United States Trade Representative shall consult closely with the congressional trade advisers.

Joint Resolution

May 26, 2000
[S.J. Res. 44]

Supporting the Day of Honor 2000 to honor and recognize the service of minority veterans in the United States Armed Forces during World War II.

Whereas World War II was a determining event of the 20th century in that it ensured the preservation and continuation of American democracy;

Whereas the United States called upon all its citizens, including the most oppressed of its citizens, to provide service and sacrifice in that war to achieve the Allied victory over Nazism and fascism;

Whereas the United States citizens who served in that war, many of whom gave the ultimate sacrifice of their lives, included more than 1,200,000 African Americans, more than 300,000 Hispanic Americans, more than 50,000 Asian Americans, more than 20,000 Native Americans, more than 6,000 Native Hawaiians and Pacific Islanders, and more than 3,000 Native Alaskans;

Whereas because of invidious discrimination, many of the courageous military activities of these minorities were not reported and honored fully and appropriately until decades after the Allied victory in World War II;

Whereas the motto of the United States, “E Pluribus Unum” (Out of Many, One), promotes our fundamental unity as Americans and acknowledges our diversity as our greatest strength; and

Whereas the Day of Honor 2000 Project has enlisted communities across the United States to participate in celebrations to honor minority veterans of World War II on May 25, 2000, and throughout the year 2000: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That Congress—

(1) commends the African American, Hispanic American, Asian American, Native American, Native Hawaiian, Pacific Islanders, Native Alaskan, and other minority veterans of the United States Armed Forces who served during World War II;

(2) especially honors those minority veterans who gave their lives in service to the United States during that war;

(3) supports the goals and ideas of the “Day of Honor 2000” in celebration and recognition of the extraordinary service of all minority veterans in the United States Armed Forces during World War II; and

(4) authorizes and requests that the President issue a proclamation calling upon the people of the United States to honor these minority veterans with appropriate programs and activities.

SECTION 1. COMMERCIAL FILMING.

(a) **COMMERCIAL FILMING FEE.**—The Secretary of the Interior and the Secretary of Agriculture (hereafter individually referred to as the “Secretary” with respect to lands under their respective jurisdiction) shall require a permit and shall establish a reasonable fee for commercial filming activities or similar projects on Federal lands administered by the Secretary. Such fee shall provide a fair return to the United States and shall be based upon the following criteria:

(1) The number of days the filming activity or similar project takes place on Federal land under the Secretary’s jurisdiction.

(2) The size of the film crew present on Federal land under the Secretary’s jurisdiction.

(3) The amount and type of equipment present.

The Secretary may require a permit, fee, or both, if such photography takes place at other locations where members of the public are generally not allowed, or where additional administrative costs are likely.

(2) The Secretary shall require and shall establish a reasonable fee for still photography that uses models or props which are not a part of the site’s natural or cultural resources or administrative facilities.

(d) **PROTECTION OF RESOURCES.**—The Secretary shall not permit any filming, still photography or other related activity if the Secretary determines—

(1) there is a likelihood of resource damage;

(2) there would be an unreasonable disruption of the public's use and enjoyment of the site; or

(3) that the activity poses health or safety risks to the public.

(e) USE OF PROCEEDS.—(1) All fees collected under this Act shall be available for expenditure by the Secretary, without further appropriation, in accordance with the formula and purposes established for the Recreational Fee Demonstration Program (Public Law 104–134). All fees collected shall remain available until expended.

(2) All costs recovered under this Act shall be available for expenditure by the Secretary, without further appropriation, at the site where collected. All costs recovered shall remain available until expended.

106th Congress

An Act

To reform unfair and anticompetitive practices in the professional boxing industry.

May 26, 2000

[H.R. 1832]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Muhammad Ali Boxing Reform Act”.

Muhammad Ali
Boxing Reform
Act.
15 USC 6301
note.

SEC. 2. FINDINGS.

15 USC 6301
note.

The Congress makes the following findings:

(1) Professional boxing differs from other major, interstate professional sports industries in the United States in that it operates without any private sector association, league, or centralized industry organization to establish uniform and appropriate business practices and ethical standards. This has led to repeated occurrences of disreputable and coercive business practices in the boxing industry, to the detriment of professional boxers nationwide.

(2) State officials are the proper regulators of professional boxing events, and must protect the welfare of professional boxers and serve the public interest by closely supervising boxing activity in their jurisdiction. State boxing commissions do not currently receive adequate information to determine whether boxers competing in their jurisdiction are being subjected to contract terms and business practices which may violate State regulations, or are onerous and confiscatory.

(3) Promoters who engage in illegal, coercive, or unethical business practices can take advantage of the lack of equitable business standards in the sport by holding boxing events in States with weaker regulatory oversight.

(4) The sanctioning organizations which have proliferated in the boxing industry have not established credible and objective criteria to rate professional boxers, and operate with virtually no industry or public oversight. Their ratings are susceptible to manipulation, have deprived boxers of fair opportunities for advancement, and have undermined public confidence in the integrity of the sport.

(5) Open competition in the professional boxing industry has been significantly interfered with by restrictive and anti-competitive business practices of certain promoters and sanctioning bodies, to the detriment of the athletes and the ticket-buying public. Common practices of promoters and sanctioning organizations represent restraints of interstate trade in the United States.

(6) It is necessary and appropriate to establish national contracting reforms to protect professional boxers and prevent exploitive business practices, and to require enhanced financial disclosures to State athletic commissions to improve the public oversight of the sport.

15 USC 6301
note.

SEC. 3. PURPOSES.

The purposes of this Act are—

(1) to protect the rights and welfare of professional boxers on an interstate basis by preventing certain exploitive, oppressive, and unethical business practices;

(2) to assist State boxing commissions in their efforts to provide more effective public oversight of the sport; and

(3) to promote honorable competition in professional boxing and enhance the overall integrity of the industry.

SEC. 4. PROTECTING BOXERS FROM EXPLOITATION.

The Professional Boxing Safety Act of 1996 (15 U.S.C. 6301 et seq.) is amended—

15 USC
6308–6313, 6301
note.

(1) by redesignating sections 9 through 15 as sections 17 through 23, respectively; and

(2) by inserting after section 8 the following new sections:

To authorize funds for the construction of a facility in Taipei, Taiwan suitable for the mission of the American Institute in Taiwan.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

American
Institute in
Taiwan Facilities
Enhancement
Act.
Foreign relations.

SECTION 1. SHORT TITLE.

This Act may be cited as the “American Institute in Taiwan Facilities Enhancement Act”.

SEC. 2. FINDINGS.

The Congress finds that—

(1) in the Taiwan Relations Act of 1979 (22 U.S.C. 3301 et seq.), the Congress established the American Institute in Taiwan (hereafter in this Act referred to as “AIT”), a nonprofit corporation incorporated in the District of Columbia, to carry out on behalf of the United States Government any and all programs, transactions, and other relations with Taiwan;

(2) the Congress has recognized AIT for the successful role it has played in sustaining and enhancing United States relations with Taiwan;

(3) the Taipei office of AIT is housed in buildings which were not originally designed for the important functions that AIT performs, whose location does not provide adequate security for its employees, and which, because they are almost 50 years old, have become increasingly expensive to maintain;

(4) the aging state of the AIT office building in Taipei is neither conducive to the safety and welfare of AIT’s American and local employees nor commensurate with the level of contact that exists between the United States and Taiwan;

(5) AIT has made a good faith effort to set aside funds for the construction of a new office building, but these funds will be insufficient to construct a building that is large and secure enough to meet AIT’s current and future needs; and

(6) because the Congress established AIT and has a strong interest in United States relations with Taiwan, the Congress has a special responsibility to ensure that AIT’s requirements for safe and appropriate office quarters are met.

SEC. 3. AUTHORIZATION OF APPROPRIATIONS.

(a) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated the sum of \$75,000,000 to AIT—

(1) for plans for a new facility and, if necessary, residences or other structures located in close physical proximity to such

facility, in Taipei, Taiwan, for AIT to carry out its purposes under the Taiwan Relations Act; and

(2) for acquisition by purchase or construction of such facility, residences, or other structures.

(b) LIMITATIONS.—Funds appropriated pursuant to subsection (a) may only be used if the new facility described in that subsection meets all requirements applicable to the security of United States diplomatic facilities, including the requirements in the Omnibus Diplomatic Security and Anti-Terrorism Act of 1986 (22 U.S.C. 4801 et seq.) and the Secure Embassy Construction and Counterterrorism Act of 1999 (as enacted by section 1000(a)(7) of Public Law 106–113; 113 Stat. 1501A–451), except for those requirements which the Director of AIT certifies to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate are not applicable on account of the special status of AIT. In making such certification, the Director shall also certify that security considerations permit the exercise of the waiver of such requirements.

Certification.

(c) AVAILABILITY OF FUNDS.—Amounts appropriated pursuant to subsection (a) are authorized to remain available until expended.

(a) IN GENERAL.—Notwithstanding the time period specified in section 13 of the Federal Power Act (16 U.S.C. 806) that would otherwise apply to the Federal Energy Regulatory Commission project numbered 7115, the Commission shall, at the request of the licensee for the project, in accordance with the good faith, due diligence, and public interest requirements of that section and the Commission's procedures under that section, extend for 3 consecutive 2-year periods, the time period during which the licensee is required to commence construction of the project.

(b) APPLICABILITY.—Subsection (a) shall take effect on the expiration of the period required for commencement of construction of the project described in subsection (a).

(c) REINSTATEMENT OF EXPIRED LICENSE.—If the license for the project described in subsection (a) has expired prior to the date of enactment of this Act, the Commission shall reinstate the license effective as of the date of its expiration and extend the time required for commencement of construction of the projects for not more than 3 consecutive 2-year periods, the first of which shall commence on the date of expiration of the license.

“(2) PRIVATE FUNDRAISING AUTHORITY.—The American Battle Monuments Commission shall solicit and accept private contributions for the design, procurement, and installation of the plaque. The American Battle Monuments Commission shall establish an account into which the contributions will be deposited and shall maintain documentation of the contributions. Contributions in excess of the amounts necessary for the design, procurement, and installation of the plaque shall be deposited in the United States Treasury.

Biomass
Research and
Development Act
of 2000.

TITLE III—BIOMASS RESEARCH AND DEVELOPMENT ACT OF 2000

7 USC 7624 note.

SEC. 301. SHORT TITLE.

This title may be cited as the “Biomass Research and Development Act of 2000”.

7 USC 7624 note.

SEC. 302. FINDINGS.

Congress finds that—

(1) conversion of biomass into biobased industrial products offers outstanding potential for benefit to the national interest through—

- (A) improved strategic security and balance of payments;
- (B) healthier rural economies;
- (C) improved environmental quality;
- (D) near-zero net greenhouse gas emissions;
- (E) technology export; and
- (F) sustainable resource supply;

(2) the key technical challenges to be overcome in order for biobased industrial products to be cost-competitive are finding new technology and reducing the cost of technology for converting biomass into desired biobased industrial products;

(3) biobased fuels, such as ethanol, have the clear potential to be sustainable, low cost, and high performance fuels that are compatible with both current and future transportation systems and provide near-zero net greenhouse gas emissions;

(4) biobased chemicals have the clear potential for environmentally benign product life cycles;

(5) biobased power can—

- (A) provide environmental benefits;
- (B) promote rural economic development; and
- (C) diversify energy resource options;

(6) many biomass feedstocks suitable for industrial processing show the clear potential for sustainable production, in some cases resulting in improved soil fertility and carbon sequestration;

(7)(A) grain processing mills are biorefineries that produce a diversity of useful food, chemical, feed, and fuel products; and

(B) technologies that result in further diversification of the range of value-added biobased industrial products can meet a key need for the grain processing industry;

(8)(A) cellulosic feedstocks are attractive because of their low cost and widespread availability; and

(B) research resulting in cost-effective technology to overcome the recalcitrance of cellulosic biomass would allow biorefineries to produce fuels and bulk chemicals on a very large scale, with a commensurately large realization of the benefit described in paragraph (1);

(9) research into the fundamentals to understand important mechanisms of biomass conversion can be expected to accelerate

the application and advancement of biomass processing technology by—

(A) increasing the confidence and speed with which new technologies can be scaled up; and

(B) giving rise to processing innovations based on new knowledge;

(10) the added utility of biobased industrial products developed through improvements in processing technology would encourage the design of feedstocks that would meet future needs more effectively;

(11) the creation of value-added biobased industrial products would create new jobs in construction, manufacturing, and distribution, as well as new higher-valued exports of products and technology;

(12)(A) because of the relatively short-term time horizon characteristic of private sector investments, and because many benefits of biomass processing are in the national interest, it is appropriate for the Federal Government to provide precommercial investment in fundamental research and research-driven innovation in the biomass processing area; and

(B) such an investment would provide a valuable complement to ongoing and past governmental support in the biomass processing area; and

(13) several prominent studies, including studies by the President's Committee of Advisors on Science and Technology and the National Research Council—

(A) support the potential for large research-driven advances in technologies for production of biobased industrial products as well as associated benefits; and

(B) document the need for a focused, integrated, and innovation-driven research effort to provide the appropriate progress in a timely manner.

(2) biological control is often a desirable, low-risk means of ridding crops and other plants of plant pests and noxious weeds, and its use should be facilitated by the Department of Agriculture, other Federal agencies, and States whenever feasible;

(3) it is the responsibility of the Secretary to facilitate exports, imports, and interstate commerce in agricultural products and other commodities that pose a risk of harboring plant pests or noxious weeds in ways that will reduce, to the extent practicable, as determined by the Secretary, the risk of dissemination of plant pests or noxious weeds;

(4) decisions affecting imports, exports, and interstate movement of products regulated under this title shall be based on sound science;

(5) the smooth movement of enterable plants, plant products, biological control organisms, or other articles into, out of, or within the United States is vital to the United States’ economy and should be facilitated to the extent possible;

(6) export markets could be severely impacted by the introduction or spread of plant pests or noxious weeds into or within the United States;

(7) the unregulated movement of plant pests, noxious weeds, plants, certain biological control organisms, plant products, and articles capable of harboring plant pests or noxious weeds could present an unacceptable risk of introducing or spreading plant pests or noxious weeds;

(8) the existence on any premises in the United States of a plant pest or noxious weed new to or not known to be widely prevalent in or distributed within and throughout the United States could constitute a threat to crops and other plants or plant products of the United States and burden interstate commerce or foreign commerce; and

(9) all plant pests, noxious weeds, plants, plant products, articles capable of harboring plant pests or noxious weeds regulated under this title are in or affect interstate commerce or foreign commerce.

106th Congress

An Act

To authorize the President to award posthumously a gold medal on behalf of the Congress to Charles M. Schulz in recognition of his lasting artistic contributions to the Nation and the world, and for other purposes.

June 20, 2000
[H.R. 3642]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

31 USC 5111
note.

SECTION 1. FINDINGS.

The Congress finds the following:

(1) Charles M. Schulz was born on November 26, 1922, in St. Paul, Minnesota, the son of Carl and Dena Schulz.

(2) Charles M. Schulz served his country in World War II, working his way up from infantryman to staff sergeant and eventually leading a machine gun squad. He kept morale high by decorating fellow soldiers' letters home with cartoons of barracks life.

(3) After returning from the war, Charles M. Schulz returned to his love for illustration, and took a job with "Timeless Topix". He also took a second job as an art instructor. Eventually, his hard work paid off when the Saturday Evening Post began purchasing a number of his single comic panels.

(4) It was in his first weekly comic strip, "L'il Folks", that Charlie Brown was born. That comic strip, which was eventually renamed "Peanuts", became the sole focus of Charles M. Schulz's career.

(5) Charles M. Schulz drew every frame of the "Peanuts" strip, which ran 7 days a week, since it was created in October 1950. This is rare dedication in the field of comic illustration.

(6) The "Peanuts" comic strip appeared in 2,600 newspapers around the world daily until January 3, 2000, and on Sundays until February 13, 2000, and reached approximately 335,000,000 readers every day in 20 different languages, making Charles M. Schulz the most successful comic illustrator in the world.

(7) Charles M. Schulz's television special, "A Charlie Brown Christmas", has run for 34 consecutive years. In all, more than 60 animated specials have been created based on "Peanuts" characters. Four feature films, 1,400 books, and a hit Broadway musical about the "Peanuts" characters have also been produced.

(8) Charles M. Schulz was a leader in the field of comic illustration and in his community. He paved the way for other artists in this field over the last 50 years and continues to be praised for his outstanding achievements.

(9) Charles M. Schulz gave back to his community in many ways, including owning and operating Redwood Empire Ice Arena in Santa Rosa, California. The arena has become a favorite gathering spot for people of all ages. Charles M. Schulz also financed a yearly ice show that drew crowds from all over the San Francisco Bay Area.

(10) Charles M. Schulz gave the Nation a unique sense of optimism, purpose, and pride. Whether through the Great

Pumpkin Patch, the Kite Eating Tree, Lucy’s Psychiatric Help Stand, or Snoopy’s adventures with the Red Baron, “Peanuts” embodied human vulnerabilities, emotions, and potential.

(11) Charles M. Schulz’s lifetime of work linked generations of Americans and became a part of the fabric of our national culture.

SEC. 2. CONGRESSIONAL GOLD MEDAL.

(a) **AWARD AUTHORIZED.**—The President is authorized to award posthumously, on behalf of the Congress, a gold medal of appropriate design to Charles M. Schulz in recognition of his lasting artistic contributions to the Nation and the world.

(b) **DESIGN AND STRIKING.**—For the purpose of the award referred to in subsection (a), the Secretary of the Treasury (hereafter in this Act referred to as the “Secretary”) shall strike a gold medal with suitable emblems, devices, and inscriptions, to be determined by the Secretary.

SEC. 3. DUPLICATE MEDALS.

Under such regulations as the Secretary may prescribe, the Secretary may strike and sell duplicates in bronze of the gold medal struck under section 2 at a price sufficient to cover the costs of the medals, including labor, materials, dies, use of machinery, overhead expenses, and the cost of the gold medal.

SEC. 4. NATIONAL MEDALS.

The medals struck under this Act are national medals for purposes of chapter 51 of title 31, United States Code.

SEC. 5. FUNDING AND PROCEEDS OF SALE.

(a) **AUTHORIZATION.**—There is authorized to be charged against the United States Mint Public Enterprise Fund an amount not to exceed \$30,000 to pay for the cost of the medals authorized by this Act.

(b) **PROCEEDS OF SALE.**—Amounts received from the sale of duplicate bronze medals under section 3 shall be deposited in the United States Mint Public Enterprise Fund.

Joint Resolution

June 28, 2000

[H.J. Res. 101]

Recognizing the 225th birthday of the United States Army.

Whereas on June 14, 1775, the Second Continental Congress, representing the citizens of 13 American colonies, authorized the establishment of the Continental Army;

Whereas the collective expression of the pursuit of personal freedom that caused the authorization and organization of the United States Army led to the adoption of the Declaration of Independence and the codification of the new Nation's basic principles and values in the Constitution;

Whereas for the past 225 years, the Army's central mission has been to fight and win the Nation's wars;

Whereas whatever the mission, the Nation turns to its Army for decisive victory;

Whereas the 172 battle streamers carried on the Army flag are testament to the valor, commitment, and sacrifice of the brave soldiers who have served the Nation in the Army;

Whereas Valley Forge, New Orleans, Mexico City, Gettysburg, Verdun, Bataan, Normandy, Pusan, the Ia Drang Valley, Grenada, Panama, and Kuwait are but a few of the places where soldiers of the United States Army have won extraordinary distinction and respect for the Nation and its Army;

Whereas the motto of "Duty, Honor, Country" is the creed by which the American soldier lives and serves;

Whereas the United States Army today is the world's most capable and respected ground force;

Whereas future Army forces are being prepared to conduct quick, decisive, highly sophisticated operations anywhere, anytime; and

Whereas no matter what the cause, location, or magnitude of future conflicts, the Nation can rely on its Army to produce well-trained, well-led, and highly motivated soldiers to carry out the missions entrusted to them: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That Congress, recognizing the historic significance of the 225th anniversary of the United States Army—

(1) expresses the appreciation of the people of the United States to the Army and the soldiers who have served in it for 225 years of dedicated service;

(2) honors the valor, commitment, and sacrifice that American soldiers have displayed throughout the history of the Army; and

(3) calls upon the President to issue a proclamation—

(A) recognizing the 225th birthday of the United States Army and the dedicated service of the soldiers who have served in the Army; and

(B) calling upon the people of the United States to observe that anniversary with appropriate ceremonies and activities.

An Act

June 30, 2000
[S. 761]

To facilitate the use of electronic records and signatures in interstate or foreign commerce.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Electronic
Signatures in
Global and
National
Commerce Act.
15 USC 7001
note.

SECTION 1. SHORT TITLE.

This Act may be cited as the “Electronic Signatures in Global and National Commerce Act”.

**TITLE I—ELECTRONIC RECORDS AND
SIGNATURES IN COMMERCE**

15 USC 7001.

SEC. 101. GENERAL RULE OF VALIDITY.

(a) IN GENERAL.—Notwithstanding any statute, regulation, or other rule of law (other than this title and title II), with respect to any transaction in or affecting interstate or foreign commerce—

(1) a signature, contract, or other record relating to such transaction may not be denied legal effect, validity, or enforceability solely because it is in electronic form; and

(2) a contract relating to such transaction may not be denied legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation.

(b) PRESERVATION OF RIGHTS AND OBLIGATIONS.—This title does not—

(1) limit, alter, or otherwise affect any requirement imposed by a statute, regulation, or rule of law relating to the rights and obligations of persons under such statute, regulation, or rule of law other than a requirement that contracts or other records be written, signed, or in nonelectronic form; or

(2) require any person to agree to use or accept electronic records or electronic signatures, other than a governmental agency with respect to a record other than a contract to which it is a party.

(c) CONSUMER DISCLOSURES.—

(1) CONSENT TO ELECTRONIC RECORDS.—Notwithstanding subsection (a), if a statute, regulation, or other rule of law requires that information relating to a transaction or transactions in or affecting interstate or foreign commerce be provided or made available to a consumer in writing, the use of an electronic record to provide or make available (whichever

is required) such information satisfies the requirement that such information be in writing if—

(A) the consumer has affirmatively consented to such use and has not withdrawn such consent;

(B) the consumer, prior to consenting, is provided with a clear and conspicuous statement—

(i) informing the consumer of (I) any right or option of the consumer to have the record provided or made available on paper or in nonelectronic form, and (II) the right of the consumer to withdraw the consent to have the record provided or made available in an electronic form and of any conditions, consequences (which may include termination of the parties' relationship), or fees in the event of such withdrawal;

(ii) informing the consumer of whether the consent applies (I) only to the particular transaction which gave rise to the obligation to provide the record, or (II) to identified categories of records that may be provided or made available during the course of the parties' relationship;

(iii) describing the procedures the consumer must use to withdraw consent as provided in clause (i) and to update information needed to contact the consumer electronically; and

(iv) informing the consumer (I) how, after the consent, the consumer may, upon request, obtain a paper copy of an electronic record, and (II) whether any fee will be charged for such copy;

(C) the consumer—

(i) prior to consenting, is provided with a statement of the hardware and software requirements for access to and retention of the electronic records; and

(ii) consents electronically, or confirms his or her consent electronically, in a manner that reasonably demonstrates that the consumer can access information in the electronic form that will be used to provide the information that is the subject of the consent; and

(D) after the consent of a consumer in accordance with subparagraph (A), if a change in the hardware or software requirements needed to access or retain electronic records creates a material risk that the consumer will not be able to access or retain a subsequent electronic record that was the subject of the consent, the person providing the electronic record—

(i) provides the consumer with a statement of (I) the revised hardware and software requirements for access to and retention of the electronic records, and (II) the right to withdraw consent without the imposition of any fees for such withdrawal and without the imposition of any condition or consequence that was not disclosed under subparagraph (B)(i); and

(ii) again complies with subparagraph (C).

(2) OTHER RIGHTS.—

(A) PRESERVATION OF CONSUMER PROTECTIONS.— Nothing in this title affects the content or timing of any disclosure or other record required to be provided or made

available to any consumer under any statute, regulation, or other rule of law.

(B) VERIFICATION OR ACKNOWLEDGMENT.—If a law that was enacted prior to this Act expressly requires a record to be provided or made available by a specified method that requires verification or acknowledgment of receipt, the record may be provided or made available electronically only if the method used provides verification or acknowledgment of receipt (whichever is required).

(3) EFFECT OF FAILURE TO OBTAIN ELECTRONIC CONSENT OR CONFIRMATION OF CONSENT.—The legal effectiveness, validity, or enforceability of any contract executed by a consumer shall not be denied solely because of the failure to obtain electronic consent or confirmation of consent by that consumer in accordance with paragraph (1)(C)(ii).

(4) PROSPECTIVE EFFECT.—Withdrawal of consent by a consumer shall not affect the legal effectiveness, validity, or enforceability of electronic records provided or made available to that consumer in accordance with paragraph (1) prior to implementation of the consumer's withdrawal of consent. A consumer's withdrawal of consent shall be effective within a reasonable period of time after receipt of the withdrawal by the provider of the record. Failure to comply with paragraph (1)(D) may, at the election of the consumer, be treated as a withdrawal of consent for purposes of this paragraph.

(5) PRIOR CONSENT.—This subsection does not apply to any records that are provided or made available to a consumer who has consented prior to the effective date of this title to receive such records in electronic form as permitted by any statute, regulation, or other rule of law.

(6) ORAL COMMUNICATIONS.—An oral communication or a recording of an oral communication shall not qualify as an electronic record for purposes of this subsection except as otherwise provided under applicable law.

(d) RETENTION OF CONTRACTS AND RECORDS.—

(1) ACCURACY AND ACCESSIBILITY.—If a statute, regulation, or other rule of law requires that a contract or other record relating to a transaction in or affecting interstate or foreign commerce be retained, that requirement is met by retaining an electronic record of the information in the contract or other record that—

(A) accurately reflects the information set forth in the contract or other record; and

(B) remains accessible to all persons who are entitled to access by statute, regulation, or rule of law, for the period required by such statute, regulation, or rule of law, in a form that is capable of being accurately reproduced for later reference, whether by transmission, printing, or otherwise.

(2) EXCEPTION.—A requirement to retain a contract or other record in accordance with paragraph (1) does not apply to any information whose sole purpose is to enable the contract or other record to be sent, communicated, or received.

(3) ORIGINALS.—If a statute, regulation, or other rule of law requires a contract or other record relating to a transaction in or affecting interstate or foreign commerce to be provided,

available, or retained in its original form, or provides consequences if the contract or other record is not provided, available, or retained in its original form, that statute, regulation, or rule of law is satisfied by an electronic record that complies with paragraph (1).

(4) CHECKS.—If a statute, regulation, or other rule of law requires the retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with paragraph (1).

(e) ACCURACY AND ABILITY TO RETAIN CONTRACTS AND OTHER RECORDS.—Notwithstanding subsection (a), if a statute, regulation, or other rule of law requires that a contract or other record relating to a transaction in or affecting interstate or foreign commerce be in writing, the legal effect, validity, or enforceability of an electronic record of such contract or other record may be denied if such electronic record is not in a form that is capable of being retained and accurately reproduced for later reference by all parties or persons who are entitled to retain the contract or other record.

(f) PROXIMITY.—Nothing in this title affects the proximity required by any statute, regulation, or other rule of law with respect to any warning, notice, disclosure, or other record required to be posted, displayed, or publicly affixed.

(g) NOTARIZATION AND ACKNOWLEDGMENT.—If a statute, regulation, or other rule of law requires a signature or record relating to a transaction in or affecting interstate or foreign commerce to be notarized, acknowledged, verified, or made under oath, that requirement is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable statute, regulation, or rule of law, is attached to or logically associated with the signature or record.

(h) ELECTRONIC AGENTS.—A contract or other record relating to a transaction in or affecting interstate or foreign commerce may not be denied legal effect, validity, or enforceability solely because its formation, creation, or delivery involved the action of one or more electronic agents so long as the action of any such electronic agent is legally attributable to the person to be bound.

(i) INSURANCE.—It is the specific intent of the Congress that this title and title II apply to the business of insurance. Applicability.

(j) INSURANCE AGENTS AND BROKERS.—An insurance agent or broker acting under the direction of a party that enters into a contract by means of an electronic record or electronic signature may not be held liable for any deficiency in the electronic procedures agreed to by the parties under that contract if—

(1) the agent or broker has not engaged in negligent, reckless, or intentional tortious conduct;

(2) the agent or broker was not involved in the development or establishment of such electronic procedures; and

(3) the agent or broker did not deviate from such procedures.

SEC. 102. EXEMPTION TO PREEMPTION.

15 USC 7002.

(a) IN GENERAL.—A State statute, regulation, or other rule of law may modify, limit, or supersede the provisions of section 101 with respect to State law only if such statute, regulation, or rule of law—

(1) constitutes an enactment or adoption of the Uniform Electronic Transactions Act as approved and recommended for enactment in all the States by the National Conference of Commissioners on Uniform State Laws in 1999, except that any exception to the scope of such Act enacted by a State under section 3(b)(4) of such Act shall be preempted to the extent such exception is inconsistent with this title or title II, or would not be permitted under paragraph (2)(A)(ii) of this subsection; or

(2)(A) specifies the alternative procedures or requirements for the use or acceptance (or both) of electronic records or electronic signatures to establish the legal effect, validity, or enforceability of contracts or other records, if—

(i) such alternative procedures or requirements are consistent with this title and title II; and

(ii) such alternative procedures or requirements do not require, or accord greater legal status or effect to, the implementation or application of a specific technology or technical specification for performing the functions of creating, storing, generating, receiving, communicating, or authenticating electronic records or electronic signatures; and

(B) if enacted or adopted after the date of the enactment of this Act, makes specific reference to this Act.

(b) EXCEPTIONS FOR ACTIONS BY STATES AS MARKET PARTICIPANTS.—Subsection (a)(2)(A)(ii) shall not apply to the statutes, regulations, or other rules of law governing procurement by any State, or any agency or instrumentality thereof.

(c) PREVENTION OF CIRCUMVENTION.—Subsection (a) does not permit a State to circumvent this title or title II through the imposition of nonelectronic delivery methods under section 8(b)(2) of the Uniform Electronic Transactions Act.

15 USC 7003.

SEC. 103. SPECIFIC EXCEPTIONS.

(a) EXCEPTED REQUIREMENTS.—The provisions of section 101 shall not apply to a contract or other record to the extent it is governed by—

(1) a statute, regulation, or other rule of law governing the creation and execution of wills, codicils, or testamentary trusts;

(2) a State statute, regulation, or other rule of law governing adoption, divorce, or other matters of family law; or

(3) the Uniform Commercial Code, as in effect in any State, other than sections 1-107 and 1-206 and Articles 2 and 2A.

(b) ADDITIONAL EXCEPTIONS.—The provisions of section 101 shall not apply to—

(2) any notice of—

(A) the cancellation or termination of utility services (including water, heat, and power);

(B) default, acceleration, repossession, foreclosure, or eviction, or the right to cure, under a credit agreement secured by, or a rental agreement for, a primary residence of an individual;

(C) the cancellation or termination of health insurance or benefits or life insurance benefits (excluding annuities); or

(D) recall of a product, or material failure of a product, that risks endangering health or safety; or

(3) any document required to accompany any transportation or handling of hazardous materials, pesticides, or other toxic or dangerous materials.

(c) REVIEW OF EXCEPTIONS.—

(1) EVALUATION REQUIRED.—The Secretary of Commerce, acting through the Assistant Secretary for Communications and Information, shall review the operation of the exceptions in subsections (a) and (b) to evaluate, over a period of 3 years, whether such exceptions continue to be necessary for the protection of consumers. Within 3 years after the date of enactment of this Act, the Assistant Secretary shall submit a report to the Congress on the results of such evaluation.

Deadline.
Reports.

(2) DETERMINATIONS.—If a Federal regulatory agency, with respect to matter within its jurisdiction, determines after notice and an opportunity for public comment, and publishes a finding, that one or more such exceptions are no longer necessary for the protection of consumers and eliminating such exceptions will not increase the material risk of harm to consumers, such agency may extend the application of section 101 to the exceptions identified in such finding.

SEC. 104. APPLICABILITY TO FEDERAL AND STATE GOVERNMENTS.

15 USC 7004.

(a) FILING AND ACCESS REQUIREMENTS.—Subject to subsection (c)(2), nothing in this title limits or supersedes any requirement by a Federal regulatory agency, self-regulatory organization, or State regulatory agency that records be filed with such agency or organization in accordance with specified standards or formats.

(b) PRESERVATION OF EXISTING RULEMAKING AUTHORITY.—

(1) USE OF AUTHORITY TO INTERPRET.—Subject to paragraph (2) and subsection (c), a Federal regulatory agency or State regulatory agency that is responsible for rulemaking under any other statute may interpret section 101 with respect to such statute through—

(A) the issuance of regulations pursuant to a statute;

or

(B) to the extent such agency is authorized by statute to issue orders or guidance, the issuance of orders or guidance of general applicability that are publicly available and published (in the Federal Register in the case of an order or guidance issued by a Federal regulatory agency).

This paragraph does not grant any Federal regulatory agency or State regulatory agency authority to issue regulations, orders, or guidance pursuant to any statute that does not authorize such issuance.

(2) LIMITATIONS ON INTERPRETATION AUTHORITY.—Notwithstanding paragraph (1), a Federal regulatory agency shall not adopt any regulation, order, or guidance described in paragraph (1), and a State regulatory agency is preempted by section 101 from adopting any regulation, order, or guidance described in paragraph (1), unless—

(B) such regulation, order, or guidance does not add to the requirements of such section; and

(C) such agency finds, in connection with the issuance of such regulation, order, or guidance, that—

(i) there is a substantial justification for the regulation, order, or guidance;

(ii) the methods selected to carry out that purpose—

(I) are substantially equivalent to the requirements imposed on records that are not electronic records; and

(II) will not impose unreasonable costs on the acceptance and use of electronic records; and

(iii) the methods selected to carry out that purpose do not require, or accord greater legal status or effect to, the implementation or application of a specific technology or technical specification for performing the functions of creating, storing, generating, receiving, communicating, or authenticating electronic records or electronic signatures.

(3) PERFORMANCE STANDARDS.—

(A) ACCURACY, RECORD INTEGRITY, ACCESSIBILITY.—Notwithstanding paragraph (2)(C)(iii), a Federal regulatory agency or State regulatory agency may interpret section 101(d) to specify performance standards to assure accuracy, record integrity, and accessibility of records that are required to be retained. Such performance standards may be specified in a manner that imposes a requirement in violation of paragraph (2)(C)(iii) if the requirement (i) serves an important governmental objective; and (ii) is substantially related to the achievement of that objective. Nothing in this paragraph shall be construed to grant any Federal regulatory agency or State regulatory agency authority to require use of a particular type of software or hardware in order to comply with section 101(d).

(B) PAPER OR PRINTED FORM.—Notwithstanding subsection (c)(1), a Federal regulatory agency or State regulatory agency may interpret section 101(d) to require retention of a record in a tangible printed or paper form if—

(i) there is a compelling governmental interest relating to law enforcement or national security for imposing such requirement; and

(ii) imposing such requirement is essential to attaining such interest.

(4) EXCEPTIONS FOR ACTIONS BY GOVERNMENT AS MARKET PARTICIPANT.—Paragraph (2)(C)(iii) shall not apply to the statutes, regulations, or other rules of law governing procurement by the Federal or any State government, or any agency or instrumentality thereof.

(c) ADDITIONAL LIMITATIONS.—

(1) REIMPOSING PAPER PROHIBITED.—Nothing in subsection (b) (other than paragraph (3)(B) thereof) shall be construed to grant any Federal regulatory agency or State regulatory agency authority to impose or reimpose any requirement that a record be in a tangible printed or paper form.

(2) CONTINUING OBLIGATION UNDER GOVERNMENT PAPERWORK ELIMINATION ACT.—Nothing in subsection (a) or (b) relieves any Federal regulatory agency of its obligations under the Government Paperwork Elimination Act (title XVII of Public Law 105-277).

(d) AUTHORITY TO EXEMPT FROM CONSENT PROVISION.—

(1) IN GENERAL.—A Federal regulatory agency may, with respect to matter within its jurisdiction, by regulation or order issued after notice and an opportunity for public comment, exempt without condition a specified category or type of record from the requirements relating to consent in section 101(c) if such exemption is necessary to eliminate a substantial burden on electronic commerce and will not increase the material risk of harm to consumers.

(2) PROSPECTUSES.—Within 30 days after the date of enactment of this Act, the Securities and Exchange Commission shall issue a regulation or order pursuant to paragraph (1) exempting from section 101(c) any records that are required to be provided in order to allow advertising, sales literature, or other information concerning a security issued by an investment company that is registered under the Investment Company Act of 1940, or concerning the issuer thereof, to be excluded from the definition of a prospectus under section 2(a)(10)(A) of the Securities Act of 1933.

[S. 1309]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. PURPOSE.

29 USC 1144a
note.

The purpose of this Act is only to clarify the application to a church plan that is a welfare plan of State insurance laws that require or solely relate to licensing, solvency, insolvency, or the status of such plan as a single employer plan.

SEC. 2 CLARIFICATION OF CHURCH WELFARE PLAN STATUS UNDER STATE INSURANCE LAW.

29 USC 1144a.

(a) **IN GENERAL.**—For purposes of determining the status of a church plan that is a welfare plan under provisions of a State insurance law described in subsection (b), such a church plan (and any trust under such plan) shall be deemed to be a plan sponsored by a single employer that reimburses costs from general church assets, or purchases insurance coverage with general church assets, or both.

(b) **STATE INSURANCE LAW.**—A State insurance law described in this subsection is a law that—

(1) requires a church plan, or an organization described in section 414(e)(3)(A) of the Internal Revenue Code of 1986 and section 3(33)(C)(i) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002(33)(C)(i)) to the extent that it is administering or funding such a plan, to be licensed; or

(2) relates solely to the solvency or insolvency of a church plan (including participation in State guaranty funds and associations).

(c) **DEFINITIONS.**—For purposes of this section:

(1) **CHURCH PLAN.**—The term “church plan” has the meaning given such term by section 414(e) of the Internal Revenue Code of 1986 and section 3(33) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002(33)).

(2) **REIMBURSES COSTS FROM GENERAL CHURCH ASSETS.**—The term “reimburses costs from general church assets” means engaging in an activity that is not the spreading of risk solely for the purposes of the provisions of State insurance laws described in subsection (b).

(3) **WELFARE PLAN.**—The term “welfare plan”—

(A) means any church plan to the extent that such plan provides medical, surgical, or hospital care or benefits, or benefits in the event of sickness, accident, disability, death or unemployment, or vacation benefits, apprenticeship or other training programs, or day care centers, scholarship funds, or prepaid legal services; and

(B) does not include any entity, such as a health insurance issuer described in section 9832(b)(2) of the Internal Revenue Code of 1986 or a health maintenance organization described in section 9832(b)(3) of such Code, or any other organization that does business with the church plan or organization sponsoring or maintaining such a plan.

(d) ENFORCEMENT AUTHORITY.—Notwithstanding any other provision of this section, for purposes of enforcing provisions of State insurance laws that apply to a church plan that is a welfare plan, the church plan shall be subject to State enforcement as if the church plan were an insurer licensed by the State.

(e) APPLICATION OF SECTION.—Except as provided in subsection (d), the application of this section is limited to determining the status of a church plan that is a welfare plan under the provisions of State insurance laws described in subsection (b). This section shall not otherwise be construed to recharacterize the status, or modify or affect the rights, of any plan participant or beneficiary, including participants or beneficiaries who make plan contributions.

Public Law 106–245
106th Congress

An Act

To amend the Radiation Exposure Compensation Act, and for other purposes.

July 10, 2000

[S. 1515]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Radiation Exposure Compensation Act Amendments of 2000”.

Radiation
Exposure
Compensation
Act Amendments
of 2000.
42 USC 2011
note.
42 USC 2210
note.

SEC. 2. FINDINGS.

Congress finds that—

(1) the Radiation Exposure Compensation Act (42 U.S.C. 2210 note) recognized the responsibility of the Federal Government to compensate individuals who were harmed by the mining of radioactive materials or fallout from nuclear arms testing;

(2) a congressional oversight hearing conducted by the Committee on Labor and Human Resources of the Senate demonstrated that since enactment of the Radiation Exposure Compensation Act (42 U.S.C. 2210 note), regulatory burdens have made it too difficult for some deserving individuals to be fairly and efficiently compensated;

(3) reports of the Atomic Energy Commission and the National Institute for Occupational Safety and Health testify to the need to extend eligibility to States in which the Federal Government sponsored uranium mining and milling from 1941 through 1971;

(4) scientific data resulting from the enactment of the Radiation Exposed Veterans Compensation Act of 1988 (38 U.S.C. 101 note), and obtained from the Committee on the Biological Effects of Ionizing Radiations, and the President’s Advisory Committee on Human Radiation Experiments provide medical validation for the extension of compensable radiogenic pathologies;

(5) above-ground uranium miners, millers and individuals who transported ore should be fairly compensated, in a manner similar to that provided for underground uranium miners, in cases in which those individuals suffered disease or resultant death, associated with radiation exposure, due to the failure of the Federal Government to warn and otherwise help protect citizens from the health hazards addressed by the Radiation Exposure Compensation Act of 1990 (42 U.S.C. 2210 note); and

(6) it should be the responsibility of the Federal Government in partnership with State and local governments and

appropriate healthcare organizations, to initiate and support programs designed for the early detection, prevention and education on radiogenic diseases in approved States to aid the thousands of individuals adversely affected by the mining of uranium and the testing of nuclear weapons for the Nation's weapons arsenal.

SEC. 3. AMENDMENTS TO THE RADIATION EXPOSURE COMPENSATION ACT.

(a) **CLAIMS RELATING TO ATMOSPHERIC NUCLEAR TESTING.**—Section 4(a)(1) of the Radiation Exposure Compensation Act (42 U.S.C. 2210 note) is amended to read as follows:

“(I) after the applicable period of physical presence described in subclause (I) or (II) of clause (i) or onsite participation described in clause (i)(III) (as the case may be); and

“(II) more than 2 years after first exposure to fallout.

“(B) **AMOUNTS.**—If the conditions described in subparagraph (C) are met, an individual—

“(i) who is described in subclause (I) or (II) of subparagraph (A)(i) shall receive \$50,000; or

“(C) **CONDITIONS.**—The conditions described in this subparagraph are as follows:

“(i) Initial exposure occurred prior to age 21.

BROOKS AIR FORCE BASE DEVELOPMENT DEMONSTRATION PROJECT

SEC. 136. (a) PURPOSE.—The purpose of this section is to evaluate and demonstrate methods for more efficient operation of military installations through improved capital asset management and greater reliance on the public or private sector for less-costly base support services, where available. The section supersedes, and shall be used in lieu of the authority provided in, section 8168 of the Department of Defense Appropriations Act, 2000 (Public Law 106-79; 113 Stat. 1277).

(b) AUTHORITY.—(1) Subject to paragraph (4), the Secretary of the Air Force may carry out at Brooks Air Force Base, Texas, a demonstration project to be known as the “Base Efficiency Project” to improve mission effectiveness and reduce the cost of providing quality installation support at Brooks Air Force Base.

(2) The Secretary may carry out the Project in consultation with the Community to the extent the Secretary determines such consultation is necessary and appropriate.

(3) The authority provided in this section is in addition to any other authority vested in or delegated to the Secretary, and the Secretary may exercise any authority or combination of authorities provided under this section or elsewhere to carry out the purposes of the Project.

(4) The Secretary may not exercise any authority under this section until after the end of the 30-day period beginning on the date the Secretary submits to the appropriate committees of the Congress a master plan for the development of the Base.

(c) EFFICIENT PRACTICES.—(1) The Secretary may convert services at or for the benefit of the Base from accomplishment by military personnel or by Department civilian employees (appropriated fund or non-appropriated fund), to services performed by contract or provided as consideration for the lease, sale, or other conveyance or transfer of property.

(2) Notwithstanding section 2462 of title 10, United States Code, a contract for services may be awarded based on “best value”

if the Secretary determines that the award will advance the purposes of a joint activity conducted under the project and is in the best interest of the Department.

(3) Notwithstanding that such services are generally funded by local and State taxes and provided without specific charge to the public at large, the Secretary may contract for public services at or for the benefit of the Base in exchange for such consideration, if any, the Secretary determines to be appropriate.

(4)(A) The Secretary may conduct joint activities with the Community, the State, and any private parties or entities on or for the benefit of the Base.

(B) Payments or reimbursements received from participants for their share of direct and indirect costs of joint activities, including the costs of providing, operating, and maintaining facilities, shall be in an amount and type determined to be adequate and appropriate by the Secretary.

(C) Such payments or reimbursements received by the Department shall be deposited into the Project Fund.

(d) LEASE AUTHORITY.—(1) The Secretary may lease real or personal property located on the Base and not required at other Air Force installations to any lessee upon such terms and conditions as the Secretary considers appropriate and in the interest of the United States, if the Secretary determines that the lease would facilitate the purposes of the Project.

(2) Consideration for a lease under this subsection shall be determined in accordance with subsection (g).

(3) A lease under this subsection—

(A) may be for such period as the Secretary determines is necessary to accomplish the goals of the Project; and

(B) may give the lessee the first right to purchase the property at fair market value if the lease is terminated to allow the United States to sell the property under any other provision of law.

(4)(A) The interest of a lessee of property leased under this subsection may be taxed by the State or the Community.

(B) A lease under this subsection shall provide that, if and to the extent that the leased property is later made taxable by State governments or local governments under Federal law, the lease shall be renegotiated.

(5) The Department may furnish a lessee with utilities, custodial services, and other base operation, maintenance, or support services performed by Department civilian or contract employees, in exchange for such consideration, payment, or reimbursement as the Secretary determines appropriate.

(6) All amounts received from leases under this subsection shall be deposited into the Project Fund.

(7) A lease under this subsection shall not be subject to the following provisions of law:

(A) Section 2667 of title 10, United States Code, other than subsection (b)(1) of that section.

(2) A leaseback of real property under this subsection shall be an operating lease for no more than 20 years unless the Secretary of the Air Force determines that a longer term is appropriate.

(3)(A) Consideration, if any, for real property leased under a leaseback entered into under this subsection shall be in such form and amount as the Secretary considers appropriate.

(B) The Secretary may use funds in the Project Fund or other funds appropriated or otherwise available to the Department for use at the Base for payment of any such cash rent.

(4) Notwithstanding any other provision of law, the Department or other military department or other Federal agency using the real property leased under a leaseback entered into under this subsection may construct and erect facilities on or otherwise improve the leased property using funds appropriated or otherwise available to the Department or other military department or other Federal agency for such purpose.

(g) CONSIDERATION.—(1) The Secretary shall determine the nature, value, and adequacy of consideration required or offered in exchange for a lease, sale, or other conveyance or transfer of real or personal property or for other actions taken under the Project.

(h) PROJECT FUND.—(1) There is established on the books of the Treasury a fund to be known as the “Base Efficiency Project Fund” into which all cash rents, proceeds, payments, reimbursements, and other amounts from leases, sales, or other conveyances or transfers, joint activities, and all other actions taken under the Project shall be deposited. Subject to paragraph (2), amounts deposited into the Project Fund shall be available without fiscal year limitation.

(2) To the extent provided in advance in appropriations Acts, amounts in the Project Fund shall be available to the Secretary for use at the base only for operation, base operating support services, maintenance, repair, or improvement of Department facilities, payment of consideration for acquisitions of interests in real property (including payment of rentals for leasebacks), and environmental protection or restoration. The use of such amounts may be in addition to or in combination with other amounts appropriated for these purposes.

(2) Transfers of real or personal property at the Base to other Federal agencies shall be at fair market value consideration. Such consideration may be paid in cash, by appropriation transfer, or in property, goods, or services.

Public Law 106–247
106th Congress

An Act

To require the Secretary of the Interior to establish a program to provide assistance in the conservation of neotropical migratory birds.

July 20, 2000

[S. 148]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Neotropical Migratory Bird Conservation Act”.

SEC. 2. FINDINGS.

Congress finds that—

(1) of the nearly 800 bird species known to occur in the United States, approximately 500 migrate among countries, and the large majority of those species, the neotropical migrants, winter in Latin America and the Caribbean;

(2) neotropical migratory bird species provide invaluable environmental, economic, recreational, and aesthetic benefits to the United States, as well as to the Western Hemisphere;

(3)(A) many neotropical migratory bird populations, once considered common, are in decline, and some have declined to the point that their long-term survival in the wild is in jeopardy; and

(B) the primary reason for the decline in the populations of those species is habitat loss and degradation (including pollution and contamination) across the species’ range; and

(4)(A) because neotropical migratory birds range across numerous international borders each year, their conservation requires the commitment and effort of all countries along their migration routes; and

(B) although numerous initiatives exist to conserve migratory birds and their habitat, those initiatives can be significantly strengthened and enhanced by increased coordination.

SEC. 3. PURPOSES.

The purposes of this Act are—

(1) to perpetuate healthy populations of neotropical migratory birds;

(2) to assist in the conservation of neotropical migratory birds by supporting conservation initiatives in the United States, Latin America, and the Caribbean; and

(3) to provide financial resources and to foster international cooperation for those initiatives.

Public Law 106–248
106th Congress

An Act

July 25, 2000
[S. 1892]

To authorize the acquisition of the Valles Caldera, to provide for an effective land and wildlife management program for this resource within the Department of Agriculture, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Valles Caldera
Preservation Act.
New Mexico

**TITLE I—VALLES CALDERA NATIONAL
PRESERVE AND TRUST**

16 USC 698v
note.

SEC. 101. SHORT TITLE.

This title may be cited as the “Valles Caldera Preservation Act”.

16 USC 698v.

SEC. 102. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) the Baca ranch comprises most of the Valles Caldera in central New Mexico, and constitutes a unique land mass, with significant scientific, cultural, historic, recreational, ecological, wildlife, fisheries, and productive values;

(2) the Valles Caldera is a large resurgent lava dome with potential geothermal activity;

(3) the land comprising the Baca ranch was originally granted to the heirs of Don Luis Maria Cabeza de Vaca in 1860;

(4) historical evidence, in the form of old logging camps and other artifacts, and the history of territorial New Mexico indicate the importance of this land over many generations for domesticated livestock production and timber supply;

(5) the careful husbandry of the Baca ranch by the current owners, including selective timbering, limited grazing and hunting, and the use of prescribed fire, have preserved a mix of healthy range and timber land with significant species diversity, thereby serving as a model for sustainable land development and use;

(6) the Baca ranch’s natural beauty and abundant resources, and its proximity to large municipal populations, could provide numerous recreational opportunities for hiking, fishing, camping, cross-country skiing, and hunting;

(7) the Forest Service documented the scenic and natural values of the Baca ranch in its 1993 study entitled “Report on the Study of the Baca Location No. 1, Santa Fe National Forest, New Mexico”, as directed by Public Law 101–556;

(8) the Baca ranch can be protected for current and future generations by continued operation as a working ranch under a unique management regime which would protect the land and resource values of the property and surrounding ecosystem while allowing and providing for the ranch to eventually become financially self-sustaining;

(9) the current owners have indicated that they wish to sell the Baca ranch, creating an opportunity for Federal acquisition and public access and enjoyment of these lands;

(10) certain features on the Baca ranch have historical and religious significance to Native Americans which can be preserved and protected through Federal acquisition of the property;

(11) the unique nature of the Valles Caldera and the potential uses of its resources with different resulting impacts warrants a management regime uniquely capable of developing an operational program for appropriate preservation and development of the land and resources of the Baca ranch in the interest of the public;

(12) an experimental management regime should be provided by the establishment of a Trust capable of using new methods of public land management that may prove to be cost-effective and environmentally sensitive; and

(13) the Secretary may promote more efficient management of the Valles Caldera and the watershed of the Santa Clara Creek through the assignment of purchase rights of such watershed to the Pueblo of Santa Clara.

(b) PURPOSES.—The purposes of this title are—

(1) to authorize Federal acquisition of the Baca ranch;

(2) to protect and preserve for future generations the scientific, scenic, historic, and natural values of the Baca ranch, including rivers and ecosystems and archaeological, geological, and cultural resources;

(3) to provide opportunities for public recreation;

(4) to establish a demonstration area for an experimental management regime adapted to this unique property which incorporates elements of public and private administration in order to promote long term financial sustainability consistent with the other purposes enumerated in this subsection; and

(5) to provide for sustained yield management of Baca ranch for timber production and domesticated livestock grazing insofar as is consistent with the other purposes stated herein.

TITLE II—FEDERAL LAND TRANSACTION FACILITATION

Federal
Transaction
Facilitation Act.

SEC. 201. SHORT TITLE.

This title may be cited as the “Federal Land Transaction Facilitation Act”.

43 USC 2301
note.

SEC. 202. FINDINGS.

43 USC 2301.

Congress finds that—

(1) the Bureau of Land Management has authority under the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.) to sell land identified for disposal under its land use planning;

(2) the Bureau of Land Management has authority under that Act to exchange Federal land for non-Federal land if the exchange would be in the public interest;

(3) through land use planning under that Act, the Bureau of Land Management has identified certain tracts of public land for disposal;

(4) the Federal land management agencies of the Departments of the Interior and Agriculture have authority under existing law to acquire land consistent with the mission of each agency;

(5) the sale or exchange of land identified for disposal and the acquisition of certain non-Federal land from willing landowners would—

(A) allow for the reconfiguration of land ownership patterns to better facilitate resource management;

(B) contribute to administrative efficiency within Federal land management units; and

(C) allow for increased effectiveness of the allocation of fiscal and human resources within the Federal land management agencies;

(6) a more expeditious process for disposal and acquisition of land, established to facilitate a more effective configuration of land ownership patterns, would benefit the public interest;

(7) many private individuals own land within the boundaries of Federal land management units and desire to sell the land to the Federal Government;

(8) such land lies within national parks, national monuments, national wildlife refuges, national forests, and other areas designated for special management;

(9) Federal land management agencies are facing increased workloads from rapidly growing public demand for the use of public land, making it difficult for Federal managers to address problems created by the existence of inholdings in many areas;

(10) in many cases, inholders and the Federal Government would mutually benefit from Federal acquisition of the land on a priority basis;

(11) proceeds generated from the disposal of public land may be properly dedicated to the acquisition of inholdings and other land that will improve the resource management ability of the Federal land management agencies and adjoining landowners;

(12) using proceeds generated from the disposal of public land to purchase inholdings and other such land from willing sellers would enhance the ability of the Federal land management agencies to—

(A) work cooperatively with private landowners and State and local governments; and

(B) promote consolidation of the ownership of public and private land in a manner that would allow for better overall resource management;

(13) in certain locations, the sale of public land that has been identified for disposal is the best way for the public to receive fair market value for the land; and

(14) to allow for the least disruption of existing land and resource management programs, the Bureau of Land Management may use non-Federal entities to prepare appraisal documents for agency review and approval consistent with applicable provisions of the Uniform Standards for Federal Land Acquisition.

To amend title 4 of the United States Code to establish sourcing requirements for State and local taxation of mobile telecommunication services.

Mobile Tele-
communications
Sourcing Act.
4 USC 1 note.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Mobile Telecommunications Sourcing Act”.

SEC. 2. AMENDMENTS TO TITLE 4 OF THE UNITED STATES CODE.

(a) **AMENDMENT RELATING TO THE STATES.**—Chapter 4 of title 4 of the United States Code is amended by adding at the end the following:

“§ 116. Rules for determining State and local government treatment of charges related to mobile telecommunications services

“(a) **APPLICATION OF THIS SECTION THROUGH SECTION 126.**—This section through 126 of this title apply to any tax, charge, or fee levied by a taxing jurisdiction as a fixed charge for each customer or measured by gross amounts charged to customers for mobile telecommunications services, regardless of whether such tax, charge, or fee is imposed on the vendor or customer of the service and regardless of the terminology used to describe the tax, charge, or fee.

“(b) **GENERAL EXCEPTIONS.**—This section through 126 of this title do not apply to—

“(1) any tax, charge, or fee levied upon or measured by the net income, capital stock, net worth, or property value of the provider of mobile telecommunications service;

“(2) any tax, charge, or fee that is applied to an equitably apportioned amount that is not determined on a transactional basis;

“(3) any tax, charge, or fee that represents compensation for a mobile telecommunications service provider’s use of public rights of way or other public property, provided that such tax, charge, or fee is not levied by the taxing jurisdiction as a fixed charge for each customer or measured by gross amounts charged to customers for mobile telecommunication services;

“(4) any generally applicable business and occupation tax that is imposed by a State, is applied to gross receipts or gross proceeds, is the legal liability of the home service provider, and that statutorily allows the home service provider to elect

to use the sourcing method required in this section through 126 of this title;

“(5) any fee related to obligations under section 254 of the Communications Act of 1934; or

“(6) any tax, charge, or fee imposed by the Federal Communications Commission.

“(c) SPECIFIC EXCEPTIONS.—This section through 126 of this title—

“(1) do not apply to the determination of the taxing situs of prepaid telephone calling services;

“(2) do not affect the taxability of either the initial sale of mobile telecommunications services or subsequent resale of such services, whether as sales of such services alone or as a part of a bundled product, if the Internet Tax Freedom Act would preclude a taxing jurisdiction from subjecting the charges of the sale of such services to a tax, charge, or fee, but this section provides no evidence of the intent of Congress with respect to the applicability of the Internet Tax Freedom Act to such charges; and

“(3) do not apply to the determination of the taxing situs of air-ground radiotelephone service as defined in section 22.99 of title 47 of the Code of Federal Regulations as in effect on June 1, 1999.

“§ 117. Sourcing rules

“(a) TREATMENT OF CHARGES FOR MOBILE TELECOMMUNICATIONS SERVICES.—Notwithstanding the law of any State or political subdivision of any State, mobile telecommunications services provided in a taxing jurisdiction to a customer, the charges for which are billed by or for the customer’s home service provider, shall be deemed to be provided by the customer’s home service provider.

“(b) JURISDICTION.—All charges for mobile telecommunications services that are deemed to be provided by the customer’s home service provider under sections 116 through 126 of this title are authorized to be subjected to tax, charge, or fee by the taxing jurisdictions whose territorial limits encompass the customer’s place of primary use, regardless of where the mobile telecommunication services originate, terminate, or pass through, and no other taxing jurisdiction may impose taxes, charges, or fees on charges for such mobile telecommunications services.

“§ 118. Limitations

“Sections 116 through 126 of this title do not—

“(1) provide authority to a taxing jurisdiction to impose a tax, charge, or fee that the laws of such jurisdiction do not authorize such jurisdiction to impose; or

“(2) modify, impair, supersede, or authorize the modification, impairment, or supersession of the law of any taxing jurisdiction pertaining to taxation except as expressly provided in sections 116 through 126 of this title.

“§ 119. Electronic databases for nationwide standard numeric jurisdictional codes

“(a) ELECTRONIC DATABASE.—

“(1) PROVISION OF DATABASE.—A State may provide an electronic database to a home service provider or, if a State

does not provide such an electronic database to home service providers, then the designated database provider may provide an electronic database to a home service provider.

“(2) FORMAT.—(A) Such electronic database, whether provided by the State or the designated database provider, shall be provided in a format approved by the American National Standards Institute’s Accredited Standards Committee X12, that, allowing for de minimis deviations, designates for each street address in the State, including to the extent practicable, any multiple postal street addresses applicable to one street location, the appropriate taxing jurisdictions, and the appropriate code for each taxing jurisdiction, for each level of taxing jurisdiction, identified by one nationwide standard numeric code.

“(B) Such electronic database shall also provide the appropriate code for each street address with respect to political subdivisions which are not taxing jurisdictions when reasonably needed to determine the proper taxing jurisdiction.

“(C) The nationwide standard numeric codes shall contain the same number of numeric digits with each digit or combination of digits referring to the same level of taxing jurisdiction throughout the United States using a format similar to FIPS 55-3 or other appropriate standard approved by the Federation of Tax Administrators and the Multistate Tax Commission, or their successors. Each address shall be provided in standard postal format.

“(b) NOTICE; UPDATES.—A State or designated database provider that provides or maintains an electronic database described in subsection (a) shall provide notice of the availability of the then current electronic database, and any subsequent revisions thereof, by publication in the manner normally employed for the publication of informational tax, charge, or fee notices to taxpayers in such State.

“(c) USER HELD HARMLESS.—A home service provider using the data contained in an electronic database described in subsection (a) shall be held harmless from any tax, charge, or fee liability that otherwise would be due solely as a result of any error or omission in such database provided by a State or designated database provider. The home service provider shall reflect changes made to such database during a calendar quarter not later than 30 days after the end of such calendar quarter for each State that issues notice of the availability of an electronic database reflecting such changes under subsection (b).

Deadline.

“§ 120. Procedure if no electronic database provided

“(a) SAFE HARBOR.—If neither a State nor designated database provider provides an electronic database under section 119, a home service provider shall be held harmless from any tax, charge, or fee liability in such State that otherwise would be due solely as a result of an assignment of a street address to an incorrect taxing jurisdiction if, subject to section 121, the home service provider employs an enhanced zip code to assign each street address to a specific taxing jurisdiction for each level of taxing jurisdiction and exercises due diligence at each level of taxing jurisdiction to ensure that each such street address is assigned to the correct taxing jurisdiction. If an enhanced zip code overlaps boundaries of taxing jurisdictions of the same level, the home service provider

must designate one specific jurisdiction within such enhanced zip code for use in taxing the activity for such enhanced zip code for each level of taxing jurisdiction. Any enhanced zip code assignment changed in accordance with section 121 is deemed to be in compliance with this section. For purposes of this section, there is a rebuttable presumption that a home service provider has exercised due diligence if such home service provider demonstrates that it has—

“(1) expended reasonable resources to implement and maintain an appropriately detailed electronic database of street address assignments to taxing jurisdictions;

“(2) implemented and maintained reasonable internal controls to promptly correct misassignments of street addresses to taxing jurisdictions; and

“(3) used all reasonably obtainable and usable data pertaining to municipal annexations, incorporations, reorganizations and any other changes in jurisdictional boundaries that materially affect the accuracy of such database.

“(b) **TERMINATION OF SAFE HARBOR.**—Subsection (a) applies to a home service provider that is in compliance with the requirements of subsection (a), with respect to a State for which an electronic database is not provided under section 119 until the later of—

Applicability.

“(1) 18 months after the nationwide standard numeric code described in section 119(a) has been approved by the Federation of Tax Administrators and the Multistate Tax Commission; or

Deadline.

“(2) 6 months after such State or a designated database provider in such State provides such database as prescribed in section 119(a).

“§ 121. Correction of erroneous data for place of primary use

“(a) **IN GENERAL.**—A taxing jurisdiction, or a State on behalf of any taxing jurisdiction or taxing jurisdictions within such State, may—

“(1) determine that the address used for purposes of determining the taxing jurisdictions to which taxes, charges, or fees for mobile telecommunications services are remitted does not meet the definition of place of primary use in section 124(8) and give binding notice to the home service provider to change the place of primary use on a prospective basis from the date of notice of determination if—

“(A) if the taxing jurisdiction making such determination is not a State, such taxing jurisdiction obtains the consent of all affected taxing jurisdictions within the State before giving such notice of determination; and

“(B) before the taxing jurisdiction gives such notice of determination, the customer is given an opportunity to demonstrate in accordance with applicable State or local tax, charge, or fee administrative procedures that the address is the customer’s place of primary use;

“(2) determine that the assignment of a taxing jurisdiction by a home service provider under section 120 does not reflect the correct taxing jurisdiction and give binding notice to the home service provider to change the assignment on a prospective basis from the date of notice of determination if—

“(A) if the taxing jurisdiction making such determination is not a State, such taxing jurisdiction obtains the consent of all affected taxing jurisdictions within the State before giving such notice of determination; and

“(B) the home service provider is given an opportunity to demonstrate in accordance with applicable State or local tax, charge, or fee administrative procedures that the assignment reflects the correct taxing jurisdiction.

“§ 122. Determination of place of primary use

“(a) PLACE OF PRIMARY USE.—A home service provider shall be responsible for obtaining and maintaining the customer’s place of primary use (as defined in section 124). Subject to section 121, and if the home service provider’s reliance on information provided by its customer is in good faith, a taxing jurisdiction shall—

“(1) allow a home service provider to rely on the applicable residential or business street address supplied by the home service provider’s customer; and

“(2) not hold a home service provider liable for any additional taxes, charges, or fees based on a different determination of the place of primary use for taxes, charges, or fees that are customarily passed on to the customer as a separate itemized charge.

Effective date.

“(b) ADDRESS UNDER EXISTING AGREEMENTS.—Except as provided in section 121, a taxing jurisdiction shall allow a home service provider to treat the address used by the home service provider for tax purposes for any customer under a service contract or agreement in effect 2 years after the date of the enactment of the Mobile Telecommunications Sourcing Act as that customer’s place of primary use for the remaining term of such service contract or agreement, excluding any extension or renewal of such service contract or agreement, for purposes of determining the taxing jurisdictions to which taxes, charges, or fees on charges for mobile telecommunications services are remitted.

“§ 123. Scope; special rules

“(a) ACT DOES NOT SUPERSEDE CUSTOMER’S LIABILITY TO TAXING JURISDICTION.—Nothing in sections 116 through 126 modifies, impairs, supersedes, or authorizes the modification, impairment, or supersession of, any law allowing a taxing jurisdiction to collect a tax, charge, or fee from a customer that has failed to provide its place of primary use.

“(b) ADDITIONAL TAXABLE CHARGES.—If a taxing jurisdiction does not otherwise subject charges for mobile telecommunications services to taxation and if these charges are aggregated with and not separately stated from charges that are subject to taxation, then the charges for nontaxable mobile telecommunications services may be subject to taxation unless the home service provider can reasonably identify charges not subject to such tax, charge, or fee from its books and records that are kept in the regular course of business.

“(c) NONTAXABLE CHARGES.—If a taxing jurisdiction does not subject charges for mobile telecommunications services to taxation, a customer may not rely upon the nontaxability of charges for mobile telecommunications services unless the customer’s home service provider separately states the charges for nontaxable mobile telecommunications services from taxable charges or the home

service provider elects, after receiving a written request from the customer in the form required by the provider, to provide verifiable data based upon the home service provider's books and records that are kept in the regular course of business that reasonably identifies the nontaxable charges.

“§ 124. Definitions

“In sections 116 through 126 of this title:

“(1) CHARGES FOR MOBILE TELECOMMUNICATIONS SERVICES.—The term ‘charges for mobile telecommunications services’ means any charge for, or associated with, the provision of commercial mobile radio service, as defined in section 20.3 of title 47 of the Code of Federal Regulations as in effect on June 1, 1999, or any charge for, or associated with, a service provided as an adjunct to a commercial mobile radio service, that is billed to the customer by or for the customer's home service provider regardless of whether individual transmissions originate or terminate within the licensed service area of the home service provider.

“(2) CUSTOMER.—

“(A) IN GENERAL.—The term ‘customer’ means—

An Act

To foster cross-border cooperation and environmental cleanup in Northern Europe.

Aug. 2, 2000

[H.R. 4249]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Cross-Border Cooperation and Environmental Safety in Northern Europe Act of 2000”.

Cross-Border
Cooperation and
Environmental
Safety in
Northern Europe
Act of 2000.
Hazardous
substances.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds the following:

(1) Northern Europe is an increasingly vital part of Europe and one that offers great opportunities for United States investment.

(2) Northern Europe offers an excellent opportunity to make progress toward the United States vision of a secure, prosperous, and stable Europe, in part because of—

(A) historical tradition of regional cooperation;

(B) the opportunity to engage Russia in positive, cooperative activities with its neighbors to the west;

(C) commitment by the Baltic states to regional cooperation and integration into western institutions; and

(D) longstanding, strong ties with the United States.

(3) The United States Northern Europe Initiative (NEI) provides the conceptual and operational framework for United States policy in the region, focused on developing a regional network of cooperation in the important areas of business and trade promotion, law enforcement, the environment, energy, civil society, and public health.

(4) A central objective of the United States Northern Europe Initiative is to promote cross-border cooperation among the countries in the region.

(5) A wide variety of regional and cross-border projects have been initiated under the United States Northern Europe Initiative since the Initiative was established in 1997, including the following:

(A) A United States-Lithuanian training program for entrepreneurs from Belarus and Kaliningrad.

(B) The Great Lakes-Baltic Sea Partnership program that is being implemented by the Environmental Protection Agency.

(C) A Center of Excellence for Treatment of Multidrug-Resistant Tuberculosis in Riga, Latvia.

(D) A regional HIV/AIDS strategy being developed under United States and Finnish leadership.

(E) Multiple efforts to combat organized crime, including regional seminars for police officers and prosecutors.

(F) Programs to encourage reform of the Baltic electricity market and encourage United States investment in such market.

(G) Language and job training programs for Russian-speaking minorities in Latvia and Estonia to promote social integration in those countries.

(H) A mentoring partnership program for woman entrepreneurs in the northwest region of Russia and the Baltic states, as part of broader efforts to promote women's participation in political and economic life.

(6) Norway, Sweden, and Finland have made considerable efforts to provide assistance to the newly independent Baltic states and to the Northwest region of Russia. In particular, the United States notes the request placed before the European Union by Finland in 1999 for the creation and extensive funding by the European Union of a "Northern Dimension" Initiative to substantially address the problems that now exist in Northern Europe with regard to economic development, protection of the environment, the safety and containment of nuclear materials, and other issues.

(7) The United States commends the endorsement of the "Northern Dimension" Initiative by the European Council at its meeting in Helsinki, Finland in December 1999 and calls on the European Union to act on that endorsement through the provision of substantial funding for the Initiative.

(8) While the European Union, its member states, and other European countries should clearly take the lead in addressing the challenges posed in Northern Europe, in particular through appropriate yet substantial assistance provided by the European Union, the United States Northern Europe Initiative, and this Act are intended to supplement such efforts and build on the considerable assistance that the United States has already provided to the Baltic states and the Russian Federation. Partnership with other countries in the region means modest United States investment can have significant impact.

(9) The United States Northern Europe Initiative's focus on regional environmental challenges is particularly important. Northern Europe is home to significant environmental problems, particularly the threat posed by nuclear waste from Russian submarines, icebreakers, and nuclear reactors.

(10) In particular, 21,000 spent fuel assemblies from Russian submarines are lying exposed near Andreyeva Bay, nearly 60 dangerously decrepit nuclear submarines, many in danger of sinking, are languishing in the Murmansk area of Northwest Russia, whole reactors and radioactive liquid waste are stored on unsafe floating barges, and there are significant risks of marine and atmospheric contamination from accidents arising from loss of electricity or fire on deteriorating, poorly monitored nuclear submarines.

(11) This waste poses a threat to the safety and stability of Northern Europe and to countries of the Eurasian continent.

(12)(A) In addition, the Environmental Protection Agency has facilitated the expansion and upgrading of a facility for

the treatment of low-level liquid radioactive waste from the decommissioning of nuclear submarines docked at naval facilities in the Arctic region of Russia.

(B) The Environmental Protection Agency has also initiated a project to construct an 80-ton prototype cask for the storage and transport of civilian-controlled spent nuclear fuel, much of it damaged and currently stored onboard an aging vessel anchored in Murmansk Harbor. Currently in the design phase, this project is scheduled for completion in 2000.

(13) Working with the countries in the region to address these environmental problems remains vital to the long-term national interest of the United States.

(14) The United States and other countries are currently negotiating a number of agreements with Russia which will provide internationally accepted legal protections for the United States and other countries that provide nuclear waste management assistance to Russia. Regrettably, it has not yet been possible to resolve remaining differences over liability, taxation of assistance, privileges and immunities for foreign contractors, and audit rights.

(15) Concluding these agreements is vital to the continued provision of such assistance and to the possible development of new programs.

(16) With the election of Russian President Vladimir Putin, the opportunity presents itself to surmount these problems, to conclude these outstanding agreements, and to allow assistance programs to move forward to alleviate this problem.

(17) The United States Government is currently studying whether dismantlement of multi-purpose submarines is in the national interest.

(b) PURPOSE.—The purpose of this Act is to demonstrate concrete support for continued cross-border cooperation in Northern Europe and immediate efforts to assist in the clean up of nuclear waste in that region.

SEC. 3. SENSE OF THE CONGRESS.

It is the sense of the Congress that—

(1) the United States Northern Europe Initiative is a sound framework for future United States involvement in Northern Europe;

(2) the European Union should move expeditiously to authorize and fund the proposed “Northern Dimension” Initiative at appropriate yet substantial levels of assistance;

(3) the United States should continue to support a wide-ranging strengthening of democratic and civic institutions on a regional basis to provide a foundation for political stability and investment opportunities, including cross-border exchanges, in Northern Europe;

(4) the United States should demonstrate continued commitment to address environmental security challenges in Northwest Russia, in cooperation with partners in the region;

(5) recently-elected Russian President Vladimir Putin should rapidly conclude pending nuclear waste management agreements to enable assistance programs to go forward; and

(6) assistance to Russia on nuclear waste management should only be provided after issues related to liability, taxation

of assistance, privileges and immunities for foreign contractors, and audit rights have been resolved.

SEC. 4. SUPPORT FOR UNITED STATES NORTHERN EUROPE INITIATIVE PROJECTS.

(a) **AVAILABILITY OF AMOUNTS FROM EAST EUROPEAN AND THE BALTIC STATES ASSISTANCE.**—Of the amounts available for fiscal year 2001 to carry out the provisions of the Foreign Assistance Act of 1961 and the Support for Eastern European Democracy (SEED) Act of 1989 for assistance and for related programs for Eastern Europe and the Baltic states, not less than \$2,000,000 shall be used for projects described in subsection (c).

(b) **AVAILABILITY OF AMOUNTS FROM INDEPENDENT STATES OF THE FORMER SOVIET UNION ASSISTANCE.**—Of the amounts available for fiscal year 2001 to carry out the provisions of chapter 11 of part I of the Foreign Assistance Act of 1961 and the Freedom for Russia and Emerging Eurasian Democracies and Open Markets Support Act of 1992 for assistance for the independent states of the former Soviet Union and related programs, not less than \$2,000,000 shall be used for the projects described in subsection (c).

(c) **PROJECTS DESCRIBED.**—The projects described in this subsection are United States Northern Europe Initiative projects relating to environmental cleanup, law enforcement, public health, energy, business and trade promotion, and civil society.

SEC. 5. REPORT ON ENVIRONMENTAL SECURITY.

Deadline.

Not later than 180 days after the date of the enactment of this Act, the Secretary of State, in consultation with the heads of other appropriate Federal departments and agencies, shall prepare and submit to the Congress a report on—

(1) the threat to the environmental security of the countries of Northern Europe and other countries of Europe and Asia presented by Russian marine nuclear reactors, waste, and contamination; and

(2) identifying the possibilities for new and expanded United States and multilateral assistance programs for environmental clean-up in Northwest Russia, including technical exchanges and private-public partnerships.

SEC. 6. DEFINITIONS.

In this Act:

(1) **NORTHERN EUROPE.**—The term “Northern Europe” means the northwest region of the Russian Federation (including Kaliningrad), the Republic of Belarus, the Republic of Estonia, the Republic of Latvia, the Republic of Lithuania, the Kingdom of Denmark, the Republic of Finland, the Republic of Iceland, the Kingdom of Norway, the Republic of Poland, and the Kingdom of Sweden.

(2) **UNITED STATES NORTHERN EUROPE INITIATIVE.**—The term “United States Northern Europe Initiative” means the framework agreement established in 1997 between the United States and the countries of Northern Europe to promote stability in the Baltic Sea region and to strengthen key institutions

and security structures of the United States and the countries
of Northern Europe.

[S. 1629]

Oregon Land
Exchange Act of
2000.

To provide for the exchange of certain land in the State of Oregon.

*Be it enacted by the Senate and House of Representatives of
the United States of America in Congress assembled,*

SECTION 1. SHORT TITLE.

This Act may be cited as the “Oregon Land Exchange Act of 2000”.

SEC. 2. FINDINGS.

Congress finds that—

(1) certain parcels of private land located in northeast Oregon are intermingled with land owned by the United States and administered—

(A) by the Secretary of the Interior as part of the Central Oregon Resource Area in the Prineville Bureau of Land Management District and the Baker Resource Area in the Vale Bureau of Land Management District; and

(B) by the Secretary of Agriculture as part of the Malheur National Forest, the Wallowa-Whitman National Forest, and the Umatilla National Forest;

(2) the surface estate of the private land described in paragraph (1) is intermingled with parcels of land that are owned by the United States or contain valuable fisheries and wildlife habitat desired by the United States;

(3) the consolidation of land ownerships will facilitate sound and efficient management for both public and private lands;

(4) the improvement of management efficiency through the land tenure adjustment program of the Department of the Interior, which disposes of small isolated tracts having low public resource values within larger blocks of contiguous parcels of land, would serve important public objectives, including—

(A) the enhancement of public access, aesthetics, and recreation opportunities within or adjacent to designated wild and scenic river corridors;

(B) the protection and enhancement of habitat for threatened, endangered, and sensitive species within unified landscapes under Federal management; and

(C) the consolidation of holdings of the Bureau of Land Management and the Forest Service—

(i) to facilitate more efficient administration, including a reduction in administrative costs to the United States; and

(ii) to reduce right-of-way, special use, and other permit processing and issuance for roads and other facilities on Federal land;

(5) time is of the essence in completing a land exchange because further delays may force the identified landowners to construct roads in, log, develop, or sell the private land and thereby diminish the public values for which the private land is to be acquired; and

(6) it is in the public interest to complete the land exchanges at the earliest practicable date so that the land acquired by the United States can be preserved for—

(A) protection of threatened and endangered species habitat; and

(B) permanent public use and enjoyment.

SEC. 3. DEFINITIONS.

(1) the term “Clearwater” means Clearwater Land Exchange—Oregon, an Oregon partnership that signed the document entitled “Assembled Land Exchange Agreement between the Bureau of Land Management and Clearwater Land Exchange—Oregon for the Northeast Oregon Assembled Lands Exchange, OR 51858”, dated October 30, 1996, and the document entitled “Agreement to initiate” with the Forest Service, dated June 30, 1995, or its successors or assigns;

Public Law 106-260
106th Congress

An Act

To amend the Indian Self-Determination and Education Assistance Act to provide for further self-governance by Indian tribes, and for other purposes.

Aug. 18, 2000

[H.R. 1167]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Tribal Self-Governance Amendments of 2000”.

Tribal Self-Governance Amendments of 2000.
25 USC 450 note.

SEC. 2. FINDINGS.

25 USC 458aaa note.

Congress finds that—

(1) the tribal right of self-government flows from the inherent sovereignty of Indian tribes and nations;

(2) the United States recognizes a special government-to-government relationship with Indian tribes, including the right of the Indian tribes to self-governance, as reflected in the Constitution, treaties, Federal statutes, and the course of dealings of the United States with Indian tribes;

(3) although progress has been made, the Federal bureaucracy, with its centralized rules and regulations, has eroded tribal self-governance and dominates tribal affairs;

(4) the Tribal Self-Governance Demonstration Project, established under title III of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450f note) was designed to improve and perpetuate the government-to-government relationship between Indian tribes and the United States and to strengthen tribal control over Federal funding and program management;

(5) although the Federal Government has made considerable strides in improving Indian health care, it has failed to fully meet its trust responsibilities and to satisfy its obligations to the Indian tribes under treaties and other laws; and

(6) Congress has reviewed the results of the Tribal Self-Governance Demonstration Project and finds that transferring full control and funding to tribal governments, upon tribal request, over decision making for Federal programs, services, functions, and activities (or portions thereof)—

(A) is an appropriate and effective means of implementing the Federal policy of government-to-government relations with Indian tribes; and

(B) strengthens the Federal policy of Indian self-determination.

*See note at the bottom of page 114 Stat. 734.

25 USC 458aaa
note.

SEC. 3. DECLARATION OF POLICY.

It is the policy of Congress—

(1) to permanently establish and implement tribal self-governance within the Department of Health and Human Services;

(2) to call for full cooperation from the Department of Health and Human Services and its constituent agencies in the implementation of tribal self-governance—

(A) to enable the United States to maintain and improve its unique and continuing relationship with, and responsibility to, Indian tribes;

(B) to permit each Indian tribe to choose the extent of its participation in self-governance in accordance with the provisions of the Indian Self-Determination and Education Assistance Act relating to the provision of Federal services to Indian tribes;

(C) to ensure the continuation of the trust responsibility of the United States to Indian tribes and Indian individuals;

(D) to affirm and enable the United States to fulfill its obligations to the Indian tribes under treaties and other laws;

(E) to strengthen the government-to-government relationship between the United States and Indian tribes through direct and meaningful consultation with all tribes;

(F) to permit an orderly transition from Federal domination of programs and services to provide Indian tribes with meaningful authority, control, funding, and discretion to plan, conduct, redesign, and administer programs, services, functions, and activities (or portions thereof) that meet the needs of the individual tribal communities;

(G) to provide for a measurable parallel reduction in the Federal bureaucracy as programs, services, functions, and activities (or portion thereof) are assumed by Indian tribes;

(H) to encourage the Secretary to identify all programs, services, functions, and activities (or portions thereof) of the Department of Health and Human Services that may be managed by an Indian tribe under this Act and to assist Indian tribes in assuming responsibility for such programs, services, functions, and activities (or portions thereof); and

(I) to provide Indian tribes with the earliest opportunity to administer programs, services, functions, and activities (or portions thereof) from throughout the Department of Health and Human Services.

“(j) PROGRAM INCOME.—All Medicare, Medicaid, or other program income earned by an Indian tribe shall be treated as supplemental funding to that negotiated in the funding agreement. The Indian tribe may retain all such income and expend such funds in the current year or in future years except to the extent that the Indian Health Care Improvement Act (25 U.S.C. 1601 et seq.) provides otherwise for Medicare and Medicaid receipts. “(k) LIMITATION OF COSTS.—An Indian tribe shall not be obligated to continue performance that requires an expenditure of funds in excess of the amount of funds transferred under a compact or funding agreement. Public Law 106–263
106th Congress

An Act

To provide for the settlement of the water rights claims of the Shivwits Band of the Paiute Indian Tribe of Utah, and for other purposes.

Aug. 18, 2000
[H.R. 3291]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Shivwits Band of the Paiute Indian Tribe of Utah Water Rights Settlement Act”.

Shivwits Band of
the Paiute Indian
Tribe of Utah
Water Rights
Settlement Act.

SEC. 2. FINDINGS.

Congress finds the following:

(1) It is the official policy of the United States, in keeping with its trust responsibility to Indian tribes, to promote Indian self-determination and economic self-sufficiency, and to settle the water rights claims of Indian tribes to avoid lengthy and costly litigation.

(2) Any meaningful policy of Indian self-determination and economic self-sufficiency requires the development of viable Indian reservation economies.

(3) The quantification of water rights and the development of water use facilities is essential to the development of viable Indian reservation economies, particularly in the arid Western States.

(4) The Act of March 3, 1891, provided for the temporary support of the Shebit (or Shivwits) tribe of Indians in Washington County, Utah, and appropriated moneys for the purchase of improvements on lands along the Santa Clara River for the use of said Indians. Approximately 26,880 acres in the same area were set aside as a reservation for the Shivwits Band by Executive order dated April 21, 1916. Additional lands were added to the reservation by Congress on May 28, 1937.

(5) The waters of the Santa Clara River are fully appropriated except during high flow periods. A water right was awarded to the United States for the benefit of the Shivwits Band in the 1922 adjudication entitled *St. George Santa Clara Field Co., et al. v. Newcastle Reclamation Co., et al.*, for “1.38 cubic feet of water per second for the irrigation of 83.2 acres of land and for culinary, domestic, and stock watering purposes”, but no provision has been made for water resource development to benefit the Shivwits Band. In general, the remainder of the Santa Clara River’s flow is either diverted on the reservation and delivered through a canal devoted exclusively to non-Indian use that traverses the reservation to a reservoir owned by the Ivins Irrigation Company; dedicated

to decreed and certificated rights of irrigation companies downstream of the reservation; or impounded in the Gunlock Reservoir upstream of the reservation. The Band's lack of access to water has frustrated its efforts to achieve meaningful self-determination and economic self-sufficiency.

(6) On July 21, 1980, the State of Utah, pursuant to title 73, chapter 4, Utah Code Ann., initiated a statutory adjudication of water rights in the Fifth Judicial District Court in Washington County, Utah, Civil No. 800507596, which encompasses all of the rights to the use of water, both surface and underground, within the drainage area of the Virgin River and its tributaries in Utah ("Virgin River Adjudication"), including the Santa Clara River Drainage ("Santa Clara System").

(7) The United States was joined as a party in the Virgin River Adjudication pursuant to section 666 of title 43, United States Code. On February 17, 1987, the United States filed a Statement of Water User Claim asserting a water right based on State law and a Federal reserved water rights claim for the benefit of the Shivwits Band to water from the Santa Clara River System. This was the only claim the United States filed for any Indian tribe or band in the Virgin River Adjudication within the period allowed by title 73, chapter 4, Utah Code Ann., which bars the filing of claims after the time prescribed therein.

(8) The Virgin River adjudication will take many years to conclude, entail great expense, and prolong uncertainty as to the availability of water supplies, and thus, the parties have sought to settle their dispute over water and reduce the burdens of litigation.

(9) After lengthy negotiation, which included participation by representatives of the United States Government for the benefit of the Shivwits Band, the State of Utah, the Shivwits Band, the Washington County Water Conservancy District, the City of St. George, and others on the Santa Clara River System, the parties have entered into agreements to resolve all water rights claims between and among themselves and to quantify the water right entitlement of the Shivwits Band, and to provide for the construction of water projects to facilitate the settlement of these claims.

(10) Pursuant to the St. George Water Reuse Project Agreement, the Santa Clara Project Agreement, and the Settlement Agreement, the Shivwits Band will receive the right to a total of 4,000 acre-feet of water annually in settlement of its existing State law claims and Federal reserved water right claims.

(11) To advance the goals of Federal Indian policy and consistent with the trust responsibility of the United States to the Shivwits Band, it is appropriate that the United States participate in the implementation of the St. George Water Reuse Project Agreement, the Santa Clara Project Agreement, and the Settlement Agreement in accordance with this Act.

SEC. 3. PURPOSES.

The purposes of this Act are—

(1) to achieve a fair, equitable, and final settlement of all claims to water rights in the Santa Clara River for the

Shivwits Band, and the United States for the benefit of the Shivwits Band;

(2) to promote the self-determination and economic self-sufficiency of the Shivwits Band, in part by providing funds to the Shivwits Band for its use in developing a viable reservation economy;

(3) to approve, ratify, and confirm the St. George Water Reuse Project Agreement, the Santa Clara Project Agreement, and the Settlement Agreement, and the Shivwits Water Right described therein;

(4) to authorize the Secretary of the Interior to execute the St. George Water Reuse Project Agreement, the Santa Clara Project Agreement, and the Settlement Agreement, and to take such actions as are necessary to implement these agreements in a manner consistent with this Act; and

(3) All water rights shall be transferred and administered in accordance with any applicable State law.

(d) **HABITAT PROPERTY.**—The Secretary is authorized to acquire, hold, and transfer habitat property to assist the conservation and recovery of any native plant or animal species described in section 10(a). Acquisition of habitat property pursuant to this section shall be subject to the following requirements:

(e) **CONTRACT.**—The Secretary is authorized to administer the water rights and habitat acquisition program by contract or agreement with a non-Federal entity which the Secretary determines to be qualified to administer such program. The water rights and habitat acquisition program shall be administered pursuant to the Virgin River Resource Management and Recovery Program.

(f) **AUTHORIZATION.**—There is authorized to be appropriated from the Land and Water Conservation Fund for fiscal years prior to the fiscal year 2004, a total of \$3,000,000 for the water rights and habitat acquisition program authorized in this section. The Secretary is authorized to deposit and maintain this appropriation in an interest bearing account, said interest to be used for the purposes of this section. The funds authorized to be appropriated by this section shall not be in lieu of or supersede any other commitments by Federal, State, or local agencies. The funds appropriated pursuant to this section shall be available until expended, and shall not be expended for the purpose set forth in subsection (a)(2) until the Secretary has evaluated the effectiveness of the instream flow required and provided by the Santa Clara Project Agreement, and has assured that the appropriations authorized in this section are first made available for the purpose set forth in subsection (a)(1).

SEC. 11. SHIVWITS BAND TRUST FUND.

(a) **ESTABLISHMENT OF TRUST FUND.**—There is established in the Treasury of the United States a fund to be known as the “Shivwits Band Trust Fund” (hereinafter called the “Trust Fund”). The Secretary shall deposit into the Trust Fund the funds authorized to be appropriated in subsections (b) and (c). Except as otherwise provided in this Act, the Trust Fund principal and any income accruing thereon shall be managed in accordance with the American

Indian Trust Fund Management Reform Act (108 Stat. 4239; 25 U.S.C. 4001 et seq.).

(b) **AUTHORIZATION.**—There is authorized to be appropriated a total of \$20,000,000, for fiscal years prior to the fiscal year 2004 for the following purposes:

(1) \$5,000,000, which shall be made available to the Shivwits Band from the Trust Fund for purposes including but not limited to those that would enable the Shivwits Band to put to beneficial use all or part of the Shivwits Water Right, to defray the costs of any water development project in which the Shivwits Band is participating, or to undertake any other activity that may be necessary or desired for implementation of the St. George Water Reuse Project Agreement, the Santa Clara Project Agreement, the Settlement Agreement, or for economic development on the Shivwits Reservation.

(c) **SHARE OF CERTAIN COSTS.**—There is authorized to be appropriated to the Trust Fund in fiscal years prior to the fiscal year 2004 a total of \$1,000,000 to assist with the Shivwits Band's proportionate share of operation, maintenance, repair, and replacement costs of the Santa Clara Project as provided for in the Santa Clara Project Agreement.

(d) **USE OF THE TRUST FUND.**—Except for the \$15,000,000 appropriated pursuant to subsection (b)(2), all Trust Fund principal and income accruing thereon may be used by the Shivwits Band for the purposes described in subsections (b)(1) and (c). The Shivwits Band, with the approval of the Secretary, may withdraw the Trust Fund and deposit it in a mutually agreed upon private financial institution. That withdrawal shall be made pursuant to the American Indian Trust Fund Management Reform Act of 1994 (25 U.S.C. 4001 et seq.). If the Shivwits Band exercises its right pursuant to this subsection to withdraw the Trust Fund and deposit it in a private financial institution, except as provided in the withdrawal plan, neither the Secretary nor the Secretary of the Treasury shall retain any oversight over or liability for the accounting, disbursement, or investment of the funds.

(e) **NO PER CAPITA PAYMENTS.**—No part of the principal of the Trust Fund, or of the income accruing thereon, or of any revenue generated from any water use subcontract, shall be distributed to any member of the Shivwits Band on a per capita basis.

(f) **LIMITATION.**—The moneys authorized to be appropriated under subsections (b) and (c) shall not be available for expenditure or withdrawal by the Shivwits Band until the requirements of section 14 have been met so that the decree has become final and the waivers and releases executed pursuant to section 9(b) have become effective. Once the settlement becomes effective pursuant to the terms of section 14 of this Act, the assets of the Trust Fund belong to the Shivwits Band and are not returnable to the United States Government.

Furthermore, the submission of any portion of the Settlement Agreement to the District Court in the Virgin River Adjudication shall not expand State court jurisdiction or expand in any manner the waiver of sovereign immunity of the United States in section 666 of title 43, United States Code, or any other provision of Federal law.

(d) **APPRAISALS.**—Notwithstanding any other law to the contrary, the Secretary is authorized to approve any right-of-way appraisal which has been completed in accordance with the provisions of the Santa Clara Project Agreement.

note.

This title may be cited as the “Global AIDS Research and Relief Act of 2000”.

SEC. 102. DEFINITIONS.22 USC 6801
note.

In this title:

(1) AIDS.—The term “AIDS” means the acquired immune deficiency syndrome.

(2) ASSOCIATION.—The term “Association” means the International Development Association.

(3) BANK.—The term “Bank” or “World Bank” means the International Bank for Reconstruction and Development.

(4) HIV.—The term “HIV” means the human immunodeficiency virus, the pathogen which causes AIDS.

(5) HIV/AIDS.—The term “HIV/AIDS” means, with respect to an individual, an individual who is infected with HIV or living with AIDS.

SEC. 103. FINDINGS AND PURPOSES.

22 USC 6802.

(a) FINDINGS.—Congress makes the following findings:

(1) According to the Surgeon General of the United States, the epidemic of human immunodeficiency virus/acquired immune deficiency syndrome (HIV/AIDS) will soon become the worst epidemic of infectious disease in recorded history, eclipsing both the bubonic plague of the 1300’s and the influenza epidemic of 1918–1919 which killed more than 20,000,000 people worldwide.

(2) According to the Joint United Nations Programme on HIV/AIDS (UNAIDS), more than 34,300,000 people in the world today are living with HIV/AIDS, of which approximately 95 percent live in the developing world.

(3) UNAIDS data shows that among children age 14 and under worldwide, more than 3,800,000 have died from AIDS, more than 1,300,000 are living with the disease; and in 1 year alone—1999—an estimated 620,000 became infected, of which over 90 percent were babies born to HIV-positive women.

(4) Although sub-Saharan Africa has only 10 percent of the world’s population, it is home to more than 24,500,000—roughly 70 percent—of the world’s HIV/AIDS cases.

(5) Worldwide, there have already been an estimated 18,800,000 deaths because of HIV/AIDS, of which more than 80 percent occurred in sub-Saharan Africa.

(6) The gap between rich and poor countries in terms of transmission of HIV from mother to child has been increasing. Moreover, AIDS threatens to reverse years of steady progress of child survival in developing countries. UNAIDS believes that by the year 2010, AIDS may have increased

mortality of children under 5 years of age by more than 100 percent in regions most affected by the virus.

(7) According to UNAIDS, by the end of 1999, 13,200,000 children have lost at least one parent to AIDS, including 12,100,000 children in sub-Saharan Africa, and are thus considered AIDS orphans.

(8) At current infection and growth rates for HIV/AIDS, the National Intelligence Council estimates that the number of AIDS orphans worldwide will increase dramatically, potentially increasing threefold or more in the next 10 years, contributing to economic decay, social fragmentation, and political destabilization in already volatile and strained societies. Children without care or hope are often drawn into prostitution, crime, substance abuse, or child soldiery.

(9) Donors must focus on adequate preparations for the explosion in the number of orphans and the burden they will place on families, communities, economies, and governments. Support structures and incentives for families, communities, and institutions which will provide care for children orphaned by HIV/AIDS, or for the children who are themselves afflicted by HIV/AIDS, will be essential.

(10) The 1999 annual report by the United Nations Children's Fund (UNICEF) states "[t]he number of orphans, particularly in Africa, constitutes nothing less than an emergency, requiring an emergency response" and that "finding the resources needed to help stabilize the crisis and protect children is a priority that requires urgent action from the international community."

(11) The discovery of a relatively simple and inexpensive means of interrupting the transmission of HIV from an infected mother to the unborn child—namely with nevirapine (NVP), which costs US\$4 a tablet—has created a great opportunity for an unprecedented partnership between the United States Government and the governments of Asian, African and Latin American countries to reduce mother-to-child transmission (also known as "vertical transmission") of HIV.

(12) According to UNAIDS, if implemented this strategy will decrease the proportion of orphans that are HIV-infected and decrease infant and child mortality rates in these developing regions.

(13) A mother-to-child antiretroviral drug strategy can be a force for social change, providing the opportunity and impetus needed to address often long-standing problems of inadequate services and the profound stigma associated with HIV-infection and the AIDS disease. Strengthening the health infrastructure to improve mother-and-child health, antenatal, delivery and postnatal services, and couples counseling generates enormous spillover effects toward combating the AIDS epidemic in developing regions.

(14) United States Census Bureau statistics show life expectancy in sub-Saharan Africa falling to around 30 years of age within a decade, the lowest in a century, and project life expectancy in 2010 to be 29 years of age in Botswana, 30 years of age in Swaziland, 33 years of age in Namibia and Zimbabwe, and 36 years of age in South Africa, Malawi, and Rwanda, in contrast to a life expectancy of 70 years of

age in many of the countries without a high prevalence of AIDS.

(15) A January 2000 United States National Intelligence Estimate (NIE) report on the global infectious disease threat concluded that the economic costs of infectious diseases—especially HIV/AIDS—are already significant and could reduce GDP by as much as 20 percent or more by 2010 in some sub-Saharan African nations.

(16) According to the same NIE report, HIV prevalence among militias in Angola and the Democratic Republic of the Congo are estimated at 40 to 60 percent, and at 15 to 30 percent in Tanzania.

(17) The HIV/AIDS epidemic is of increasing concern in other regions of the world, with UNAIDS estimating that there are more than 5,600,000 cases in South and South-east Asia, that the rate of HIV infection in the Caribbean is second only to sub-Saharan Africa, and that HIV infections have doubled in just 2 years in the former Soviet Union.

(18) Despite the discouraging statistics on the spread of HIV/AIDS, some developing nations—such as Uganda, Senegal, and Thailand—have implemented prevention programs that have substantially curbed the rate of HIV infection.

(19) AIDS, like all diseases, knows no national boundaries, and there is no certitude that the scale of the problem in one continent can be contained within that region.

(20) Accordingly, United States financial support for medical research, education, and disease containment as a global strategy has beneficial ramifications for millions of Americans and their families who are affected by this disease, and the entire population which is potentially susceptible.

(b) PURPOSES.—The purposes of this title are to—

(1) help prevent human suffering through the prevention, diagnosis, and treatment of HIV/AIDS; and

(2) help ensure the viability of economic development, stability, and national security in the developing world by advancing research to—

(A) understand the causes associated with HIV/AIDS in developing countries; and

(B) assist in the development of an AIDS vaccine.

Subtitle A—United States Assistance

SEC. 111. ADDITIONAL ASSISTANCE AUTHORITIES TO COMBAT HIV AND AIDS.

(a) ASSISTANCE FOR PREVENTION OF HIV/AIDS AND VERTICAL TRANSMISSION.—Section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)) is amended by adding at the end the following new paragraphs:

Children and youth.

“(4)(A) Congress recognizes the growing international dilemma of children with the human immunodeficiency virus (HIV) and the merits of intervention programs aimed at this problem. Congress further recognizes that mother-to-child transmission prevention strategies can serve as a major force for change in developing regions, and it is, therefore, a major objective of the foreign assistance program to control the acquired immune deficiency syndrome (AIDS) epidemic.

“(B) The agency primarily responsible for administering this part shall—

“(i) coordinate with UNAIDS, UNICEF, WHO, national and local governments, and other organizations to develop and implement effective strategies to prevent vertical transmission of HIV; and

“(ii) coordinate with those organizations to increase intervention programs and introduce voluntary counseling and testing, antiretroviral drugs, replacement feeding, and other strategies.

“(5)(A) Congress expects the agency primarily responsible for administering this part to make the human immunodeficiency virus (HIV) and the acquired immune deficiency syndrome (AIDS) a priority in the foreign assistance program and to undertake a comprehensive, coordinated effort to combat HIV and AIDS.

“(B) Assistance described in subparagraph (A) shall include help providing—

“(i) primary prevention and education;

“(ii) voluntary testing and counseling;

“(iii) medications to prevent the transmission of HIV from mother to child; and

“(iv) care for those living with HIV or AIDS.

“(6)(A) In addition to amounts otherwise available for such purpose, there is authorized to be appropriated to the President \$300,000,000 for each of the fiscal years 2001 and 2002 to carry out paragraphs (4) and (5).

“(B) Of the funds authorized to be appropriated under subparagraph (A), not less than 65 percent is authorized to be available through United States and foreign nongovernmental organizations, including private and voluntary organizations, for-profit organizations, religious affiliated organizations, educational institutions, and research facilities.

“(C)(i) Of the funds authorized to be appropriated by subparagraph (A), not less than 20 percent is authorized to be available for programs as part of a multidonor strategy to address the support and education of orphans in sub-Saharan Africa, including AIDS orphans.

“(ii) Assistance made available under this subsection, and assistance made available under chapter 4 of part II to carry out the purposes of this subsection, may be made available notwithstanding any other provision of law that restricts assistance to foreign countries.

“(D) Of the funds authorized to be appropriated under subparagraph (A), not less than 8.3 percent is authorized to be available to carry out the prevention strategies for vertical transmission referred to in paragraph (4)(A).

“(E) Of the funds authorized to be appropriated by subparagraph (A), not more than 7 percent may be used for the administrative expenses of the agency primarily responsible for carrying out this part of this Act in support of activities described in paragraphs (4) and (5).

“(F) Funds appropriated under this paragraph are authorized to remain available until expended.”.

(b) TRAINING AND TRAINING FACILITIES IN SUB-SAHARAN AFRICA.—Section 496(i)(2) of the Foreign Assistance Act of 1961 (22 U.S.C. 2293(i)(2)) is amended by adding at the end the following

new sentence: “In addition, providing training and training facilities, in sub-Saharan Africa, for doctors and other health care providers, notwithstanding any provision of law that restricts assistance to foreign countries.”.

SEC. 112. VOLUNTARY CONTRIBUTION TO GLOBAL ALLIANCE FOR VACCINES AND IMMUNIZATIONS AND INTERNATIONAL AIDS VACCINE INITIATIVE.

(a) **AUTHORIZATION OF APPROPRIATIONS.**—Section 302 of the Foreign Assistance Act of 1961 (22 U.S.C. 2222) is amended by adding at the end the following new subsections:

“(k) In addition to amounts otherwise available under this section, there is authorized to be appropriated to the President \$50,000,000 for each of the fiscal years 2001 and 2002 to be available only for United States contributions to the Global Alliance for Vaccines and Immunizations.

“(l) In addition to amounts otherwise available under this section, there is authorized to be appropriated to the President \$10,000,000 for each of the fiscal years 2001 and 2002 to be available only for United States contributions to the International AIDS Vaccine Initiative.”.

(b) **REPORT.**—At the close of fiscal year 2001, the President shall submit a report to the appropriate congressional committees on the effectiveness of the Global Alliance for Vaccines and Immunizations and the International AIDS Vaccine Initiative during that fiscal year in meeting the goals of—

Deadline.
President.

- (1) improving access to sustainable immunization services;
- (2) expanding the use of all existing, safe, and cost-effective vaccines where they address a public health problem;
- (3) accelerating the development and introduction of new vaccines and technologies;
- (4) accelerating research and development efforts for vaccines needed primarily in developing countries; and
- (5) making immunization coverage a centerpiece in international development efforts.

(c) **APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.**—In subsection (b), the term “appropriate congressional committees” means the Committee on Foreign Relations and the Committee on Appropriations of the Senate and the Committee on International Relations and the Committee on Appropriations of the House of Representatives.

SEC. 113. COORDINATED DONOR STRATEGY FOR SUPPORT AND EDUCATION OF ORPHANS IN SUB-SAHARAN AFRICA.

22 USC 6811.

(a) **STATEMENT OF POLICY.**—It is in the national interest of the United States to assist in mitigating the burden that will be placed on sub-Saharan African social, economic, and political institutions as these institutions struggle with the consequences of a dramatically increasing AIDS orphan population, many of whom are themselves infected by HIV and living with AIDS. Effectively addressing that burden and its consequences in sub-Saharan Africa will require a coordinated multidonor strategy.

(b) **DEVELOPMENT OF STRATEGY.**—The President shall coordinate the development of a multidonor strategy to provide for the support and education of AIDS orphans and the families, communities, and institutions most affected by the HIV/AIDS epidemic in sub-Saharan Africa.

President.

(c) **DEFINITION.**—In this section, the term “HIV/AIDS” means, with respect to an individual, an individual who is infected with the human immunodeficiency virus (HIV), the pathogen that causes the acquired immune deficiency virus (AIDS), or living with AIDS.

22 USC 6812.

SEC. 114. AFRICAN CRISIS RESPONSE INITIATIVE AND HIV/AIDS TRAINING.

(a) **FINDINGS.**—Congress finds that—

(1) the spread of HIV/AIDS constitutes a threat to security in Africa;

(2) civil unrest and war may contribute to the spread of the disease to different parts of the continent;

(3) the percentage of soldiers in African militaries who are infected with HIV/AIDS is unknown, but estimates range in some countries as high as 40 percent; and

(4) it is in the interests of the United States to assist the countries of Africa in combating the spread of HIV/AIDS.

(b) **EDUCATION ON THE PREVENTION OF THE SPREAD OF AIDS.**—In undertaking education and training programs for military establishments in African countries, the United States shall ensure that classroom training under the African Crisis Response Initiative includes military-based education on the prevention of the spread of AIDS.

International
Tuberculosis
Control Act of
2000.

**TITLE II—INTERNATIONAL
TUBERCULOSIS CONTROL**

22 USC 2151
note.

SEC. 201. SHORT TITLE.

This title may be cited as the “International Tuberculosis Control Act of 2000”.

22 USC 2151b
note.

SEC. 202. FINDINGS.

Congress makes the following findings:

(1) Since the development of antibiotics in the 1950s, tuberculosis has been largely controlled in the United States and the Western World.

(2) Due to societal factors, including growing urban decay, inadequate health care systems, persistent poverty, overcrowding, and malnutrition, as well as medical factors, including the HIV/AIDS epidemic and the emergence of multi-drug resistant strains of tuberculosis, tuberculosis has again become a leading and growing cause of adult deaths in the developing world.

(3) According to the World Health Organization—

(A) in 1998, about 1,860,000 people worldwide died of tuberculosis-related illnesses;

(B) one-third of the world’s total population is infected with tuberculosis; and

(C) tuberculosis is the world’s leading killer of women between 15 and 44 years old and is a leading cause of children becoming orphans.

(4) Because of the ease of transmission of tuberculosis, its international persistence and growth pose a direct public

health threat to those nations that had previously largely controlled the disease. This is complicated in the United States by the growth of the homeless population, the rate of incarceration, international travel, immigration, and HIV/AIDS.

(5) With nearly 40 percent of the tuberculosis cases in the United States attributable to foreign-born persons, tuberculosis will never be controlled in the United States until it is controlled abroad.

(6) The means exist to control tuberculosis through screening, diagnosis, treatment, patient compliance, monitoring, and ongoing review of outcomes.

(7) Efforts to control tuberculosis are complicated by several barriers, including—

(A) the labor intensive and lengthy process involved in screening, detecting, and treating the disease;

(B) a lack of funding, trained personnel, and medicine in virtually every nation with a high rate of the disease;

(C) the unique circumstances in each country, which requires the development and implementation of country-specific programs; and

(D) the risk of having a bad tuberculosis program, which is worse than having no tuberculosis program because it would significantly increase the risk of the development of more widespread drug-resistant strains of the disease.

(8) Eliminating the barriers to the international control of tuberculosis through a well-structured, comprehensive, and coordinated worldwide effort would be a significant step in dealing with the increasing public health problem posed by the disease.

SEC. 203. ASSISTANCE FOR TUBERCULOSIS PREVENTION, TREATMENT, CONTROL, AND ELIMINATION.

Section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)), as amended by section 111(a) of this Act, is further amended by adding at the end the following:

“(7)(A) Congress recognizes the growing international problem of tuberculosis and the impact its continued existence has on those nations that had previously largely controlled the disease. Congress further recognizes that the means exist to control and treat tuberculosis, and that it is therefore a major objective of the foreign assistance program to control the disease. To this end, Congress expects the agency primarily responsible for administering this part—

“(i) to coordinate with the World Health Organization, the Centers for Disease Control, the National Institutes of Health, and other organizations toward the development and implementation of a comprehensive tuberculosis control program; and

“(ii) to set as a goal the detection of at least 70 percent of the cases of infectious tuberculosis, and the cure of at least 85 percent of the cases detected, in those countries in which the agency has established development programs, by December 31, 2010.

“(B) There is authorized to be appropriated to the President, \$60,000,000 for each of the fiscal years 2001 and 2002 to be used

to carry out this paragraph. Funds appropriated under this subparagraph are authorized to remain available until expended.”.

TITLE III—ADMINISTRATIVE AUTHORITIES

SEC. 301. EFFECTIVE PROGRAM OVERSIGHT.

Section 635 of the Foreign Assistance Act of 1961 (22 U.S.C. 2395) is amended by adding at the end thereof the following new subsection:

“(1) The Administrator of the agency primarily responsible for administering part I may use funds made available under that part to provide program and management oversight for activities that are funded under that part and that are conducted in countries in which the agency does not have a field mission or office.”.

SEC. 302. TERMINATION EXPENSES.

Section 617 of the Foreign Assistance Act of 1961 (22 U.S.C. 2367) is amended to read as follows:

“SEC. 617. TERMINATION EXPENSES.

“(a) **IN GENERAL.**—Funds made available under this Act and the Arms Export Control Act, may remain available for obligation for a period not to exceed 8 months from the date of any termination of assistance under such Acts for the necessary expenses of winding up programs related to such termination and may remain available until expended. Funds obligated under the authority of such Acts prior to the effective date of the termination of assistance may remain available for expenditure for the necessary expenses of winding up programs related to such termination notwithstanding any provision of law restricting the expenditure of funds. In order to ensure the effectiveness of such assistance, such expenses for orderly termination of programs may include the obligation and expenditure of funds to complete the training or studies outside their countries of origin of students whose course of study or training program began before assistance was terminated.

“(b) **LIABILITY TO CONTRACTORS.**—For the purpose of making an equitable settlement of termination claims under extraordinary contractual relief standards, the President is authorized to adopt as a contract or other obligation of the United States Government, and assume (in whole or in part) any liabilities arising thereunder, any contract with a United States or third-country contractor that had been funded with assistance under such Acts prior to the termination of assistance.

“(c) **TERMINATION EXPENSES.**—Amounts certified as having been obligated for assistance subsequently terminated by the President, or pursuant to any provision of law, shall continue to remain available and may be reobligated to meet any necessary expenses arising from the termination of such assistance.

“(d) **GUARANTY PROGRAMS.**—Provisions of this or any other Act requiring the termination of assistance under this or any other Act shall not be construed to require the termination of guarantee commitments that were entered into prior to the effective date of the termination of assistance.

“(e) RELATION TO OTHER PROVISIONS.—Unless specifically made inapplicable by another provision of law, the provisions of this section shall be applicable to the termination of assistance pursuant to any provision of law.”.
